War and Popular Culture

This is the first comprehensive study of popular culture in twentieth-century China, and of its political impact during the Sino-Japanese War of 1937-1945 (known in China as "The War of Resistance against Japan"). Chang-tai Hung shows in compelling detail how Chinese resisters used a variety of popular cultural forms—especially dramas, cartoons, and newspapers—to reach out to the rural audience and galvanize support for the war cause. While the Nationalists used popular culture as a patriotic tool, the Communists refashioned it into a socialist propaganda instrument, creating lively symbols of peasant heroes and joyful images of village life under their rule. In the end, Hung argues, the Communists' use of popular culture contributed to their victory in revolution.

JOURNEY TO THE VERY EDGE OF HONOUR, LOYALTY...AND LOVE

Gunpowder Alchemy

In 1842, the gunpowder might of China's Qing Dynasty fell to Britain's steam engines. Furious, the Emperor ordered the death of his engineers—and killed China's best chance of fighting back... Since her father's execution eight years ago, Jin Soling kept her family from falling into poverty. But her meager savings are running out, leaving her with no choice but to sell the last of her father's possessions—her last memento of him. Only, while attempting to find a buyer, Soling is caught and brought before the Crown Prince. Unlike his father, the Emperor, the Prince knows that the only chance of expelling the English invaders is to once again unite China's cleverest minds to create fantastic weapons. He also realizes that Soling is the one person who could convince her father's former allies—many who have turned rebel—to once again work for the Empire. He promises to restore her family name if she'll help him in his cause. But after the betrayal of her family all those years ago, Soling is unsure if she can trust anyone in the Forbidden City—even if her heart is longing to believe in the engineer with a hidden past who was once meant to be her husband... Praise for Jeannie Lin and her novels "Tantalizing."—Publishers Weekly "Compelling, memorable."—Library Journal "[Lin] is an exceptional storyteller."—RT Book Reviews USA Today bestselling author Jeannie Lin grew up fascinated with stories of Western epic fantasy, Eastern martial arts adventures, and romance novels. Until he finally captures the spirited, courageous Li Feng, who makes him question everything he thought he knew about right and wrong. Soon he's faced with an impossible choice: betray the elusive sword dancer he is learning to love, or trust his long-disregarded heart and follow her to dangerous, tempting rebellion... A Glossary of Words and Phrases in the Oral Performing and Dramatic Literatures of the Jin, Yuan, and Ming

For many years, the oral performing and dramatic literatures of China from 1200 to 1600 CE were considered some of the most difficult texts in the Chinese corpus. They included ballad medleys,

comic farces, Yuan music dramas, Ming music dramas, and the novel Shuihu zhuan. The Japanese scholars who first dedicated themselves to study these works in the mid-twentieth century were considered daring. As late as 1981, no comprehensive dictionary or glossary for this literature existed in any language, Asian or Western. A Glossary of Words and Phrases fills this gap for Western readers, allowing even a relative novice who has reasonable command of Chinese to read, translate, and appreciate this great body of literature with an ease undreamed of even two decades ago. The Glossary is organized into approximately 8,000 entries based on the reading notes and glosses found in various dictionaries, thesauruses, glossaries, and editions of works from the period. Main entries are listed alphabetically in the pinyin romanization system. In addition to glosses, entries include symbolic annotations, guides to pronunciation, and text citations. The result is a broadly useful glossary serving the needs of students of this literature as well as scholars researching Jin and Yuan language and its usage.

Look for Me by Moonlight

THE NOBLEMAN WHO TURNED A TEA GIRL INTO A PRINCESS... Yan Ling tries hard to be servile-it's what's expected of a girl of her class. Being intelligent and strong-minded, she finds it a constant battle. Proud Fei Long is unimpressed by her spirit-until he realizes she's the answer to his problems. He has to deliver the emperor a "princess." In two months can he train a tea girl to pass as a noblewoman? Yet it's hard to teach good etiquette when all Fei Long wants to do is break it, by taking this tea girl for his own.... "Beautifully written, deliciously sensual and rich with Tang Dynasty historical and political detail... Exceptional." -Library Journal on *The Dragon and the Pearl*

The Rebellion Engines

War looms on the horizon. Can a young woman caught between family and country keep her loved ones alive? China, 1853. Jin Soling's divided loyalties rest on a knife's edge. Paired with Chen Chang-wei, her former betrothed, Soling works as a physician in a secret factory building automatons to march on the empire's battleground cities. Though Soling and Chang-wei's bond has grown stronger, the strain of serving a country in turmoil threatens to tear them apart. From a dangerous smuggling run in pirate-infested waters to a dramatic confrontation in the winding streets of Shanghai, Soling learns that the greatest danger might not come from foreign invaders, but from forces inside their borders. Will Soling sacrifice her life and love to an empire that has forgotten its own people? *The Rebellion Engines* is the mind-blowing conclusion to the *Gunpowder Chronicles* steampunk fantasy trilogy.

Clockwork Samurai

National bestselling author Jeannie Lin's *Gunpowder Chronicles* continue as a woman left adrift by the fall of a Dynasty attempts to reclaim her family's honor... As a physician, Jin Soling can see that the

Emperor is cracking, relying on Opium to drown his troubles. The Ch'ing Empire is failing, and war with the British is imminent, but the man to whom Soling was once engaged has a bold idea to save it. A leader within the Ministry of Engineering, Chang-wei suggests an alliance with Japan, whose scientists claim to have technical advancements that could turn the tide of the war. But Japan has kept itself in isolation for the last two hundred years, cutting all diplomatic ties with the Ch'ing Empire. Chang-wei must enter the island nation in disguise to seek an alliance—an alliance forbidden by the Japanese shogunate. Seeking to escape the politics of the imperial court, Soling arranges her own passage on the airship to Japan. But once they land, Chang-wei and Soling become targets of the shogunate's armored assassins. Caught between two empires, in a land distrustful of foreigners, the deadly war machines are the least of their worries... Includes an exclusive excerpt of *Gunpowder Alchemy*. A History of Literature in the Ming Dynasty

This book explores poems, novels, legends, operas and other genres of writing from the Ming Dynasty. It is composed of two parts: the literary history; and comprehensive reference materials based on the compilation of several chronologies. By studying individual literary works, the book analyzes the basic laws of the development of literature during the Ming Dynasty, and explores the influences of people, time, and place on literature from a sociological perspective. In turn, it conducts a contrastive analysis of Chinese and Western literature, based on similar works from the same literary genre and their creative methods. The book also investigates the relationship between literary theory and literary creation practices, including those used at various poetry schools. In closing, it studies the unique aesthetic traits of related works. Sharing valuable insights and perspectives, the book can serve as a role model for future literary history studies. It offers a unique resource for literary researchers, reference guide for students and educators, and lively read for members of the general public.

Silk, Swords and Surrender

Discover the passion and drama of Tang Dynasty China in these five tales of historical romance by the USA Today–bestselling author of *Butterfly Swords*. Jeannie Lin has won both awards and legions of fans with her tales of love and swordplay in Medieval China. In *Silk, Swords and Surrender*, five unique heroines fight, steal, and seduce their way into their heroes' hearts. This anthology combines four reader-favorite stories with an all-new novella, *The Touch of Moonlight*, which the author calls "a girl-next-door tale, Tang Dynasty-style, to counterbalance the sword fights and high drama."

The Last Mermaid

Shana Abé has entranced countless readers with her passion-filled novels of adventure, intrigue, and romance. Now the author of *The Secret Swan* delivers a gift from the sea: three hauntingly beautiful tales connected by a legend, a locket, and a love beyond time. 531 a.d.: The tiny island of Kell is said to be enchanted, inhabited by an extraordinary creature who comforts shipwrecked sailors passing into the next world. Prince Aedan of the Isles believes in no such nonsense—until he awakens on Kell itself and meets the sensuous siren who rescued him from the sea. 1721: Ronan MacMhuirich, Earl of Kell, is the target of an unlikely assassin: Leila, a mysterious woman from an exotic land. But his irresistibly beautiful would-be slayer is in just as much danger as Ronan when she falls for this man with a magic of his own. 2004: What do you do when you inherit a Scottish island you never knew existed—and find yourself pursued by a handsome stranger who wants to buy it from you? That's what happens to Ruri Kell when she accepts Iain MacInnes's invitation to visit her birthright, and listens to a proposition as sinfully tempting as everything else about him. Three seductive love stories, three passionate couples, all linked by one of the most romantic myths of all.

Chinese Esoteric Buddhism

Chinese Esoteric Buddhism is generally held to have been established as a distinct and institutionalized Buddhist school in eighth-century China by “the Three Great Masters of Kaiyuan”: Zhiyi, Vajrabodhi, and Amoghavajra. Geoffrey C. Goble provides an innovative account of the tradition's emergence that sheds new light on the structures and traditions that shaped its institutionalization. Goble focuses on Amoghavajra (704–774), contending that he was the central figure in Esoteric Buddhism's rapid rise in Tang dynasty China, and the other two “patriarchs” are known primarily through Amoghavajra's teachings and writings. He presents the scriptural, mythological, and practical aspects of Chinese Esoteric Buddhism in the eighth century and places them in the historical contexts within which Amoghavajra operated. By telling the story of Amoghavajra's rise to prominence and of Esoteric Buddhism's corresponding institutionalization in China, Goble makes the case that the evolution of this tradition was predicated on Indic scriptures and practical norms rather than being the product of conscious adaptation to a Chinese cultural environment. He demonstrates that Esoteric Buddhism was employed by Chinese rulers to defeat military and political rivals. Based on close readings of a broad range of textual sources previously untapped by English-language scholarship, this book overturns many assumptions about the origins of Chinese Esoteric Buddhism.

But it's in London's shadowy corners where she meets Cross, the brooding, mysterious bookkeeper of The Fallen Angel, London's most notorious and coveted gaming hell. He's a rogue in every sense of the word. Or is he? The heroes of the Rule of Scoundrels books will steal the hearts of their heroines and readers alike!

The Destroyer's imminent return has sent the realms into turmoil as desperate citizens seek refuge—but there's no safety to be found when demons and wraiths crawl out from the shadows. Even Koth, a northern island kingdom left untouched by the Destroyer a generation past, is besieged by terrors spawned from corrupt magics. When Lizzan leads the Kothan army against these terrors, only to see her soldiers massacred and to emerge as the only survivor, she is called a coward and a deserter. Shunned from her home, Lizzan now wanders in solitude as a mercenary for hire, until she encounters a group of warriors seeking new alliances with the northern kingdoms—a group that includes Aerax, the bastard prince of Koth, and the man who sent her into exile. Though they were childhood friends, Aerax cannot allow himself to be close to the only woman who might thwart his treacherous plan to save their island realm. But when a goddess's demand binds them together, Lizzan and Aerax must find a way to overcome their painful pasts. Or there will be no future for the western realms...
