Beneath a Horse-Thief Moon

U.S. Marshal Chase Reynolds is on a mission--to track down an escaped train robber, even if it takes him into the wilds of Canada! Hot on the outlaw's trail, he follows him into the Canadian West--and encounters more than he bargained for when he's taken prisoner by a beautiful woman. Sara Cranston is trying to hold on to her ranch that a band of outlaws is determined to steal from her. A woman alone, she's "easy pickin's"--and this ruthless crew is after more than the ranch--there's a legend of buried gold hidden somewhere on her land. Sara and Chase have a shared past--one that is full of lies and secrets...and love. Seventeen years have gone by, and the passion is still there between them--but will deceit and mistrust keep them from the happiness they both crave? Chase has a duty to bring in the outlaws, but now he must work fast to do it before they murder the woman he loves. Can he convince her the future is still theirs for the taking if they only survive to enjoy it? Anything can happen BENEATH A HORSE-THIEF MOON... I loved this heartwarming adventure from talented debut author Elizabeth Clements. --Jacquie Rogers, author of the Hearts of Owyhee series

Horsethief's Moon

The two outlaws came by stealth, looking to steal horses. They decided instead to rob the safe of the general store. Everything went right until, tired and rainsoaked, one was killed and the other captured and dead by morning.

Beneath A Desperado Moon

Deputy U.S. Marshal Josh Hunter never believed he'd see beautiful Molly Malone again--but he'd recognize her saucy smile and cinnamon eyes anywhere. Trouble was, so would Buckshot Jones, the outlaw who holds a deadly grudge against her. Molly has never forgotten that long-ago, bone-melting kiss she shared with Josh--a kiss that changed everything for her. But when she is kidnapped from the stagecoach by Buckshot's gang of cutthroats, the handsome marshal with the green eyes and killer kisses isn't around to rescue her. Josh shows up in the nick of time, claiming that he and Molly are married, but will his claim be enough to hold off the others? When an old flame from England shows up to lay claim to Josh's heart, Molly must fight for him. Can she face her tarnished past and keep his love BENEATH A DESPERADO MOON? Praise for Beneath a Horse Thief Moon This story delivered on all the emotions - laughter and swooning, sorrow and triumph. Beneath a Fugitive Moon Be prepared for twists to flip what you expect around. --Michelle Reed

It is up to India to save Jim from a dark fate, but will an old betrayal stay her hand?

The Horse Thief

From the moment he is born, Lubrin Dhu is different and his unusual talent for drawing places him even further apart. So when his tribe is conquered and Lubrin is appointed its mouthpiece, he is treated with the utmost suspicion. What is the bargain that Lubrin has struck with the enemy lord? And why does he make a horse - a huge horse, high up on the hillside, cut out of the chalk? How can this set his people free?

Sun Horse, Moon Horse

Outlaws are made, not born, and such is the case of the aged Joe Brown, AKA Einer, and his young cohort, the horse thief and possible murderer, John Paul. Under odd circumstances the two pair up to steal a large herd of Mexican horses to sell across the border. Both are unaware of a determined Texas Ranger investigating the fiery death of a brother and sister that the younger outlaw may have had a

hand in. Outlaws also have hearts and in this case, each wants the stolen horse money for the love of a woman.

Horse Thief

The big man at the window, as though fascinated by the flood of light within the room, remained for a long time staring. Finally he turned, and instantly he grappled with the smaller shadow behind him. "It is I!" whispered the Cheyenne hastily. "It is Standing Antelope. Take your hand from my throat, Thunder Moon!" He was free, and the two slipped silently through the garden, through the hedges, and back into the adjoining woods where they had left their four horses. "I, also, have seen," said the boy. "What?" asked the other. "I have seen the reason that brought you from the Suhtai and made you travel all these moons into the land of the white men. I have seen his face!" "You have seen him? Then who is he, Standing Antelope?"

Stolen Horses

A intriguing tale of métis buffalo hunts, a long-lost daughter, and a macabre secret. Big John McTavish has been hunting and trading among the métis buffalo hunters of the Red River Valley for more than thirty years. He's a trusted member of the half-breed nation, and a leader of the mixed-bloods' twice-yearly buffalo hunts. However, when he returns to the settlements in the fall of 1832 with a mountain man he's rescued from a Chippewa war party, he has no way of knowing the chain of events the outsider is about to unleash on the unsuspecting hunters, or the kind of destruction that will follow them onto the buffalo ranges that border the lonely Missouri River. Before the hunters return to their homes along the river, Big John will learn the macabre secret that has brought the trapper from the far reaches of the Rocky Mountains. He will discover a daughter he thought he'd lost forever, and relive the horror that took her away. And the métis will come to realize that if they are to survive as an independent nation, they must forever free themselves of the influence not only of the powerful Hudson Bay Company, but also of the man they have viewed as their friend for more than a quarter of a century. *Beneath a Hunter's Moon* is a novel of honor and treason, love and betrayal, but mostly it is a story about a proud and wonderful people—the métis of the Red River Valley. Skyhorse Publishing is proud to publish a broad range of books for readers interested in fiction that takes place in the old West. Westerns—books about outlaws, sheriffs, chiefs and warriors, cowboys and Indians—are a genre in which we publish regularly. Our list includes international bestselling authors like Zane Gray and Louis L'Amour, and many more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Blue Pete: Horse Thief

Longarm's about to make three kidnappers wish they'd never been born... It's sort of an unwritten code of the West—if you shoot a woman who's trying to steal your horse, you promise to find her kidnapped daughter. United States Deputy Marshal Custis Long was all set for a relaxing vacation up in the mountains, catching trout and smoking cheroots as he watched the sunset. Instead, he's startled out of his bedroll by someone trying to steal his horse. Longarm shoots first, only to discover the "thief" is actually a woman in desperate straits. After getting her help and learning that her sixteen-year-old daughter has been abducted by three men, Longarm sets off to recover the girl. But the mountains hold many surprises, and this is one rescue mission he may not return from...

Beneath a Mountain Moon

Tullis Yoder's only family consists of the horses in the small-town rodeo he works for. When he learns the horses are to be sold and slaughtered, he enlists the help of a local woman doctor and her father, a 77-year-old professional horse thief, to lead them to safety.

Moon Thief

A double-barreled collection—two of Edward D. Hoch's most ingenious creations In the headquarters of Britain's Foreign Office, a secretary spies a television actor making a copy of a top-secret key. In an island republic, an intelligence operative is murdered just minutes before exposing a Communist

mole. And in a bustling eastern city, the Cold War reaches a turning point over a piece of film the size of a pinhead. These are cases for C. Jeffery Rand, the fixer inside Britain's secret service. He is bright, ruthless, and smart enough never to be surprised by the depths to which an enemy spy might sink. Where Jeffery Rand is hard-nosed, Nick Velvet has a supple touch. A master thief, Velvet has a particular skill for stealing unusual items. Where ordinary thieves might be content with jewels or bank notes, Velvet pilfers rare tigers, water from swimming pools, and the letters on a company sign. In this collection, you will find seven stories of Rand and seven of Velvet—two brilliant men, one on either side of the law, each with a knack for doing the impossible.

Horse Thief

Markus Novak has never known the feeling of home. The child of a family of outlaws, he moves through the West town by town with his mother and two uncles, staying in a place just long enough to run a short con and move along. After one such job goes south and his mom gets locked up, Markus finds himself living in the foster care of a rancher and his wife – strangely comfortable, yet torn by loyalty to the family he's lost. To distract himself, he spends his days working the farm and his nights restoring a rusty old 1950s Chevrolet. Then he discovers a note left by his uncles in a book at a local pawn shop, and Markus learns that the men are hiding out in a mountain town outside Yellowstone. Restoring the car soon becomes his only hope of reaching them, and a dusty old manual his only hope of making it run once again.
