Organizational Design and Structure - Organizational Design and Structure by GreggU 22,032 views 5 years ago 2 minutes, 45 seconds - Designing, and redesigning the **organization**, in response to internal and external changes is a key managerial function.

Organizational design is the process of selecting and managing aspects of organizational structure and culture.

GOALS Organizational structure is the core of what coordinates, controls, and motivates employees to cooperate toward the attainment of organizational goals.

BEHAVIOR Organizational structures influence employee behavior by enabling or restricting communication, teamwork, and cooperation as well as intergroup relationships.

An organizational chart is a diagram of the chain of command and reporting relationships in a company.

An organization chart is a diagram of the chain of command and reporting relationships in a company.
