legitimate remittance network or money laundering system?

(Even More) Dirty Little Comics, Volume 4

By popular demand!! Volume 4 is the latest installment in the best selling "Dirty Little Comics" series...and includes 40 comics not included in the other volumes of this series. These are even more dirty...and fun! Tijuana Bibles were palm-sized, underground, explicit comic books. Produced in the United States, they were extremely popular in the 1920s and 30s. Most artists were unknown, as the publication of this explicit work was illegal at the time. For the first time in recent history, these obscure works are now brought back to light. Included within this collection are forty original comics and a short essay about the history of this uniquely American medium. During the Great Depression era of the 1930s, "Tijuana Bibles" were called eight-pagers, Tillie And Mac books, Jiggs and Maggie books, Jo-Jo books, bluesies, blue bibles, gray backs and two by fours. In the 1940s they were simply called "Dirty Little Comics"

Tijuana Bibles

First-ever collection of America's underground pornographic comics from the 1930s to the 1950s. Known as Tijuana Bibles, these highly explicit comic books constitute a fascinating view of the unknown, erotic America of that turbulent era. day I think these little comics are everything pornography ought to be - dirty, antisocial, funny, borderline psychotic. What an art form!' - P.J. O'Rourke 'Charming and evocative, these artefacts present a little-known cultural history' - the New Yorker

The Tijuana Bibles

Tijuana Bibles compiles the first five volumes of the extremely popular and classically titillating Eros series Tijuana Bibles (10) volumes total). This title transcends categorization ! It delivers goods and makes an excellent gift item while doubling as a historic artifact and social document ! Also a popular item in art galleries, TIJUANA BIBLES HC displays the finest reproduction of America's foremost and forgotten folk artists !!!

Ghost Omnibus Volume 4

After what seems like a lifetime trying to reconstruct the events that led to her death, Ghost finally nears the white-hot core of the truth. But like pieces of a broken window, the shards of the past can be dangerous and razor-sharp, and sometimes the truth goes deeper than anyone would want. And for the Spectral Avenger, a past revealed may mean a future destroyed. * Ghost's origin saga.

Supersex

From Superman, created in 1938, to the transmedia DC and Marvel universes of today, superheroes have always been sexy. And their sexiness has always been controversial, inspiring censorship and moral panic. Yet though it has inspired jokes and innuendos, accusations of moral depravity, and sporadic academic discourse, the topic of superhero sexuality is like superhero sexuality itself—seemingly obvious yet conspicuously absent. *Supersex: Sexuality, Fantasy, and the Superhero* is the first scholarly book specifically devoted to unpacking the superhero genre's complicated relationship with sexuality. Exploring sexual themes and imagery within mainstream comic books, television shows, and films as well as independent and explicitly pornographic productions catering to various orientations and kinks, *Supersex* offers a fresh—and lascivious—perspective on the superhero genre's historical and contemporary popularity. Across fourteen essays touching on Superman, Batman, the X-Men, and many others, Anna F. Peppard and her contributors present superhero sexuality as both dangerously exciting and excitingly dangerous, encapsulating the superhero genre's worst impulses and its most productively rebellious ones. *Supersex* argues that sex is at the heart of our fascination with superheroes, even—and sometimes especially—when the capes and tights stay on.

Dirty Little Comics: the Complete Collection

By popular demand!! Dirty Little Comics: The Complete Collection is a beautifully presented collection which includes ALL of the comics found in Volumes 1, 2, 3, 4 and 5 of the bestselling series, "Dirty Little Comics". This is the ultimate edition to make your collection complete! This book includes the 200+ comics featured in the other volumes of this series, now all in one handy dandy title...as well as a bonus gallery of additional artwork. Dirty Little Comics: The Complete Collection is now even more dirty...and fun! Tijuana Bibles were palm-sized, underground, explicit comic books. Produced in the United States, they were extremely popular in the 1920s and 30s. Most artists were unknown, as the

publication of this explicit work was illegal at the time. For the first time in recent history, these obscure works are now brought back to light. Included within this collection are over two hundred original comics and a short essay about the history of this uniquely American medium. During the Great Depression era of the 1930s, "Tijuana Bibles" were called eight-pagers, Tillie And Mac books, Jiggs and Maggie books, Jo-Jo books, bluesies, blue bibles, gray backs and two by fours. In the 1940s they were simply called "Dirty Little Comics"

Comix

While mainstream schoolboy comics have always graced the shelves of Western newsagents, there has also been an underground comics scene bubbling beneath the surface. The comix of the title emerged in 1960s America as a reaction to ultra-conservative and patriotic comics produced by the large corporations that featured characters such as Captain America and Superman. Bored with superheroes, many artists such as Robert Crumb and Gilbert Shelton produced their own pamphlets with a new and revolutionary style, freely attacking politicians, the war in Vietnam and corporate America. They found their first dedicated audience in the Flower Power generation, and having suffered badly as a result of punk, disco and big business in the 1970s, a new breed of comix has, in recent years, begun to rise from the ashes. 'Comix: The Underground Revolution' is an homage both to the motivation and the talent of the artists working then and now in the genre. Beautifully illustrated throughout with original artworks, the book graphically expresses a range of attitudes from drugs, rock 'n' roll and sex to politics, big business and women's liberation. It also features key events in the history of comix and potted biographies of the main creators.

Animated Personalities

Mickey Mouse, Betty Boop, Donald Duck, Bugs Bunny, Felix the Cat, and other beloved cartoon characters have entertained media audiences for almost a century, outliving the human stars who were once their contemporaries in studio-era Hollywood. In *Animated Personalities*, David McGowan asserts that iconic American theatrical short cartoon characters should be legitimately regarded as stars, equal to their live-action counterparts, not only because they have enjoyed long careers, but also because their star personas have been created and marketed in ways also used for cinematic celebrities. Drawing on detailed archival research, McGowan analyzes how Hollywood studios constructed and manipulated the star personas of the animated characters they owned. He shows how cartoon actors frequently kept pace with their human counterparts, granting "interviews," allowing "candid" photographs, endorsing products, and generally behaving as actual actors did—for example, Donald Duck served his country during World War II, and Mickey Mouse was even embroiled in scandal. Challenging the notion that studios needed actors with physical bodies and real off-screen lives to create stars, McGowan demonstrates that media texts have successfully articulated an off-screen existence for animated characters. Following cartoon stars from silent movies to contemporary film and television, this groundbreaking book broadens the scope of star studies to include animation, concluding with provocative questions about the nature of stardom in an age of digitally enhanced filmmaking technologies.

We Told You So

In 1976, a fledgling magazine held forth the idea that comics could be art. In 2016, comics intended for an adult readership are reviewed favorably in the *New York Times*, enjoy panels devoted to them at Book Expo America, and sell in bookstores comparable to prose efforts of similar weight and intent. *We Told You So: Comics as Art* is an oral history about Fantagraphics Books' key role in helping build and shape an art movement around a discredited, ignored and fading expression of Americana. It includes appearances by Chris Ware, Art Spiegelman, Harlan Ellison, Stan Lee, Daniel Clowes, Frank Miller, and more.

The Routledge Companion to Gender, Sex and Latin American Culture

The *Routledge Companion to Gender, Sex and Latin American Culture* is the first comprehensive volume to explore the intersections between gender, sexuality, and the creation, consumption, and interpretation of popular culture in the Américas. The chapters seek to enrich our understanding of the role of pop culture in the everyday lives of its creators and consumers, primarily in the 20th and 21st centuries. They reveal how popular culture expresses the historical, social, cultural, and political commonalities that have shaped the lives of peoples that make up the Américas, and also highlight how

pop culture can conform to and solidify existing social hierarchies, whilst on other occasions contest and resist the status quo. Front and center in this collection are issues of gender and sexuality, making visible the ways in which subjects who inhabit intersectional identities (sex, gender, race, class) are "othered"

Mitch O'Connell

A collection of the best works from pop artist Mitch O'Conner this book has a little bit of everything from fine art to tattoo flash work. Along with the artwork the book also details the artist life.

Henry Speaks for Himself

What is it about odd-looking comic strip characters that catch the public's attention? Carl Anderson's classic comic strip character Henry was certainly not your average-looking youngster, with knobby knees, a pencil neck, and a bulbous, bald head but, for years, he entertained millions of readers worldwide with his pantomime pranks. He was also the subject of a long-running comic book series, with one significant difference from the newspaper strip – in the comic books, Henry spoke! Written and drawn by John Liney, who also handled art chores on the daily Henry strip, these stories were done in a Tintin-esque clean-line art style that made them attractive to the younger set, but with writing clever enough to cause the adults to chuckle while reading to their children. These 1940s-'50s stories have never before been reprinted, and this collection provides a long-overdue look at a forgotten "kid's comic" masterpiece.

Erotic Comics 2

For over four decades, erotic comics have flourished around the world. *Erotic Comics 2* examines how this budding art form exploded from the California comix scene to become an international publishing phenomenon. Beginning with an exploration of newly liberated American artists in the '70s, this overview examines the gay and lesbian comics scene, current artists and publishers in Europe, and Japanese erotica. After delving into the sexual mores of Japanese Hentai: from tentacle sex to Yaoi, the book looks to the future, where erotic comic creators are sidestepping legal issues by producing work solely for the Internet. Filled with rarely seen art from international forerunners such as Dave Stevens, Jordi Bennet, Frank Thorne, Tom of Finland, Ralf Kšnig, and Milo Manara, *Erotic Comics 2* is perfect for fans of adult comics, art history, and erotic illustration. As Alan Moore urges in his foreword: "Absorb the contents of this book, and do so shamelessly."

I'm Just a Comic Book Boy

Comics and the punk movement are inextricably linked--each has a foundational do-it-yourself ethos and a nonconformist spirit defiant of authority. This collection of new essays provides for the first time a thorough analysis of the intersections between comics and punk. The contributors expand the discussion beyond the familiar U.S. and UK scenes to include the influence punk has had on comics produced in other countries, such as Spain and Turkey.

Comics through Time [4 volumes]

Focusing especially on American comic books and graphic novels from the 1930s to the present, this massive four-volume work provides a colorful yet authoritative source on the entire history of the comics medium. Comics and graphic novels have recently become big business, serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama *The Walking Dead*. But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s, which prohibited the depiction of zombies and use of the word "horror," among many other rules. *Comics through Time: A History of Icons, Idols, and Ideas* provides students and general readers a one-stop resource for researching topics, genres, works, and artists of comic books, comic strips, and graphic novels. The comprehensive and broad coverage of this set is organized chronologically by volume. Volume 1 covers 1960 and earlier; Volume 2 covers 1960–1980; Volume 3 covers 1980–1995; and Volume 4 covers 1995 to the present. The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history. The alphabetically arranged entries in each volume address topics such as comics publishing, characters, imprints, genres, themes, titles, artists, writers, and more. While special attention is paid to American comics, the entries also include coverage of

British, Japanese, and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers.

Why Comics?

A New York Times Notable Book Filled with beautiful color art, dynamic storytelling, and insightful analysis, Hillary Chute reveals what makes one of the most critically acclaimed and popular art forms so unique and appealing, and how it got that way. "In her wonderful book, Hillary Chute suggests that we're in a blooming, expanding era of the art... Chute's often lovely, sensitive discussions of individual expression in independent comics seem so right and true." — New York Times Book Review Over the past century, fans have elevated comics from the back pages of newspapers into one of our most celebrated forms of culture, from *Fun Home*, the Tony Award-winning musical based on Alison Bechdel's groundbreaking graphic memoir, to the dozens of superhero films that are annual blockbusters worldwide. What is the essence of comics' appeal? What does this art form do that others can't? Whether you've read every comic you can get your hands on or you're just starting your journey, *Why Comics?* has something for you. Author Hillary Chute chronicles comics culture, explaining underground comics (also known as "comix") and graphic novels, analyzing their evolution, and offering fascinating portraits of the creative men and women behind them. Chute reveals why these works—a blend of concise words and striking visuals—are an extraordinarily powerful form of expression that stimulates us intellectually and emotionally. Focusing on ten major themes—disaster, superheroes, sex, the suburbs, cities, punk, illness and disability, girls, war, and queerness—Chute explains how comics get their messages across more effectively than any other form. "Why Disaster?" explores how comics are uniquely suited to convey the scale and disorientation of calamity, from Art Spiegelman's representation of the Holocaust and 9/11 to Keiji Nakazawa's focus on Hiroshima. "Why the Suburbs?" examines how the work of Chris Ware and Charles Burns illustrates the quiet joys and struggles of suburban existence; and "Why Punk?" delves into how comics inspire and reflect the punk movement's DIY aesthetics—giving birth to a democratic medium increasingly embraced by some of today's most significant artists. Featuring full-color reproductions of more than one hundred essential pages and panels, including some famous but never-before-reprinted images from comics legends, *Why Comics?* is an indispensable guide that offers a deep understanding of this influential art form and its masters.

Tijuana Bibles

Indexes several works of 8-pager reprints and a few individual original printings as held by the Michigan State University Libraries.

Tijuana Bibles

Aboveground for the First Time! As wry and raunchy as the subject it celebrates, this inspired volume introduces a new generation to the Tijuana Bibles, underground comic art from the 1930s, 1940s, and 1950s devoted to making sexual mockery of every sacred cow in the pasture. Folk art with a subversive edge, the Bibles are unveiled here with a hundred life-size reproductions.

Treasury of Mini Comics

On a weeklong outing in Mt. Hood National Forest, what begins as a flirty, fun-filled trip soon turns into a nightmare, when an ape-like creature kidnaps a group of teen girls with the purpose of procreating with them. Thus begins the erotic adventure of a lifetime, and an inconceivable love story between a young woman and her horny Sasquatch. "Right mix of horror and erotica" - Scarlett Jones. "If you like a skillfully developed group of characters, a descriptive setting, and a plot that actually has you rooting for the characters, you'll like this read." - Natalia Darque, author of *Breeding Mom and Daughter* and *Breeding the Millionaire* "...the abduction of the three girls by an old woman and her "son" leonard the bigfoot is treated like hostel; where the porn world meets the horror world. and it's not at all bad." - Karen Woodside, NY "I'm completely hooked on this series." - Katie Cramer, author of *What Money Can Buy* and *Loving The Alien* (Sci-Fi Tentacle Sex Erotica) (Quick and Dirty Reads)

Cum For Bigfoot

Reviews and analyses of over 5000 titles from the 1930s to date. ... Every comic of note from the past fifty years is included in this comprehensive guide to American comics. From the underground to children's comics, autobiography to fantasy.

The Slings & Arrows Comic Guide

The sweeping story of cartoons, comic strips, and graphic novels and their hold on the American imagination. Comics have conquered America. From our multiplexes, where Marvel and DC movies reign supreme, to our television screens, where comics-based shows like *The Walking Dead* have become among the most popular in cable history, to convention halls, best-seller lists, Pulitzer Prize-winning titles, and MacArthur Fellowship recipients, comics shape American culture, in ways high and low, superficial, and deeply profound. In *American Comics*, Columbia professor Jeremy Dauber takes readers through their incredible but little-known history, starting with the Civil War and cartoonist Thomas Nast, creator of the lasting and iconic images of Uncle Sam and Santa Claus; the golden age of newspaper comic strips and the first great superhero boom; the moral panic of the Eisenhower era, the Marvel Comics revolution, and the underground comix movement of the 1960s and '70s; and finally into the twenty-first century, taking in the grim and gritty Dark Knights and *Watchmen* alongside the brilliant rise of the graphic novel by acclaimed practitioners like Art Spiegelman and Alison Bechdel. Dauber's story shows not only how comics have changed over the decades but how American politics and culture have changed them. Throughout, he describes the origins of beloved comics, champions neglected masterpieces, and argues that we can understand how America sees itself through whose stories comics tell. Striking and revelatory, *American Comics* is a rich chronicle of the last 150 years of American history through the lens of its comic strips, political cartoons, superheroes, graphic novels, and more. **FEATURING...** • American Splendor • Archie • The Avengers • Kyle Baker • Batman • C. Erotic Comics

Small Favors, the critically-acclaimed girly porno comic by Eisner award-winning cartoonist Colleen Coover, is back in print in a deluxe hardcover edition! Join Annie and her tiny taskmaster Nibbil in fun, erotic adventures sure to make you blush. This omnibus edition will include volumes one and two of Small Favors, the never-before-collected color special, behind-the-scenes materials, and a brand-new introduction.

The Cannabis Cookbook

Cartoonist Meredith McClaren (Hinges) tells five short, sexy stories featuring superheroes, supervillains, sidekicks, and the people who love them. Showing consent and character-driven erotic relationships, *Super Fun Sexy Times* answers the age-old question: what happens when the mask comes off? Two sidekicks on opposite sides get stuck in an underground lab together, and find a great way to pass the time. A tactician and superhero discuss their desires, limits, and kinks before their first time, and perhaps get a little too excited in the process. A pair of supervillains explore gender and sex together, while growing closer in their relationship. Lesbian heroes try out a kinky roleplaying scenario, and discover how to make it work for both of them. And an exhausted assassin relaxes after a long day with the kind (yet firm) attentions of his husband. Told with care, sex-positivity, and humor, and featuring a wide variety of sexualities and bodies, *Super Fun Sexy Times* aims to create an erotic reading experience that lives up to its name!

Small Favors

This edition adds more than 700 new entries and many new illustrations; corrects and brings up to date the entries of the work of others; and brings the vocabulary and theory of bookselling and collecting into the modern commercial and academic world, which has been forced to adjust to a new reality thanks to worldwide medical and economic concerns

Super Fun Sexy Times Vol. 1

This book includes all of the cartoonist's work from Zap Comix #12 through #15; stories published in the horror anthology *Taboo*; the three appearances of his outrageous, race-bending character Meadows from *Weirdo*; illustrations for Grimm and Andersen fairy tales; as well as book jackets and album covers. Plus, dozens of privately commissioned paintings, including the Seven Deadly Sins (Just Say Yes!) and inner landscapes peopled with pirates, ogres, leprechauns, Cyclops, the Baby Jesus, and his favorites players, Captain Pissgums, Star-Eyed Stella, and the Checkered Demon. It also includes an even score of remarkably rendered paintings, both unpublished and virtually unseen, that he created between the 2006 publication of *The Art of S. Clay Wilson* and *The Night the Lights Went Out* in 2008, when Wilson's career spiraled out of control.

The Dictionary of the Book

From Kem Nunn, the National Book Award-nominated author of *Tapping the Source* and *The Dogs of Winter*, comes an exquisitely written tale of loss and redemption. Nunn renders the dangerous beaches and waters of California's borderland as only the critically acclaimed poet laureate of surf noir can, and Tijuana Straits confirms his reputation as a master of suspense and a novelist of the first rank. When

Fahey, once a great surfer, now a reclusive ex-con, meets Magdalena, she is running from a pack of wild dogs along the ragged wasteland where California and Mexico meet the Pacific Ocean -- a spot once known to the men who rode its giant waves as the Tijuana Straits. Magdalena has barely survived an attack that forced her to flee Tijuana, and Fahey takes her in. That he is willing to do so runs contrary to his every instinct, for Fahey is done with the world, seeking little more than solitude from this all-but-forgotten corner of the Golden State. Nor is Fahey a stranger to the lawless ways of the border. He worries that in sheltering this woman he may not only be inviting further entanglements but may be placing them both at risk. In this, he is not wrong. An environmental activist, Magdalena has become engaged in the struggle for the health and rights of the thousands of peasants streaming from Mexico's enervated heartland to work in the maquiladoras -- the foreign-owned factories that line her country's border, polluting its air and fouling its rivers. It is a risky contest. Danger can come from many directions, from government officials paid to preserve the status quo to thugs hired to intimidate reformers. As Magdalena and Fahey become closer, Magdalena tries to discover who is out to get her, attempting to reconstruct the events that delivered her, battered and confused, into Fahey's strange yet oddly seductive world. She examines every lead, never guessing the truth. For into this no-man's-land between two countries comes a trio of killers led by Armando Santoya, a man beset by personal tragedy, an aberration born of the very conditions Magdalena has dedicated her life to fight against, yet who in the throes of his own drug-fueled confusions has marked her for death. And so will Fahey be put to the test, in a final duel on the beaches of his Tijuana Straits.

Belgian Lace from Hell

Between 1900 and 1945, Britain and its empire experienced significant technological and social changes that altered its media and entertainment landscape. One aspect of British culture that underwent these changes was pornography. While illegal and socially reviled, the pornography trade adapted and flourished during this period. In *The Thorny Path* Jamie Stoops situates changes within the pornography trade in the context of an increasingly transnational world. Those who traded in pornography circled the globe, journeying from Britain to its colonies, from colonial holdings to continental Europe, from Europe to North America. In the process, pornographers and their customers developed new vocabularies and norms with which to negotiate their trade. Based on extensive archival research, this book grounds questions of transnationalism and heteronormativity in the day-to-day lives of low-level pornographers and consumers. Stoops's focus on street-level interactions within the trade is balanced with an analysis of state policies, legal regulations, and debates about obscenity, illustrating the interplay between enforcers of mainstream moral standards and those who represented deviant sexual practices. Raising questions of queerness and sexual normativity, *The Thorny Path* links these issues to contemporary conversations about pornography, obscenity, and sexuality. It offers timely historical context for current and vibrant debates surrounding marginalized sexualities, gender roles, and pornography in a time of rapid technological and social change.

Tijuana Straits

In the depths of the Depression, out of the crowded tenements of New York and Cleveland, the comic book superhero leapt into being. Out of a mix of geekiness, science fiction, and outsider yearning, a crew of young men from working-class Jewish neighbourhoods and shady backgrounds created a series of blue-eyed, chisel-nosed crime fighters and adventurers who quickly captured the imaginations of young and old. Within a few years their creations had spawned a new genre that still dominates youth entertainment seventy years later. Gerard Jones draws on exhaustive research to portray how the immigrant experience and an outsider mentality shaped the vision of the make-believe hero, while a bizarre melting-pot of left-wing politics, mob money and the worlds of soft-porn and detective magazines contributed to the publishing world that produced the comics and brought them to millions. He chronicles how the success of the comics provoked a backlash that nearly destroyed the industry in the 1950s, and how later they surged back, inspiring a new generation to transmute pre-war fantasies into art, literature, blockbuster movies and graphic novels. *Men of Tomorrow* rivetingly demonstrates how the creators of the superheroes established their crucial place in the modern imagination.

The Thorny Path

Profound analysis of French comics through a postcolonial lens Postcolonialism and migration are major themes in contemporary French comics and have roots in the Algerian War (1954–62), antiracist struggle, and mass migration to France. This volume studies comics from the end of the formal dis-

mantling of French colonial empire in 1962 up to the present. French cartoonists of ethnic-minority and immigrant heritage are a major focus, including Zeina Abirached (Lebanon), Yvan Alagbé (Benin), Baru (Italy), Enki Bilal (former Yugoslavia), Farid Boudjellal (Algeria and Armenia), José Jover (Spain), Larbi Mechkour (Algeria), and Roland Monpierre (Guadeloupe). The author analyzes comics representing a gamut of perspectives on immigration and postcolonial ethnic minorities, ranging from staunch defense to violent rejection. Individual chapters are dedicated to specific artists, artistic collectives, comics, or themes, including avant-gardism, undocumented migrants in comics, and racism in far-right comics.

Men of Tomorrow

The Complete Dirty Laundry Comics collects the two issues of Dirty Laundry Comics as well as other comics that were collaborations between Robert Crumb and his wife Aline Kominsky-Crumb. Against the backdrop of the wild 1970s, the Crumbs appear as themselves in autobiographical vignettes. They wander through various situations ranging from the banal (Aline complaining that she doesn't draw as well as Robert) to the extreme (Robert shoving Aline's face into a pool of vomit). While both of these artists share an almost unrelenting frankness, they each have unique personalities and art styles.

Postcolonialism and Migration in French Comics

Head back to the universe of Batman: The Animated Series in Batman and Harley Quinn! Harley Quinn's name has always been synonymous with The Joker. The wacky duo has wreaked havoc upon the streets of Gotham as the Clown Prince and Princess of Crime, and caused mayhem together while truly, deeply, madly in love. But when The Joker pushes Harley's buttons, she rats him out to Batman himself! Before Batman can haul Harley off to Arkham Asylum, her best friend Poison Ivy swoops in and rescues her. Harley and Ivy soon begin a plot of their own against Batman. Harley just wants to have a little fun while she and Ivy scheme against Bats...but all-business Ivy isn't having it. Harley sets out to prove that she's more than Mistah J's henchwoman and Ivy's lackey. Can Harley make a name for herself and prove that she's no one's sidekick? Featuring stories by author Ty Templeton (Batman and Robin Adventures) and Rick Burchett (Batman Adventures). Collects Batman and Harley Quinn chapters #1-7 and Harley Quinn and Batman chapters #1-5
