Simple Sermons for Funeral Services

An affordable collection of simple sermons to help busy pastors prepare biblical messages for funerals.

Sermon Outlines for Funerals 2

For most of us, one of the most rewarding, yet difficult tasks, is preparing messages to preach and teach. We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible. May God Bless You as You Share His Word!

The Funeral Sermon on the Death of Rev. Spencer Houghton Cone, D.D., Late Pastor of the First Baptist Church, New York

With the sensitivity born of time and experience, Charles Hoffacker presents an unusually warm and caring approach to preaching at a pivotal transition in human life, one which goes to the very heart of the Good News of Jesus Christ. Hoffacker teaches the reader, whether a seasoned preacher or a novice homilist, to find the key to unlocking the mystery of Jesus' promise of eternal life in a mortal life now ended.

52 Funeral Sermons

The busy pastor, Bible student, or teacher will find many "seeds" in these outlines that can lead to sermons or lessons filled with a deeper understanding of the truth of God's Word. They are expository in nature, allowing the passage to speak for itself.

Matter of Life and Death

A step-by-step description of crafting a funeral homily. Included are sample sermons and canticle and music suggestions to aid in planning the entire funeral service.

Simple Sermons for Funeral Services

One of the most difficult tasks that may confront a pastor is the preaching of a funeral homily. What are the words that will provide comfort and encouragement to the family and friends of the deceased? What words will be faithful to the message of the gospel and the community of faith? William Powell Tuck, author of the practical guide to preaching, *Overcoming Sermon Block* and *Holidays, Holy Days, and Special Days* draws on his years of experience, training, and teaching to provide some examples of funeral homilies that can help young pastors to prepare for everything from joyful celebrations of a long life well lived to the memory of life tragically shortened. But this book is not just useful for pastors. Reading these homilies will provide you with insight into understanding grief. Whether you are dealing with loss yourself, or looking for ways to help friends or family, you will find insights and encouragement in the homilies in this book.

Funeral Sermon Outlines 2s

Father Bill Bausch's homilies are always outstanding. He brings a deep pastoral presence and much thought and preparation to each of them. This has never been more evident than here in this book of funeral homilies. Each is crafted to reflect the person remembered as well as the message of Scripture. Each reflects the communal nature of a Catholic funeral and is sensitive to the status of the mourners: non-Catholics, lapsed Catholics, faithful parishioners, relatives, and friends. Father Bill's words are faith-filled and compassionate, comforting and challenging, communal and personal. He regards the

funeral liturgy as one of the greatest teachable moments the Church offers and here this is very evident. Highly recommended for all priests, deacons, and preachers. Book jacket.

A Positive Word for Christian Lamenting:

In this well-researched work, Dr Albín Masarik explores various features of funeral sermons arising from their unique context and homiletic process. While funeral sermons are an important element in pastoral care of churches and the wider community, theological reflection of this weighty responsibility can be hard to find. Addressing the definition of a funeral sermon, their categorization, purpose and context, this book brings clarity to inform the exercise of preaching a funeral sermon
