The Black Mind

The Osha examines a religion (not a cult) practiced by hundreds of thousands of people in different countries. The Osha provides the stories, history, types and manner of divination, the procedures of vestment, names of the deities and everything which is part of the Yoruba/Santeria religion.

The Osha

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Three Yoruba Plays

Senkatana is a tragic play adapted from Sotho folk narrative. The play is regarded as a classic of Sesotho literature. Seen as one of the greatest essayists and dramatists writing in Southern Sotho, Senkatana was Mofokeng's first book, published in 1952 in the African (then Bantu) Treasury Series, an imprint of Witwatersrand University Press.

Household Words

"Based on the ancient myth of Moremi, the Ife queen who infiltrated the enemy camp to ensure her people's triumph, Morountodun brilliantly brings the story up to date. No More The Wasted Breed and Red is the Freedom Road complete a collection by one of Nigeria's best-known playwrights."--Page 4 of cover

Achtung-Panzer!

Oyekan Owomoyela, the late Ryan Professor of African literatures at the University of Nebraska-Lincoln, was a leading scholar in the field of African literature and a foremost authority on Yoruban traditional literary forms in particular. Consisting of 27 scholarly essays covering Owomoyela's work, this illuminating collection honours his life's work. The contributors are all noted scholars and represent

a comprehensive cross-section of the humanities, offering fresh, multi-disciplinary interpretations of the Yoruban cultural experience.

Senkatana

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

Morountodun and Other Plays

This book contains the essential evidence behind Independent Counsel Kenneth W. Starr's report to Congress. Included is previously secret testimony by President Clinton and Monica Lewinsky, as well as supporting documents assembled by Starr to prove his case, with private e-mails, the FBI's test report on Lewinsky's dress, and a previously undisclosed Lewinsky diary. Also included is analysis and reporting by the Pulitzer Prize-winning staff of *The Washington Post*.

Yoruba Fiction, Orature, and Culture

Without deifying its subject, this biography looks at the life of Nelson Mandela, placing his awe-inspiring political accomplishments into historical context for young readers.

Upper Primary Illustrated Dictionary for Swaziland

This book is in great demand by baseball enthusiasts. Having been connected with every department of the game from player to magnate, Mr. Spalding has contributed a very important work to the game's history. As the invincible pitcher of the Boston Club, previous to the formation of the National League, his book of so many pages is an interesting record of events dating from the beginning of the great American pastime. It is not exactly a history of the game, but deals largely with incidents during the author's career, who was a player in the late 1860s and early 1870s, and helped organize the National League in 1876. One chapter, devoted to sundry topics, gives an account of the sale of the immortal "King Kelly," the original "\$10,000 beauty," by Chicago to the Boston Club in the late 1880s. Other Chapters are devoted to the literature of the game, quoting several instances of the baseball paragrapher's art and also specimens of the distinct poetry of the pastime, of which "Casey at the Bat" is probably the most widely known. The Cincinnati Red Stockings Mr. Spalding gives credit as being the pioneer professional organization. It was not, however, until 1871 that professional baseball playing, as recognized today, was instituted. Mr. Spalding shows how cricket could not do for Americans. He says it is suitable for the British temperament, but not for the Yankee hustling spirit. He also tells how he worked into the game through a one-handed catch when a small boy. To lovers of baseball, whose name is legion, and whose number increases yearly, this book comprises in itself a whole library of useful information.

Yvain

A dictionary containing over 2,000 terms and concepts related to botany.

The Starr Evidence

Chaka is a genuine masterpiece that represents one of the earliest major contributions of black Africa to the corpus of modern world literature. Mofolos fictionalized life-story account of Chaka (Shaka), translated from Sesotho by D. P. Kunene, begins with the future Zulu king's birth followed by the unwarranted taunts and abuse he receives during childhood and adolescence. The author manipulates events leading to Chaka's status of great Zulu warrior, conqueror, and king to emphasize classic tragedy's psychological themes of ambition and power, cruelty, and ultimate ruin. Mofolos clever nods to the supernatural add symbolic value. Kunene's fine translation renders the dramatic and tragic tensions

in Mofolos tale palpable as the richness of the authors own culture is revealed. A substantial introduction by the translator provides valuable context for modern readers.

Tree Shaker

Illustrated in rich pastels, this child's-eye view of an important milestone in South African history allows young readers to experience every detail of this eventful day.

Europe and the World in European Historiography

My name is Ashlee. I am a victim of murder. Through a series of events and by two shots of a gun, I was made a widow at the age of 28, with my youngest child just six weeks old. I am a victim of infidelity. I have felt unlovable. I have felt rejected. I have had days in my life when I wasn't sure if I would ever take a breath again, let alone be able to raise my five children by myself. I have lived in fear. I have felt much heartache. I have felt truly broken to my core. I have carried some heavy burdens...not only of my own, but burdens put upon my shoulders by the death of my husband. I have felt alone. I have felt humiliated. I have been humbled to my knees. I have searched my soul to find my worth in this world, and in the life that was left for me. My world has been totally shattered. I have faced realities I never knew were possible, and found strength within myself to keep up the fight and live every day as if it was on purpose. I have been carried by Angels...both earthly beings and those unseen. I have found that being a "victim" doesn't mean we have an excuse to stop living. Being a victim means finding a reason for seeking a higher road. I have picked up the pieces left and carried on. I am a mother. We are survivors. In one way or another, we are all victims. There are times in our lives when we are forced to question who we are at our core. When we are presented with a path...we can go this way or we can choose that way. For some, this moment comes when the one person whom we love the most decides we are not enough. This person leave us-at a most vulnerable moment-alone to search within ourselves for who we really are. We are left trying to find who it is that was left behind. Sometimes the person we love dies. Sometimes it is merely an internal battle we are facing...all alone inside our minds. Whatever the situation and wherever you have been...you have been hurt. You have felt alone. You have been abandoned, either by your parents, your lover, your friends, complete strangers, or even yourself. We have all been at that crossroad where all we have left is ourselves. Sometimes these moments of lows have brought you to your knees and caused you to reflect and ponder your relationship with God...and other times they have made you question if He is even there, or if He knows you are alone. Whatever that moment has been for you, it is personal and real. It has defined and refined who you are, who you think you were, and who you want to become. This is my story...the defining moments that have truly brought me to my knees, the times when I've questioned to my core my very existence, and the experiences I've had that have shown me who I really am and who my Heavenly Father still needs me to become. The night of my husband's death was my darkest hour, but also the very moment when I saw firsthand that my Heavenly Father sent Angels on errands for me. He carried me. It was the hour when all my fears and all the pain of this world collided together and He was there...putting back together all the pieces, one step at a time.

Destiny in Rome

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

America's National Game

To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and

deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.

The Facts on File Dictionary of Botany

This novel set in apartheid-era rural South Africa follows an urban swindler as he attempts to take advantage of well-meaning but naive villagers, claiming to be on a mission of salvation-but in truth looking for instant riches. Both hilarious and tender, it explores the fateful confrontation between pastoral benevolence and urban slyness in a peasant countryside that is being destroyed by the rapid loss of land and liberties.

Sudanese Memoirs

Laliberte means freedom in French, but Laliberte gives freedom new meaning. This title takes you inside Laliberte's world, followed by over-the-top partying by night. It lets you experience relentless drive of this visionary, his passion for life, the Cirque, and women.

Chaka

Perspectives on Discourse Analysis: Theory and Practice provides the student/reader with the basic theoretical knowledge and the empirical tools of some of the most relevant approaches to the analysis of discourse. It has been mainly conceived of as a general (university) course on Discourse Analysis, but it can also be useful for any person or group whose main concern is to acquire the basic necessary knowledge and skills for analyzing any type of discourse. The subject matter of the book could not only be of use for linguists or prospective linguists: given its interdisciplinary character, its findings can be (and in fact are) used and applied by practitioners and scholars from different fields, such as sociology, psychology, medical science, computer science, and so on. Thus the book can be used by any person who, having certain linguistic knowledge, is interested in exploring the fascinating world of discourse. All the chapters contain both a theoretical and an empirical section, the latter containing examples of analysis, as well as exercises (Practice) and self-evaluation questions, whose answers can be found at the end of the book (in the Practice key and Key to self-evaluation questions sections). The book is divided into 12 chapters. The first two introduce basic information about discourse analysis and text linguistics, as well as the necessary techniques for gathering data, including a very brief introduction to corpus linguistics. Chapters 3-11 present and discuss some of the most prominent and well-known approaches to discourse analysis, namely Pragmatics, Interactional Sociolinguistics, Conversation Analysis, The Ethnography of Communication, Variation Analysis and Narrative Analysis, Functional Sentence Perspective, Post-Structuralist Theory and Social Theory, Critical Discourse Analysis and Positive Discourse Analysis, and Mediated Discourse Analysis. Finally, Chapter 12 deals with crucial and further issues, such as the type of discourse chosen for the analysis, the strategies and functions of discourse, or the problem of choosing an appropriate unit of analysis which will suit the aims of research. Perspectives on Discourse Analysis: Theory and Practice may prove of value to all those who are professionally involved in the area of discourse and pragmatic studies, or simply to those who wish to acquire the necessary basic knowledge and techniques for analyzing any type of discourse, from medical, journalistic or political discourse to computer-mediated, humoristic, or hegemonic discourse (where the use and abuse of power is an important issue), just to name a few of the innumerable possibilities. A desirable and intended effect of this book is also the development of an open and tolerant mind, which will eventually lead to a better understanding of the different and varied manifestations of language, culture and communication in human society.

Sources of Yoruba History

Pelong ya Ka, a collection of essays and sketches in Sotho was first published in 1962 in the Bantu Treasury Series imprint of Witwatersrand University Press. S. Machabe Mofokeng is regarded as one of the greatest essayist and dramatist in Southern Sotho. His first book, Senkatana (a play) was published in 1952. Pelong ya Ka comprises 20 essays which range from meditative, descriptive, and narrative to polemic style, with the tone of voice characterised by melancholy, humour, and satire. The essays span over a wide range of themes, as suggested by their titles, e.g. Pelo (The heart), Bodutu ('Solitude'), Death ('Lefu'), Nako ('Time'), Pampiri ('Paper'), Ho kganna mmotokara ('Driving an automobile'), Sepetlele ('Hospital'), Lenyalo ('Matromony'), and Boqheku ('Old age'). Nhlanhla Maake says of this collection "Mofokeng's essays fuse simplicity with dept." Pelong ya Ka is part of the African Treasury Series published by Wits University Press.

The Day Gogo Went to Vote

Finally, Lonely Planet has made the Atlas kids have been waiting for! With 160 pages of illustrated maps, engaging infographics, mind-blowing photography and a large dose of humour, this is the atlas that shows kids aged 8 and up what the world is really like.

The Moments We Stand

Joe Fernwright works as a pot-healer, a repairer of ceramics, in a dull future where there isn't much call for his skills. He's broke and bored when the offer from the Glimmung comes along. It might just be the answer to both his financial and spiritual problems, even if it does mean working on a strange project on Plowman's Planet with other assorted odd creatures. The only thing is that the Glimmung may just be divine and ask for more than Joe's commitment to the job . . .

Christian Giving

THE STORY: Growing up in an impoverished family in the Bronx, Moss Hart dreamed of being part of the glamorous world of the theatre. Forced to drop out of school at age thirteen, Hart's famous memoir Act One is a classic Hortatio Alger story that plots Hart's unlikely collaboration with the legendary playwright George S. Kaufman. Tony Award-winning writer and director James Lapine has adapted Act One for the stage, creating a funny, heartbreaking, and suspenseful play that celebrates the making of a playwright and his play Once in a Lifetime. ACT ONE offers great fun to a director to utilize over fifty roles, which can be played by a cast as few as twelve, and in a production that can be done as simply or elaborately as desired.

Ifism

In Radio Free Albemuth, his last novel, Philip K. Dick morphed and recombined themes that had informed his fiction from A Scanner Darkly to VALIS and produced a wild, impassioned work that reads like a visionary alternate history of the United States. Agonizingly suspenseful, darkly hilarious, and filled with enough conspiracy theories to thrill the most hardened paranoid, Radio Free Albemuth is proof of Dick's stature as our century's greatest science fiction writer.

Myths of the Norsemen

"The great Norse sagas, full of adventures, magic and heroic deeds."--Cover.

Myths of the Norsemen

A retelling of the Norse sagas about Odin, Freya, Thor, Loki and the other gods and goddesses who lived in Asgard before the dawn of history.

Myths of the Norsemen

A retelling of the Norse sagas about Odin, Freya, Thor, Loki and the other gods and goddesses who lived in Asgard before the dawn of history.

The Saga of Asgard

This book showcases the variety and vitality of contemporary scholarship on Old Norse and related medieval literatures and their modern afterlives. The volume features original new work on Old Norse poetry and saga, other languages and literatures of medieval north-western Europe, and the afterlife of Old Norse in modern English literature. Demonstrating the lively state of contemporary research on Old Norse and related subjects, this collection celebrates Heather O'Donoghue's extraordinary and enduring influence on the field, as manifested in the wide-ranging and innovative research of her former students and colleagues.

Myths of the Norsemen

This awe-inspiring collection brings together the complete mythologies of the Norse peoples, from the story of Brunhild to the tricks of Loki. Guerber's prose beautifully captures the spirit, humor and romance of these stories and are perfect for anyone wanting an excellent grounding in the Norse

myths. A chapter comparing Norse mythology with Greek mythology is a fascinating additional draw to this edition. Evoking a land of gods, giants, elves and dwarves, *Myths of the Norsemen* will enthrall anyone interested in the legends of the Nordic countries. ABOUT THE SERIES: *Arcturus Classic Myths and Legends* brings together beautiful retellings of mythologies from different traditions, from Celtic to Native American.

The Medieval North and Its Afterlife

The Booker Prize-winning author of *Possession* breathes life into the Ragnarok myth through the novel of a young British girl during World War II. *Ragnarok* retells the finale of Norse mythology: a story of the destruction of life on this planet and the end of the gods themselves. What more relevant myth could any modern writer choose? As the bombs of the Blitz rain down on Britain, one young girl is evacuated to the countryside. She is struggling to make sense of her new wartime life. Then she is given a copy of *Asgard and the Gods*—a book of ancient Norse myths—and her inner and outer worlds are transformed. War, natural disaster, reckless gods, and the recognition of impermanence in the world are just some of the threads that A.S. Byatt weaves into this most timely of books. Linguistically stunning and imaginatively abundant, this is a landmark. A *Globe and Mail* (Toronto) Best Book “A gorgeous, brilliant, and significant performance.” —Booklist, starred review “Byatt’s prose is majestic, the lush descriptive passages—jewelled one minute, gory the next—a pleasure to get lost in.” —The Telegraph

The Saga of Asgard

Includes entries for maps and atlases

Myths of the Norsemen

THE NO. 1 SUNDAY TIMES AND NEW YORK TIMES BESTSELLER FROM THE CO-AUTHOR OF *GOOD OMENS*, NOW A MAJOR AMAZON PRIME SERIES 'With the deftest of touches, the characters are once again brought to life' JOANNE HARRIS 'The halls of Valhalla have been crying out for Gaiman to tell their stories' OBSERVER The great Norse myths, which have inspired so much of modern fiction, are dazzlingly retold by Neil Gaiman. Tales of dwarfs and frost giants, of treasure and magic, and of Asgard, home to the gods: Odin the all-father, highest and oldest of the Aesir; his mighty son Thor, whose hammer Mjollnir makes the mountain giants tremble; Loki, wily and handsome, reliably unreliable in his lusts; and Freya, more beautiful than the sun or the moon, who spurns those who seek to control her. From the dawn of the world to the twilight of the gods, this is a thrilling, vivid retelling of the Norse myths from the award-winning, bestselling Neil Gaiman. *This book has been printed with two different cover designs. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random*

Ragnarok

Norse Mythology A to Z, Third Edition examines the characters, objects, and places whose stories make up the folklore of the Norse people, who lived in the region known today as Scandinavia. Passed down through the generations by word of mouth and finally written down in the 13th century and later, these myths include tales of gods and goddesses; heroes, giants, and dwarfs; and serpents and dragons that inhabit enchanted realms. This colorful volume brings to life many of these Nordic myths. Entries of this title include: the most famous gods and goddesses, such as Odin, Thor, and Freya; plants and animals important to Norse mythology, such as the oak tree and the eagle; stories and poems, such as ""Treasures of the Dwarfs"" and the ""Poetic Edda""; and, much more.

Myths of the Norsemen; the Saga of Asgard

'Love. Hate. So what? It's family. It's business.' Fifteen-year-old Sigurd, son of King Sigmund, is the last surviving member of the Volson clan. His father's kingdom – the former city of London – is gone. And his father's knife, a gift from the gods, has been shattered to dust. Armed with a powerful sword forged from the remnants of the knife, Sigurd faces death, fire and torment as he travels through Hel and back to unite his country once again. Packed with political intrigue and violence, love, lust and family feuds, *Bloodsong* is perfect for fans of *Game of Thrones*. 'Burgess's great triumph is not so much in

inventing new stories as in finding fresh ways of retelling the ones that are themselves in danger of falling into extinction' Guardian 'A gripping story of horrific proportions from a prize-winning author' - Publishing News 'Teenage boys with strong stomachs should enjoy it' - Independent on Sunday 'A thrillingly readable and evocative narrative' - Daily Telegraph

Robin Hood and His Merry Men

As the Vikings began to migrate overseas as raiders or settlers in the late eighth century, there is evidence that this new way of life, centred on warfare, commerce and exploration, brought with it a warrior ethos that gradually became codified in the Viking myths, notably in the cult of Odin, the god of war, magic and poetry, and chief god in the Norse pantheon. The twelfth and thirteenth centuries, when most of Scandinavia had long since been converted to Christianity, form perhaps the most important era in the history of Norse mythology: only at this point were the myths of Thor, Freyr and Odin first recorded in written form. Using archaeological sources to take us further back in time than any written document, the accounts of foreign writers like the Roman historian Tacitus, and the most important repository of stories of the gods, old Norse poetry and the Edda, Christopher Abram leads the reader into the lost world of the Norse gods.

National Union Catalog

The great Norse Myths are among the most dramatic and unforgettable stories in all human history. These fascinating, fantastical tales have inspired centuries of art, culture and literature, including the storytelling of Tolkien, Neil Gaiman, George RR Martin's Game of Thrones, Wagner's Ring Cycle and Marvel Comics. The Norse Myths takes us on a thrilling journey through the Norse cosmos, from the creation of the world to Ragnarok, the final world-destroying conflict; via the Nine Worlds, and the exploits of the mighty gods and goddesses - mystical Odin, malicious Loki, mighty Thor and more - and their quarrel with the giants. Bringing to life the magical world of monsters and mythical creatures, this also introduces the adventures of humankind: folk heroes and tricksters; Sigmund's great battle in the Volsung Saga; the exploits of Kings and Princes; and Viking exploration and settlement of new lands including Iceland, Greenland, America, and Viking life in the Mediterranean and the East. As well as a treasure trove of these epic stories of heroism and cruelty, squabbles and seductions, The Norse Myths is a comprehensive study of their origins, survival and interpretations - as academically important as it is exhilarating.

The National Union Catalogs, 1963-

A complete and wonderfully satisfying assembly of all the legends and tales of the Norse gods, collected and retold with authentic detail from the original Eddas and Sagas. Drawing upon original sources, this collection of tales will provide the reader with an inclusive overview of the fabulous stories which make up the entire pantheon of Norse gods, telling the story from the world's creation to the final end at Gotterdammerung. Along the way, the reader will learn all there is to know about Odin, Frigga, Thor, Tyr, Freya, Heimdall, Loki, Balder, the Giants, the Elves, the Dwarves and much more besides. The author also shows how many classic European folk stories -such as the legends of Sleeping Beauty, the Pied Piper of Hamelin, among others, originated in the Norse tales. In addition, this book shows how even the concepts of Christmas ("yule"), Easter, and Hell, all originate in the Norse legends, along with the names of most of the days of the week. The last chapter compares classical Greek and Norse mythology, showing their similarities. This edition also contains indices, glossary, a pronunciation guide and a full index.

Norse Mythology

Recounts the life and adventures of Robin Hood, who, with his band of followers, lived as an outlaw in Sherwood Forest dedicated to fighting tyranny.

Viking Myths and Sagas

As the droplets from Niflheim mixed with the fiery depths of Muspelheim, a phenomenon occurred... Writers Directory

Here's quick access to more than 490,000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction. Author and Title indexes are included, and a Subject Guide correlates primary subjects with Dewey and LC classification numbers. These cumulative records are available in three separate sets.

Norse Mythology A to Z

Theories of Mythology provides students with both a history of theories of myth and a practical 'how-to' guide to interpreting myth, the most elementary form of narrative. Both a history of theories of myth and a practical 'how-to' guide to interpreting myth. Introduces the major theories of myth from the nineteenth century to the present day. Covers comparative approaches, psychoanalysis, ritual theories of myth, structuralism, and ideological analysis. Supplies readers with the theoretical tools for imitating each method. Features detailed exemplary readings of familiar myths.

Bloodsong

Annotation. "From Asgard to Valhalla is the first book to show how and why the Norse myths have so powerfully resonated from era to era: from the Viking-age stories of ice and fire to the epic poetry of Beowulf: from the twilight of the gods in Wagner's Gotterdammerung to Marvel Comics' Mighty Thor; and from Neil Gaiman's American Gods to the cult appeal of Viking Metal. Heather O'Donoghue, who is an expert on Old Norse culture, shows in what ways the Norse myths have impacted on the western mind, across the fields of literature, art, music and politics. She considers the wider contexts of Norse mythology, including its origins, medieval expression and reception in post-medieval societies right up to the present, distinguishing the myths in their original form from a host of later accretions, distortions and transformations."--Jacket.
