[#science](#) [#sensibility](#) [#enlightenment](#) [#empiricism](#) [#french history](#)

Explore the intersection of science and sensibility during the French Enlightenment, examining how sentimental empiricists integrated emotion and reason in their scientific pursuits. This period witnessed a fascinating interplay between objective observation and subjective experience, shaping the course of scientific inquiry and intellectual thought.

And We've all Had Friends or Heard of Somebody That They Always Seem To Find Themselves in the Same Type of Scenario the Same Type of Issue the Same Relationship Even though with Three Four Different People It's the Same Story It's like Look You're Always Attracting People like this Something Is Going On with You Internally That You Need To Resolve in Order To Move on to the Next Level of Life but Not Everybody Really Wants To Change It's Very Possible but You Also Must Believe Have the Faith that It's Possible and Then Just Align

And You Have To Think about that in Advance You Can't Just Let It Work Out However It's GonNa Work Out because It Will Suck Up all of Your Energy and You Have To Keep Your Energy in Tact and Focus for What the Things That Are Really Most Important to You One of the Best Things You Can Do Is Just Set a Good Example and It's Hard To Help People unless They Ask for Help so I Don't Recommend Pushing Your Values on Someone Else unless They Ask You Like What Are You Doing Otherwise Probably They that's Not Their Path Right Now You Need To Be You're Your Own Example of Being the Change That You Wish To See in the World

So I Don't Recommend Pushing Your Values on Someone Else unless They Ask You Like What Are You Doing Otherwise Probably They that's Not Their Path Right Now You Need To Be You're Your Own Example of Being the Change That You Wish To See in the World Everything Happens Exactly as It Should and Then It's a Very Unique Place To Be Able To Be Grateful for Where We Are Today Grateful for What You Have Grateful for What We've Accomplished Grateful for Our Experiences You Buy It You Have It You Play with It and You Get the Short-Term like Instant Gratification Type of Thing but Just like a Child with a New Toy You Know You Run out of Motivation after Little while You're on to the Next Toy the Ultimate Insanity of It Was the 80s I Remember a Guy He Actually Had a Bumper Sticker Saying Whoever Dies with the Most Toys Wins and I Remember Thinking Wrong that's Not True It's Not about Amassing More and More Toys True When You're Poor There's a Lot of Stress about Paying the Bills but Going Purely for Material Success Will Never Achieve the Satisfaction That We're all Looking for

A Symphony of All these Different Harmonious Pieces each of Us Playing a Part of the Overall Song and that this Is the So Called Music of the Spheres that It's Our Consciousness That Creates all of this and When We Get There Then that Is Oneness because Everything's Back Together Again but in Such a Way That We Don't Know What We're Looking at and We Never Actually Know We Hope We're Getting Closer to Understanding Yet but I Sometimes Suspect that as Humans We Don't Have the Capacity To Actually Understand What's Going On and I See this Reflected a Little Bit When You Have a Mystic Who Can Go into Mystical States They Come Back with a Conviction That I Understand

It Now I Got It Say Well Well Tell Me What It Is It They'Re Responses It's Ineffable I CanNot Describe It and the Reason Is that that Language at the Everyday Level Is Not Capable of Describing What's Actually Going on some Mystics Will Say that They Come out of the Mystical State and Then They See the World in a New Way and Everything Is Exactly the Way It's Supposed To Be We Don't Have the Capacity To Actually Understand What's Going On and I See this Reflected a Little Bit When You Have a Mystic Who Can Go into Mystical States They Come Back with a Conviction That I Understand It Now I Got It Say Well Well Tell Me What It Is It They'Re Responses It's Ineffable I CanNot Describe It and the Reason Is that that Language at the Everyday Level Is Not Capable of Describing What's Actually Going on some Mystics Will Say that They Come out of the Mystical State and Then They See the World in a New Way and Everything Is Exactly the Way It's Supposed To Be I Think Mystics Philosophers Poets They Express the Reality Better than Maybe Your Eye The Ancient Notion of Indras Net Is That Is this Necklace with Lots of Glittering Pieces of Crystal in It and So each One Is the Universe but It's All the Facets on It Are Reflecting all of the Others so We Have this Amazing Network of Awareness Which Is Seeing Itself Reflected Again and Again and Again in an Infinite Number of Ways so It's Sort Of Simmering It's some Universal Unconscious Level Trying To Wake Up from a Dream and When Finally Whatever We Are Understands It or It Understands Itself It Wakes Up and the Dream Is Over

So It's Sort Of Simmering It's some Universal Unconscious Level Trying To Wake Up from a Dream and When Finally Whatever We Are Understands It or It Understands Itself It Wakes Up and the Dream Is over I See It as You Go Along in Your Daily Life You You Are a Certain Way and Then One Day You Wake Up and from that Moment Everything before that Seems like a Dream and You Can Wake Up Multiple Times So in My Life I Remember Two Instances Where Just Walking to Class in College One Day in the Morning I Woke Up I Mean There Was a Very Strange Experience a Little Bit like You'Re Sleeping and Now You Wake Up and You Become Aware

I See It as You Go Along in Your Daily Life You You Are a Certain Way and Then One Day You Wake Up and from that Moment Everything before that Seems like a Dream and You Can Wake Up Multiple Times So in My Life I Remember Two Instances Where Just Walking to Class in College One Day in the Morning I Woke Up I Mean There Was a Very Strange Experience a Little Bit like You'Re Sleeping and Now You Wake Up and You Become Aware There Was a Step Function while Walking to Class One Morning that Everything before that I Felt as though I Was Sleeping
