Introduction

Do you really believe that science is the only answer to all of life's questions?

If God doesn't exist, why do you care if people worship him?

Seriously, can nothing create something?

If you've never been to the ends of the earth, if you've never been to every planet, if you've never been to every part of the universe, how do you know that God doesn't exist?

What is the origin of life?

If humans are animals, then where does our sense of morality, justice, and right and wrong come from?

If you were given irrefutable evidence that the god of the bible is real, would you become a Christian?

If evolution is real, and if it is really happening, how come there are no transitional forms that we can observe?

Do you live according to what you believe, or do you live your life according to what you lack in belief?

If God doesn't exist, and the Christian dies, the Christian loses nothing. But if God does exist, and you die as an atheist, do you not believe you will lose more? Will you not lose your soul?

I Sing a Song of the Saints of God - I Sing a Song of the Saints of God by Dave Harris 15,393 views 3 years ago 2 minutes, 4 seconds

I sing a **song of the saints**, of God, Patient and brave ...

And one was a doctor, And one was a queen, And one was a shepherdess on the Green; They were all of them saints of God And I mean, God helping, to be one too.

They loved their Lord, so dear, so dear, And his love made them strong; And they followed the right, for Jesus' sake The whole of their good lives long.

And one was a soldier, And one was a priest, And one was slain by a fierce wild beast; And there's not any reason, no, not the Least, Why I shouldn't be one too.

They lived not only in ages past, There are hundreds of thousands still, The world is bright with the joyous saints Who love to do Jesus' will.

You can meet them in school, Or in lanes, or at sea, In church or in trains, Or in shops, or at tea, For the saints of God are just folk like me, And I mean to be one too.

Way To Grow

Nothing is more important for ministry today than small groups. (George Gallop Jr., a Christian who conducts polls on political and religious matters, quoted in chapter 1 of this book.) Lavin is quick to point out that this book is not merely about numerical growth. It is about nurturing spiritual growth, which in itself is a dynamic that leads to growth in numbers. Use this publication as a workbook. The chapters each end with fascinating questions for consideration and group discussion. Dr. Lavin offers five different kinds of group structures for discipleship development. Each is fully explored, offering the reader or study participant the opportunity to determine which style best fits their group. He also lists five essentials that must be present for any group to function effectively. Lavin has had over 35 years of experience in the ministry, during which time he has refined the methods that are most successful in leading people to commitment and discipleship. This book is filled with fascinating anecdotes and stories that have grown out of his experience with congregations where impressive growth has taken place. Dr. Ronald J. Lavin is Senior Pastor of King of Glory Lutheran Church, Fountain Valley, California. He previously served congregations in Indiana, Iowa, and Arizona. In each church where he served as pastor the membership doubled. He graduated cum laude from Carthage College, Northwestern Theological School of Theology, and engaged in graduate studies at the Lutheran School of Theology, Chicago. Lavin has published twelve books and numerous magazine articles. He has been in demand as a speaker and seminar leader at schools and churches throughout the country as well as in several foreign countries.

Life on Mission

If you had a ladder made of splinters, would you stand on it? Unfortunately, the mission practices of most churches stand on weak foundations. Life on Mission gives gospel-centered, biblical, practical foundations for how missions was meant to be: an everyone-together effort. Life on Mission is a thorough yet simple guide for everyday missionaries—electricians, lawyers, church planters, students, etc.—that equips them with truths and practices for living out the gospel within their own community. Adaptable to any context, Life on Mission functions great as both an individual and small-group study. Threaded with engaging stories and probing reflection questions, Life on Mission will help you and your community take bold steps to living life on mission.

Mental Health and the Church

The church across North America has struggled to minister effectively with children, teens, and adults with common mental health conditions and their families. One reason for the lack of ministry is the absence of a widely accepted model for mental health outreach and inclusion. In *Mental Health and the Church: A Ministry Handbook for Including Children and Adults with ADHD, Anxiety, Mood Disorders, and Other Common Mental Health Conditions*, Dr. Stephen Grcevich presents a simple and flexible model for mental health inclusion ministry for implementation by churches of all sizes, denominations, and organizational styles. The model is based upon recognition of seven barriers to church attendance and assimilation resulting from mental illness: stigma, anxiety, self-control, differences in social communication and sensory processing, social isolation and past experiences of church. Seven broad inclusion strategies are presented for helping persons of all ages with common mental health conditions and their families to fully participate in all of the ministries offered by the local church. The book is also designed to be a useful resource for parents, grandparents and spouses interested in promoting the spiritual growth of loved ones with mental illness.

Author James Howell believes in the power of song to teach spiritual truths. Hymns embed faith into the marrow of the soul, he writes. In *Unrevealed Until Its Season*, Howell takes readers on a 40-day journey through popular songs of the church. Reflecting on well-loved hymn phrases, Howell helps readers discover who God is and what following Jesus means. A great Lenten devotional guide for individuals, small groups, and church choirs, this book is an invaluable resource--and perfect gift--for musicians as they prepare for worship, and for ministers as they preach and lead worship. The weekly themes include Praising God, Hymns About Jesus, Hymns of Forgiveness, Hymns of Vision, Hymns of Beauty, Hymns of Holy Week, and Hymns of Easter. Howell ponders phrases from hymns old and new, such as *Be Thou My Vision*, *Hymn of Promise*, *All Creatures of Our God and King*, *For Everyone Born*, *Come, Thou Fount of Every Blessing*, *Lift High the Cross*, and *When I Survey the Wondrous Cross*.

The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." News Dissector DANNY SCHECHTER is a journalist, blogger and filmmaker. He has been reporting on economic crises since the 1980's when he was with ABC News. His film *In Debt We Trust* warned of the economic meltdown in 2006. The Living Church

IVP Readers' Choice Award Lamar Hardwick was thirty-six years old when he found out he was on the autism spectrum. While this revelation helped him understand and process his own experience, it also prompted a difficult re-evaluation of who he was as a person. And as a pastor, it started him on a new path of considering the way disabled people are treated in the church. Disability and the Church is a practical and theological reconsideration of the church's responsibilities to the disabled community. Too often disabled persons are pushed away from the church or made to feel unwelcome in any number of ways. As Hardwick writes, "This should not be." He insists that the good news of Jesus affirms God's image in all people, and he offers practical steps and strategies to build stronger, truly inclusive communities of faith.

Young Men's Era

Church growth models have often been long on promises and short on disciple-making. We continue to watch consistent church attendance shrink, and our desire to reach the lost is infected with a need for self-validation by growing our numbers at any cost. If we believe that God wants his church to grow, where do we go from here? What is the future of the church? Drawing from his 20 years and 15,000 hours of consulting, author Will Mancini shares with pastors and ministry leaders the single most important insight he has learned about church growth. With plenty of salient stories and based solidly on the disciple-making methods found in Scripture, Future Church exposes the church's greatest challenge today, and offers 7 transforming laws of real church growth so that we can faithfully and joyfully fulfill Jesus's Great Commission.

One poll declared him the most influential American church leader of the last 100 years. Lyle E. Schaller has written literally millions of words of insight and advice for church leaders. His books alone number nearly 60 titles and span 40 years of publication, beginning in 1964. Now, this single volume makes available his best insights, organized by topic and framed with fascinating background perspective of Schaller himself. This volume both introduces Schaller to a new generation of church leaders and is a handy resource for those who grew up on Schaller's writing and count him as a major ministry influence.

"These stories are full of surprises, jolts, and lightning strikes of recognition. Do yourself a favor and read Ron Carlson." —Stephen King Ron Carlson's stories, sometimes wicked or bittersweet, often zany, are rich with a hard-earned hopefulness frequently absent in contemporary fiction. In this generous gathering from collections no longer available, longtime fans and new readers alike can savor the development of a master of idiosyncrasy. Properly celebrated for his range, Carlson offers us a rural sheriff who's wary of UFOs ("Phenomena"), a lawyer on a mission in remote Alaska ("Blazo"), a baseball player turned killer-by-accident ("Zanduce at Second"), and a nineteen-year-old who experiences an unsettling sexual awakening during an Arizona summer ("Oxygen"). Here also is a man accusing Bigfoot of stealing his wife, followed by Bigfoot's incomparable response. Not least of the treasures is "The H Street Sledding Record," a story perfect for family holiday reading, in which a young father creates the magic of Santa by throwing manure on his roof on Christmas Eve. This book proves Carlson's axiom that "a short story is not a single thing done a single way," and it offers us—finally—a full view of his remarkable talents.
