When You Feel Like a Blob

"When You Feel Like a Blob" Changing Self-Image God's Way This book will help you see the connection between self-image, self-love, and your ultimate success. It will show you one of the missing links, which is how to change your image, and the powerful affect self image has on your life. It will show you why it is so important to change your image now, and will show you how your image got into it's present condition. It will also give you the steps for tapping into one of the greatest hidden forces designed to give you success, self love, which is the dynamic force behind a quality self image.

The Big Book of Blob Feelings

A special selection of photocopiable blob pictures designed for work on feelings. Arranged into four sections, the contents include: Blob Theory - Blob trees the id/ego/superego, needs, shadows | Emotions - anger, anger cycle, calm, depression, disappointed, happy, hate, hyper, jealousy, lonely, mixed-up, numb, paranoia, rejection, sad, trauma, worry | Developmental/issues - bridge, clouds, doors, feelings, holes, pit, pitch, stairs, families, home. Each picture is accompanied by ideas and questions to kick start class, group or one-to-one discussion. Complete book included on accompanying CD Rom.

Blob Life Begins At 40

Most of the Blob books have been focused exclusively upon the professional purchaser. This Workbook can be bought by both a professional wishing to use it with their clients and by individuals wanting to become feelings aware. New resources encouraging emotional health promoting self-awareness. It contains a wealth of activities to complete.

My Blob Feelings Workbook

(ITALIAN VERSION) When You Feel Like a Blob: Changing Self-Image God's Way This book will help you see the connection between self-image, self-love, and your ultimate success. It will show you one of the missing links, which is how to change your image, and the powerful affect self image has on your life. It will show you why it is so important to change your image now, and will show you how your image got into it's present condition. It will also give you the steps for tapping into one of the greatest hidden forces designed to give you success, self love, which is the dynamic force behind a quality self image.

When You Feel Like a Blob

This practical and accessible resource contains a wealth of discussion sheets and games to help victims of bullying reflect and talk about their experiences and feelings using the internationally familiar Blob figures. Diverse and inclusive, the Blob figures are a proven way to help children and adults share their feelings and experiences. Without age, culture or gender, they enable the individual to focus on feelings and body language. In this book, the Blobs explore bullying. From Blob Trees to Bingo games, cards and emotional scales, the Blobs provide a visual structure that allows children, teenagers and adults to open up about being bullied. Offering unique activities that help scaffold conversations for people of all ages and abilities, this is an essential resource for teachers, teaching assistants, youth and social workers, psychologists, counsellors and all those who work with and have caring responsibilities for others.

Blob Bullying

Blob Life is another book in the catalogue of photocopiable resources produced by Ian Long and Pip Wilson. This book looks at the journey of life which we all take from birth through to death and beyond. It covers many of the aspects of life using key aspects - birthdays, families, death, driving, shopping, holidays, school, home etc. Each pair of pages has a set of questions to use with the photocopiable images. At the start is an introduction which explains how to use the images to open up your group. It has been used with ages from 4 to 90.

Blob Life

Childhood obesity is an international public health concern, with a high profile in both the media and government policy. Controversial issues in the prevention of childhood obesity need to be considered early in the development of school, clinical or community prevention programs, as these issues are often the ones that promote the success or failure of attempts to ameliorate the problem at hand.

This book combines health education theory, research, and practice to guide researchers, students, educators, community health workers and practitioners in the prevention of childhood obesity and the promotion of child and adolescent health and well-being. It examines controversy in childhood obesity, including the link with poverty and the difficulty of addressing obesity whilst also tackling the issue of eating disorders. The prevalence of childhood obesity is covered, with international chapters examining the importance of factors such as social class and ethnic differences, and global and local trends are identified. Approaches to prevention are presented, and the book concludes with the successful outcome of various interventions, demonstrating how the whole school community can collaborate to promote health among young people.

Many standard reading assessment approaches fail to capture the strengths and needs of students from diverse sociocultural, linguistic, and academic backgrounds. From expert authors, this book guides educators in planning and conducting meaningful, equitable assessments that empower K–5 teachers and students, inform responsive instruction, and help to guard against bias. The book's holistic view of reading encompasses areas from text comprehension and constrained skills to building trusting relationships and promoting students' agency. Twenty-eight assessment strategies are explained in step-by-step detail, including helpful implementation examples and 32 reproducible forms that teachers can download and print in a convenient 8 1/2" x 11" size.

The Big Book of Blob Trees features 70 different Blob trees that can be used as prompts to explore feelings. This unique collection of Blob trees with its range of different Blob characters is a fabulous way of opening up discussions about feelings and developing understanding of emotions, empathy and self-awareness. The trees show a variety of different scenarios that people may relate to, and can be used as a springboard for conversations with people of any age group. This second edition includes a new set of Blob trees relevant to many topical issues, including Blob trees themed around autism, eating, free speech, anxiety and smartphones. Each Blob tree comes with suggested questions that can be used to guide the discussion; for example: Which Blob do you feel like? Which Blob seems happiest? Which Blob confuses you? Which Blob annoys you, and why? Which Blob would you like to feel like? Offering handy photocopiable resources, The Big Book of Blob Trees provides a unique way to initiate discussion and gently approach emotive topics with individuals or groups.

Reading Assessment to Promote Equitable Learning

Your guide to the emotions of pregnancy and early motherhood, from two of America's top reproductive psychiatrists. When you are pregnant, you get plenty of advice about your growing body and developing baby. Yet so much about motherhood happens in your head. What everyone really wants to know: Is this normal? -Even after months of trying, is it normal to panic after finding out you're pregnant? -Is it normal not to feel love at first sight for your baby? -Is it normal to fight with your parents and partner? -Is it normal to feel like a breastfeeding failure? -Is it normal to be zonked by "mommy brain?" In What No One Tells You, two of America's top reproductive psychiatrists reassure you that the answer is yes. With thirty years of combined experience counseling new and expectant mothers, they provide a psychological and hormonal backstory to the complicated emotions that women experience, and show why it's natural for "matrescence"—the birth of a mother—to be as stressful and transformative a period as adolescence. Here, finally, is the first-ever practical guide to help new mothers feel less guilt and more self-esteem, less isolation and more kinship, less resentment and more intimacy, less exhaustion and more pleasure, and learn other tips to navigate the ups and downs of this exciting, demanding time

The Journey to Parenthood

The original Blob Tree was created in the early 1980s by Pip and Ian as an effective way of communicating with young people and adults who found reading difficult, and quickly proved to be accessible to children and young people of all ages. The Tree stands for a group, a family, an organisation, in fact any gathering of people. The Blobs are representative of two languages used by people throughout the world - feelings and body language. Have fun using this effective and innovative tool when working with groups or individuals.

Advice from a Blob

The Social Work Psychoanalyst's Casebook begins with an interview with Dr. Sanville, who reflects on her evolution as a social work analyst, theoretician, writer, teacher, and leader. These reminiscences are followed by accounts of nine analytic treatments, each of which offers an unusual window into what actually transpired between analyst and analysand during the treatment hours. These case studies concern particularly troubled, often traumatized patients-the very "hard to reach" or "difficult to treat" clients with whom social workers have long been familiar. They include a reanalysis by the same analyst of a patient whose first therapy ended in a stalemate; an account of transference and countertransference phenomena during termination; a report on the analysis of a young woman who experienced both chronic and stress-related trauma; and an account of the special issues involved in the treatment of an aging woman. Most of the case studies reflect the influence of Dr. Sanville, whose work has long evinced the therapeutic imagination and disciplined creativity to which all the contributors aspire. The contributors to this volume offer the salutary reminder that analytic work is built on a relationship of respect and empathy and that treatment success follows from the therapist's willingness to accommodate the unique needs of individual patients. In honoring Jean Sanville, The Social Work Psychoanalyst's Casebook speaks to the robustness of a multidisciplinary approach to psychopathology that transcends the bounds of any single profession-an approach in which contemporary psychoanalysis is enlarged by the insights and emphases of social work just as social work is enriched by the clinical wisdom of psychoanalysis.

The Social Work Psychoanalyst's Casebook

John E. Mack, M.D., has investigated nearly one hundred cases of alien abduction and has conducted hundreds of hours of interviews and treatment. He takes his clients' accounts seriously, and in Abduction he makes clear why he believes their testimony may transform the foundations of human thought as profoundly as did Copernicus's proof that the earth is not the center of the universe. Writing with the authority and insight that have been the hallmarks of his distinguished career as a psychiatrist and writer, Dr. Mack emphasizes his clients' psychological and spiritual transformations, and he illuminates the vast implications of the abduction experience for his understanding of human psychology and of our identity as a species on this planet.

Big Book of Blob Feelings

This title features 50 different blob trees to explore feelings. This unique collection of Blob trees with all its various Blob characters is a fabulous way of opening up discussions about feelings and developing the understanding of emotions, empathy and self-awareness. The different trees show different scenarios that individuals or groups may experience personally. The book comes with guidance and suggested questions such as: Which Blob do you feel like? Find a Blob that interests you; Which Blob confuses you? Which Blob annoys you the most? Why? The Blobs can also be used in a less personal way so you ask which blob is happy, why do you think he is happy and discussion can evolve that way indirectly. This resource can be used with individuals or groups. It includes 125 pages in A4 format.

Blob School is an educational resource designed specifically for one of the main purchasers of the Blobs - teachers! This practical resource aims to cover all the key areas of school life so that teachers, assistants, school workers, pupils and parents can reflect upon a wide range of contexts and issues which occur throughout the school year. The book includes 47 images which can be projected upon an Interactive White Board or photocopied for whole class or small group discussion. The Blobs are simple. They deal with deep issues using the primary languages we learn from infancy - feelings and body language. This is why they are used with children as young as 4, all the way through to the elderly. Without words, the Blobs can be interpreted in a hundred different ways. There is no right and wrong about the Blobs, which is very important. A leader who uses them in a 'one way of reading them only way' will find that the rest of their group become very frustrated in discussions. Each picture is a means to a conversation, rather than a problem to be solved or a message to be agreed upon.

Will the Real Phony Please Stand Up?

When was the last time someone 'made you' angry? It's amazing just how many times in a day a situation arises that can 'cause us' to boil over. Anger management is a way to become more conscious of how we react to a situation which triggers us to become angry. Identifying these trigger points is one way to break the pattern and preparing ourselves to change behaviour. This book includes a wide range of scenarios and situations to enable identification of feelings and discussions about the most appropriate way to deal with them. Subjects include: Blob Bitter; Blob Blame; Blob Humiliated; Blob Frustration; and, Blob Fight. As with every Blob tool the open approach provides an opportunity to discuss feelings and consider mechanisms for change.
