Anthologie historique des lectures érotiques: De Gilgamesh à Saint-Just, de -2000 à 1790

Is there a Buddhist discourse on sex? In this innovative study, Bernard Faure reveals Buddhism's paradoxical attitudes toward sexuality. His remarkably broad range covers the entire geography of this religion, and its long evolution from the time of its founder, Xvkyamuni, to the premodern age. The author's anthropological approach uncovers the inherent discrepancies between the normative teachings of Buddhism and what its followers practice. Framing his discussion on some of the most prominent Western thinkers of sexuality--Georges Bataille and Michel Foucault--Faure draws from different reservoirs of writings, such as the orthodox and heterodox "doctrines" of Buddhism, and its monastic codes. Virtually untapped mythological as well as legal sources are also used. The dialectics inherent in Mahvyvna Buddhism, in particular in the Tantric and Chan/Zen traditions, seemed to allow for greater laxity and even encouraged breaking of taboos. Faure also offers a history of Buddhist monastic life, which has been buffeted by anticlerical attitudes, and by attempts to regulate sexual behavior from both within and beyond the monastery. In two chapters devoted to Buddhist homosexuality, he examines the way in which this sexual behavior was simultaneously condemned and idealized in medieval Japan. This book will appeal especially to those interested in the cultural history of Buddhism and in premodern Japanese culture. But the story of how one of the world's oldest religions has faced one of life's greatest problems makes fascinating reading for all.

Rather than lose her lover, the anonymous heroine pours out her deepest feelings and wildest fantasies in a series of startlingly erotic and uninhibited letters.

The Red Thread

A portrait of the renowned film director based on seven years of interviews: "I am very happy that this book exists." —François Truffaut Howard Hawks is often credited as the most versatile of the great American directors, having worked with equal ease in screwball comedies, westerns, gangster movies, musicals, and adventure films. He directed an impressive number of Hollywood's greatest stars—including Humphrey Bogart, Cary Grant, John Wayne, Lauren Bacall, Rosalind Russell, and Marilyn Monroe—and some of his most celebrated films include Scarface, Bringing Up Baby, The Big Sleep, Red River, Gentlemen Prefer Blondes, and Rio Bravo. Hawks on Hawks draws on interviews that author Joseph McBride conducted with the director over the course of seven years, giving rare insight into Hawks's artistic philosophy, his relationships with the stars, and his position in an industry that was rapidly changing. In its new edition, this classic book is both an account of the film legend's life and work and a guidebook on how to make movies. "There are going to be many biographies of Howard Hawks, but they will all lean heavily on this book; the pioneer so honestly reveals himself and the people with whom he worked." —Los Angeles Times

The Life and Works of Celestine Ukwu

It is comonly thought that enlightenment is unattainable for ordinary people living in modern Western society and is reserved for monks or gurus leading a spiritually dedicated life in remote locations. After researching mystical experiences and interviewing people who claim to have had them, psychologist Steve Taylor found that normal modern-day people from different faiths and walks of life have also reached modes of higher consciousness. In fact, these experiences are more common than we realize. Drawing on his knowledge of different religious traditions, Taylor set out to find the common features of these awakened states and how the rest of us might also achieve wakefulness. In this book, Taylor uncovers: • The different types of wakefulness: natural, gradual and sudden • The difference between fraudulent spiritual teachers and the genuinely awakened • The sometimes disorienting effects of spiritual awakenings on those who undergo them • How different theories of consciousness explain (or try to debunk) mystical experiences Above all, Taylor reminds us that we don't have to join an ashram in a distant country to attain enlightenment, but that we can find it where we are right now.

The Paper Woman

In this erotic, metaphysical, and theological novel, the spirits of medieval Templar monks gather on the anniversary of their Grand Master's torment and execution. Together they commit the sexual perfidies and blasphemous acts of which they had been forced to accuse one another before a tribunal.

Hawks on Hawks

The first volume of a 2-volume handbook on ancient Greek colonisation, dedicated to the late Prof. A.J. Graham, gives a lengthy introduction to the problem, including methodological and theoretical issues. The chapters cover Mycenaean expansion, Phoenician and Phocaeen colonisation, Greeks in the western Mediterranean, Syria, Egypt and southern Anatolia, etc. The volume is richly illustrated.

An Essay on Woman, a Poem

This book offers a major reassessment of the philosophy of Peter Abelard (1079-1142) which shows that he was a far more constructive and wider-ranging thinker than has usually been supposed. It combines detailed historical discussion, based on published and manuscript sources, with philosophical analysis which aims to make clear Abelard's central arguments about the nature of things, language and the mind, and about morality. Although the book concentrates on these philosophical questions, it places them within their theological and wider intellectual context.

Piracy in the Graeco-Roman World

An account of the causes, combatants and course of events in the successive conflicts which troubled the duchy for half a century.

The Yom Kippur War

This fascinating study reconstructs the tradition of the Legend of the True Cross in text and image, from its tentative beginnings in 4th-century Jerusalem to the culminating expression of its multi-layered cosmic content in 14th and 15th-century monumental cycles in Germany and Italy.

The Leap

Provides descriptions of manuscripts held in various libraries, including the manuscript's history, codicological features, collation, list of contents, notes on special features and problems, and selected bibliography.

The Baphomet

This book gives a detailed picture of the contributions made by women writers to Western literature from the third century to the thirteenth. Many of the texts Peter Dronke presents and interprets have hitherto remained unknown, or virtually inaccessible; some have never been edited or translated before. The emphasis throughout is on personal testimonies, and on texts that have notable literary or intellectual interest. Thus the book affords many new insights into medieval literature, not only into the writings of renowned women such as Hrotsvitha or Heloise, but also into those of a number of neglected writers who are exceptional in their gifts and individuality. Already highly influential, *Women Writers of the Middle Ages* continues to be essential reading for specialists and students alike in medieval literature, medieval intellectual history, and women's studies.

Greek Colonisation

The *Satyricon* is a Latin work of fiction in a mixture of prose and poetry. It is believed to have been written by Gaius Petronius Arbiter, though the manuscript tradition identifies the author as a certain Titus Petronius. As with the *Metamorphoses* of Apuleius, classical scholars often describe it as a "Roman novel".

The Philosophy of Peter Abelard

Structured around in-depth and interconnected case studies and driven by a methodology of material, contextual, and iconographic analysis, this book argues that early European single-sheet prints, in both the north and south, are best understood as highly accessible objects shaped and framed by individual viewers. Author David Areford offers a synthetic historical narrative of early prints that stresses their unusual material nature, as well as their accessibility to a variety of viewers, both

lay and monastic. This volume represents a shift in the study of the early printed image, one that mirrors the widespread movement in art history away from issues of production, style, and the artist toward issues of reception, function, and the viewer. Areford's approach is intensely grounded in the object, especially the unacknowledged material complexity of the print as a portable, malleable, and accessible image that depended on a response that was not only visual but often physical, emotional, and psychological. Recognizing that early prints were not primarily designed for aesthetic appreciation, the author analyzes how their meanings stemmed from specific functions involving private devotion, protection, indulgences, the cult of saints, pilgrimage, exorcism, the art of memory, and anti-Semitic propaganda. Although the medium's first century was clearly transitional and experimental, Areford explores how its potential to impact viewers in new ways?both positive and negative?was quickly realized.

Warfare in Medieval Brabant, 1356-1406

Challenging conventional readings of literary allegorism, this book, first published in 2000, reassesses Renaissance relations between allegory and heroic poetry.

A Heritage Of Holy Wood

The singular novel by the legendary author of the play, *UBU ROI*, is a book that can only be compared to Rabelais or Sterne. *FAUSTROLL* recounts the adventures of the inventor of *PATAPHYSIC*, the 'science of imaginary solutions.' Jarry would have found an audience more readily if he had simply written a work of science fiction, a symbolist narrative, a bawdy tale or a spriritual allegory. As it is, *FAUSTROLL* is all of these at the same time.' - Roger Shattuk'

This book offers a detailed analysis of the Islamic Republic of Iran's approach towards human rights in the media. It looks at the state-owned and state-controlled Islamic Republic of Iran Broadcasting (IRIB), employing content analysis and multimodal critical discourse analysis to explore its underlying strategies in portraying the international rights norms. The book also features analysis of surveys and interviews of recent Iranian migrants to determine the extent to which the Iranian public is aware of human rights principles and their views on whether and how the international rights norms are portrayed on IRIB.

El pequeño Nicolás

UK edition. The day-to-day adventures of an amusing, endearing young school boy.

El pequeño Nicolás

Like its predecessors, this book serves as a guide to any adult interested in selecting books in Spanish for children in preschool through high school. Most of the books included in the guide have been published since 1984 and come from Argentina, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Mexico, Nicaragua, Puerto Rico, Spain, Sweden, the U.S., Uruguay, and Venezuela. The author has identified books that highlight the lifestyle, folklore, history, fiction, poetry, theater, and classical literature of Hispanic cultures as expressed by Hispanic authors and has also included nonfiction and bilingual books and Spanish translations of popular fiction and nonfiction. With appendices and indexes.

El pequeño Nicolás

Los padres de Nicolás sorprenden al niño con la noticia de que la familia va a pasar las vacaciones de verano en la playa. ¡Qué bien! Las olas, la arena, los juegos con los amigos... Claro que, cuando llueve, tienes que ser muy ingenioso para no aburrirte... Donde no hay manera de aburrirse es en el Campamento Azul, al que acude el pequeño Nicolás un año después. Puedes estar aterrorizado, pero ¿aburrirte? ¡Nunca!

Ojo con el pequeño Nicolás

Un tesoro recuperado ¿Sabíais que El Pequeño Nicolás, de Sempé y Goscinny, nació bajo la forma de una historieta a color? Estas son las páginas inéditas escritas en 1955 por René Goscinny y dibujadas por Jean-Jacques Sempé. Gracias a esta edición, descubriréis la versión original de El Pequeño Nicolás.

El pequeño Nicolás. ¡Diga!

Nicolás cada día comprende menos a los adultos. No entienden que quiera comprarse cincuenta tabletas de chocolate o que si tiene una linterna, es para estar todo el tiempo alumbrando con ella. Sin embargo a ellos les parece tan normal regalarle continuamente juegos de la oca. Menos mal que los cambia continuamente con los amigos del colegio, que son estupendos...

Nicholas

A Nicolás y a sus amigos el sonido de la campana cuando llega la hora del recreo les suena a música celestial porque por fin pueden poner en práctica todo lo que se les ha pasado por la cabeza durante la clase. Lo malo es que en el patio está el Caldo, ¡el vigilante más temido sobre la faz de la Tierra!

El pequeño Nicolás

Llega a la Biblioteca del Pequeño Nicolás el título que más profesores siguen recomendando a sus alumnos y con el que todos empezamos a querer a este entrañable personaje: El Pequeño Nicolás. El pequeño Nicolás se lo pasa en grande en el cole. Siempre armando líos con sus compañeros: Alcestes, su mejor amigo, Eudes, Godofredo, Aniano, María Eduvigis, que es fantástica, Joaquín, Rufo, Clotario. Pero no todo va a ser felicidad: ¡se acerca el día de entrega de notas!

La vuelta al cole del pequeño Nicolás

Aunque se han acabado ya las vacaciones, la vuelta al cole tiene algunas cosas divertidas: hay que comprar zapatos nuevos, un estuche, una cartera... y luego romperlo todo; eso sí, siempre sin querer. Además hay que enseñarles a los amiguetes lo moreno que uno se ha puesto. Pero, ¿cómo conseguir que el moreno aguante hasta que empiece el cole? El pequeño Nicolás tiene soluciones para todo...

El pequeño Nicolás, ¡se rueda!

¿Cuántos mejores amigos tienes tú? Porque el pequeño Nicolás tiene un montón. Su primer mejor amigo tiene un padre que le compra de todo, su segundo mejor amigo es el preferido de la profe. El tercero es el más fuerte, el cuarto es el último de la clase... Y no hay que olvidarse de María Eduvigis, la hija de los vecinos, ¡es un encanto!

El pequeño Nicolás. ¡Diga!

A boy who doesn't like books or libraries discovers that reading is fun.

El pequeño Nicolás. El chiste

Nicholas and his friends have great adventures at recess.

El pequeño Nicolás

El pequeño Nicolás es un chico buenísimo y generoso y siempre piensa en los demás. Es capaz, incluso, de pedir regalos de Navidad solo para la gente que quiere. ¡Montones y montones de regalos!

El pequeño Nicolás

Alain Bonnard, the owner of a small art cinema in Paris, is a dyed-in-the-wool nostalgic. In his Cinéma Paradis there are no buckets of popcorn, no XXL colas, no Hollywood blockbusters. Alain holds firm to his principles of quality - to show films that bring dreams to life, make people fall in love. And Alain would do anything for his clientele - particularly the mysterious woman in the red coat who, for some time now, has turned up every Wednesday and always sits in row seventeen. What could her story be? Finally one evening Alain plucks up courage to invite the unknown beauty to dinner. But just as the most tender of love stories is getting under way, something happens that turns Alain's life upside down, shoving his little cinema unexpectedly into the public eye. So when the woman in the red coat suddenly vanishes from his life, the cinema owner can't help but wonder if it is more than a coincidence. Taking matters into his own hands, Alain sets off in search of the stranger he has come to love - roll the opening credits for a timeless cinematic romance worthy of the Parisian silver screen!

Books in Spanish for Children and Young Adults

Cuando, en vez de soledad, encuentras una civilización completa. Antonia, una geóloga que permanece viajando en búsqueda de un mineral poco común, encuentra algo más de lo que esperaba: Meridia, una civilización entera. Una civilización que hace siglos decidió apartarse de los humanos y vivir en un archipiélago oculto del resto del mundo. Hasta ahora. Al ser atacada por los enemigos de los meridios, Antonia es llevada a La Ciudadela, una fortaleza militar. Allí conocerá a los meridios, una comunidad que tiene la habilidad de percibir los sentimientos de los demás, y se verá obligada a enfrentar el desprecio que han sentido hacia los humanos por cientos de años.
