"A complete and well-organized textbook on advertising"—Educational Book Review Principles of Advertising: A Global Perspective, Second Edition updates the classic first edition of this exceptional classroom resource, selected as one of CHOICE magazine's Outstanding Academic Titles for 1999. Ideal for use as an introductory textbook, the book presents an integrated marketing approach that's essential for keeping up with the changing world of contemporary advertising, and reflects the authors' expertise not just in advertising, but also in the larger field of integrated marketing communications. The new edition of the book examines the environment in the advertising industry following the terrorist attacks on Sept. 11, 2001, as well as market segmentation, target marketing, product positioning, buyer behavior, legal and political concerns, the creative aspects of advertising, and much more. Principles of Advertising: A Global Perspective, Second Edition equips instructors—and their students—with the fundamental elements of the field with emphasis on ethical issues. The book includes a foreword by Don E. Schultz of Northwestern University's Integrated Marketing Communication program and provides insights into effective local, national, and global integrated marketing strategies for print, electronic, and online advertising. This updated edition maintains the original format for each chapter of featuring

“Global Perspectives,” “Ethics Tracks,” and short commentaries from practitioners in various fields, and adds 24 new illustrations and more recent examples of now-famous advertising campaigns. New material presented in *Principles of Advertising: A Global Perspective, Second Edition* includes: the benefits of a graduate degree client-agency relationships targeting the middleman marketing to men Janet Jackson “exposed” pop-up ads marketing cosmetic surgery advertising as programming controversial campaigns behavioral targeting or online stalking? *Principles of Advertising: A Global Perspective, Second Edition* examines new theories, new technologies, well-known advertising campaigns, and cultural considerations for advertising in foreign markets to give your students current and proven information on the changing world of advertising.

ArcheoLogica Data wants to reach an Italian and international audience of scholars, professionals, students, and, more generally, early-career archaeologists, and it accepts contributions written both in Italian and English. ArcheoLogica Data proposes to indissolubly associate data and interpretation. It embraces that global idea of archaeological data that integrates all the discipline declinations without any thematic or chronological constraints. Data is at the centre, and around lies everything that can stem from it: interpretations, hypotheses, reconstructions, applications, theoretical and methodological reflections, critical ideas, constructive discussions.

This study investigates social and environmental impacts caused by an ecolabeled notebook along its entire life cycle. In order to analyse the diverse effects of the laptop, a social life cycle assessment and an environmental life cycle assessment were performed in parallel. Both assessments together provide a holistic overview of positive and negative impacts in regard to social and environmental sustainability. This book contains the complete final report written by GreenDeltaTC on behalf of the Belgian Federal Public Planning Service Sustainable Development. It comprises the methodological background, the social inventory, process modifications with regard to the environmental inventory, and detailed results of the impact assessment phase. Further, a newly developed social impact assessment method is presented and applied. In addition, recommendations on company and policy level were derived.
