Intermediate Financial Management

This supplement lists the key learning objectives for each chapter, outlines the key sections, provides self-test questions, and provides a set of problems similar to those in the text and the Test Bank, but with fully worked out solutions.

Contemporary financial management

A comprehensive guide to understanding the world of financial management and analysis This complement to the bestselling Financial Management and Analysis allows readers to self-test their understanding before applying the concepts to real-world situations. Pamela P. Peterson, PhD, CPA (Tallahassee, FL), is Professor of Finance at Florida State University. Wendy D. Habegger (Tallahassee, FL) is a PhD student in Finance at Florida State University.

Introduction to Financial Management

Intended for a beginner or intermediate course in corporate finance, this book stresses a finance function orientation over the more traditional accounting orientation. Consistent with this approach, the text focuses on the main idea of maximizing shareholders' wealth.

Study Guide-Fundamentals of Financial Management
