Mein Schwules Auge / My Gay Eye

This book is not a panegyric of homosexuality. It is a scientific study led by Professor James Smalls who teaches art story . His works examines the process of creation and allows one to comprehend the contribution of homosexuality to the evolution of emotional perception. In a time when all barriers have been overcome, this analysis offers a new understanding of our civilisation's masterpieces.

Mein Schwules Auge 20 / My Gay Eye

Quotations on Gay Love A beautiful and elegant collection in gift-book format that reveals the full spectrum of gay love in its many colourful variations. A companion volume to 'A Delicate Fire - Quotations on Lesbian Love'.

Gay Art

Gavin has a problem, at least according to the only two gay students he knows at school: he's not the right kind of gay boy. So where does he turn for help in "fixing" himself? His straight friend, of course!

In Your Eyes

"In a collection of essays, deaf lesbians and gay men discuss their lives, describing how they discovered their sexual identity, overcame barriers to communication in a hearing world, and created a deaf gay and lesbian culture."--Amazon.com viewed Nov. 1, 2022.

Straight Eye for the Gay Guy

Seminar paper from the year 2005 in the subject Communications - Movies and Television, grade: 1,0, University of St. Thomas, course: Communication Studies 340, 13 entries in the bibliography, language: English, abstract: Queer Eye for the Straight Guy (hereafter Queer Eye) is a television series which was first aired in July 2003 on Bravo Cable Network. Basically, the main content of each episode is that five gay men, each of them an expert in their field, make over a person, most often a straight man, for a special occasion, such as a proposal to a girlfriend or even a wedding. The series was an instant, and somewhat unexpected, success. It is especially remarkable for the way homosexual and heterosexual men are presented. My paper raises, and partially answers, questions such as: What is so different here about the way sexual orientation is presented? Through which symbols is homosexuality conveyed? and, What might be the effect of these representations on the audience? I argue that even though the symbols and stereotypes have not changed, their implications on Queer Eye make them a more positive representation of homosexuality than ever before seen on television. In order to understand why Queer Eye is revolutionary, I will first give a short overview about the presentation of homosexuality on television in the past five decades. After that I depict the symbols, and particularly visual and aural symbols, through which homosexuality is conveyed in the show by giving specific examples from single episodes. Then I describe the stereotypes which are presented on Queer Eye, followed by the influence of these representations of homosexuality on the audience.

Eyes of Desire

Angel's autobiography through the metaphors of the story, The Wonderful Wizard of Oz

Queer eye for the straight guy: Contemporary depiction of homosexuality on TV

When Mark's boss Steve asks him to stay behind, he thinks he might be getting a promotion. He's right, but with a big catch... for him to get his salary doubled, he needs to satisfy Steve's every last wish. Mark accepts, and soon he finds himself being stretched to the limit as he learns to love the way Steve uses his body.

Over the Rainbow - God's Eye for the Gay Guy

An unconventional history of homosexuality We all remember Oscar Wilde, but who speaks for Bosie? What about those 'bad gays' whose unexemplary lives reveal more than we might expect? Many popular histories seek to establish homosexual heroes, pioneers, and martyrs but, as Huw Lemmey and Ben Miller argue, the past is filled with queer people whose sexualities and dastardly deeds have been overlooked despite their being informative and instructive. Based on the hugely popular podcast series of the same name, Bad Gays asks what we can learn about LGBTQ+ history, sexuality and identity through its villains, failures, and baddies. With characters such as the Emperor Hadrian, anthropologist Margaret Mead and notorious gangster Ronnie Kray, the authors tell the story of how the figure of the white gay man was born, and how he failed. They examine a cast of kings, fascist thugs, artists and debauched bon viveurs. Imperial-era figures Lawrence of Arabia and Roger Casement get a look-in, as do FBI boss J. Edgar Hoover, lawyer Roy Cohn, and architect Philip Johnson. Together these amazing life stories expand and challenge mainstream assumptions about sexual identity: showing that homosexuality itself was an idea that emerged in the nineteenth century, one central to major historical events. Bad Gays is a passionate argument for rethinking gay politics beyond questions of identity, compelling readers to search for solidarity across boundaries.

Disciplined By My Gay Boss

During World War II, as the United States called on its citizens to serve in unprecedented numbers, the presence of gay Americans in the armed forces increasingly conflicted with the expanding antihomosexual policies and procedures of the military. In *Coming Out Under Fire*, Allan Berube examines in depth and detail these social and political confrontation--not as a story of how the military victimized homosexuals, but as a story of how a dynamic power relationship developed between gay citizens and their government, transforming them both. Drawing on GIs' wartime letters, extensive interviews with gay veterans, and declassified military documents, Berube thoughtfully constructs a startling history of the two wars gay military men and women fought--one for America and another as homosexuals within the military. Berube's book, the inspiration for the 1995 Peabody Award-winning documentary film of the same name, has become a classic since it was published in 1990, just three years prior to the controversial "don't ask, don't tell" policy, which has continued to serve as an uneasy compromise between gays and the military. With a new foreword by historians John D'Emilio and Estelle B. Freedman, this book remains a valuable contribution to the history of World War II, as well as to the ongoing debate regarding the role of gays in the U.S. military.

Bad Gays

Attract Hotter Guys With Irresistible Body Language Are you subconsciously sending "go away" signals to cute guys? Learn how gestures, postures, stances, and handshakes make you more approachable with the first body language guide for gay men. *Attract Hotter Guys* is Book #2 of 3 Books In The Gay Dating Series. Look In The Mirror. Your Body Language Is All Wrong Can I tell you a story? Going out to bars and parties destroyed my self-esteem. I felt like a complete loser. How many times can you come home without meeting anybody before you feel like there's something wrong with you? Seriously, have you ever come home from parties, events, clubs and bars more depressed than when you left? If you're like me, you've tried everything. Different bars, different people, different events. You changed your look, your clothes, your style. The result? Nada, nothing, zip. You may as well go straight. Well one day, I met a body language expert. He told me something that would change my life: Half the Guys You Like Are Turned Off By Your Body Language You know what my reaction was? "Bullsh_t." I mean, come on! Body language? I'm not meeting good looking guys because of my body language? Puh-leeze. Stay with me because this is where it gets interesting. The body language expert (a psychologist, actually) took me

under his wing and coached me in the art of using body language to attract the kind of guys I liked. He wanted a guinea pig—ME—to prove that the sexual body language principles that work for straight couples could, with some adaptation, work for gay men. Yes, body language for gay men. Here's a partial list of what he changed: * The way I shook hands. * The way I leaned in (or away). * How I pointed with my feet (yes, feet, long story). * The angle that I talked to people. * The direction that I approached guys I wanted to meet. * The way I looked at guys I was interested in. * The way I used my body to catch their eye. * The way I used my hands to gesture. The result? In less than an hour, two good-looking guys struck up a conversation with me! After that profound revelation I was determined to make this knowledge available to all other gay guys who couldn't figure out why their love life sucked. So here it is and here's what you'll learn: **MAKE YOURSELF MORE APPROACHABLE** 1. Wear certain types of shirts and pants. Research shows men are far more attracted to clothes that... Well, it's on Page 23. 2. Wear a certain type of jewelry and accessories. I'll give away one of the secrets right now: Shoes! Find out why on Page 25. 3. Open your "Territory Line." I show you how to do it on Page 26. 4. Create "Invisible Hallways" between the two of you by using your hands and arms while you're talking to friends. 5. Point with your hands, your feet and your head. This is a little known secret among communication researchers. Pointing is an "invitation" (it also reveals how he feels about you). Where should you point and how? It's all on Page 28. 6. Use Inviting Postures. Whether you're standing, sitting (even slouching), there are do's and don'ts to show your interest. They're all on Page 29. 7. Make it easy for him to touch you. See Page 30 for inventive things you can wear or do to make touching you irresistible. They work like a charm! Fed Up With Feeling Invisible At Bars & Parties? Not meeting the type of guys you like? Frustrated you always have to make the first move? Use this guide to change your body language and watch how many more attractive guys approach you.

Coming Out Under Fire

"The funny, brash, and vulnerable memoir from the star of Bravo's *The Real Housewives of Salt Lake City* bravely explores her leaving the Mormon Church and her journey to success in business, television, and single motherhood. Straight off the slopes and into the spotlight, Heather Gay is known to dish God's honest truth. Whether as a businesswoman, mother, or television personality, Heather is unafraid to blaze a new trail, even if it means losing family, friends, and even her church. A born and bred Mormon, Heather did everything that was expected of her and then some. From an eighteen-month mission to attending Brigham Young University and marrying into church royalty, Heather was the ultimate good Mormon. But her seemingly perfect life was upended when her husband unexpectedly filed for divorce and she suddenly found herself struggling to find healing after heartbreak and accomplishment after abandonment. Now, with her signature witty, compassionate, and charming voice, Heather recounts her difficult but rewarding experiences navigating life post-divorce and post-Mormonism. She explores the challenges of raising strong women despite feeling broken and teases out the complicated relationship between duty to self and duty to God. An honest, witty, and ultimately healing memoir, *Bad Mormon* is an unputdownable read in the vein of *Unveiling Grace*, *What Remains*, and *One Day You'll Thank Me*!"--

Attract Hotter Guys

Chosen by *Town & Country* as one of the most anticipated books of the year | Named "An LGBTQ Book That'll Change the Literary Landscape in 2020" by *O: The Oprah Magazine* In this poignant and urgent love letter to his son, award-winning Broadway, TV and film producer Richie Jackson reflects on his experiences as a gay man in America and the progress and setbacks of the LGBTQ community over the last 50 years. "My son is kind, responsible, and hardworking. He is ready for college. He is not ready to be a gay man living in America." When Jackson's son born through surrogacy came out to him at age 15, the successful producer, now in his 50s, was compelled to reflect on his experiences and share his wisdom on life for LGBTQ Americans over the past half-century. *Gay Like Me* is a celebration of gay identity and parenting, and a powerful warning for his son, other gay men and the world. Jackson looks back at his own journey as a gay man coming of age through decades of political and cultural turmoil. Jackson's son lives in a seemingly more liberated America, and Jackson beautifully lays out how far we've come since Stonewall -- the increased visibility of gay people in society, the legal right to marry, and the existence of a drug to prevent HIV. But bigotry is on the rise, ignited by a president who has declared war on the gay community and fanned the flames of homophobia. A newly constituted Supreme Court with a conservative tilt is poised to overturn equality laws and set the clock back decades. Being gay is a gift, Jackson writes, but with their gains in jeopardy, the gay community must not be complacent. As Ta-Nehisi Coates awakened us to the continued pervasiveness of racism

in America in *Between the World and Me*, Jackson's rallying cry in *Gay Like Me* is an eye-opening indictment to straight-lash in America. This book is an intimate, personal exploration of our uncertain times and most troubling questions and profound concerns about issues as fundamental as dignity, equality, and justice. *Gay Like Me* is a blueprint for our time that bridges the knowledge gap of what it's like to be gay in America. This is a cultural manifesto that will stand the test of time. Angry, proud, fierce, tender, it is a powerful letter of love from a father to a son that holds lasting insight for us all.

Nothing to Hide. Young Men from Slovakia

This is the story of a willing captive as he is humiliated and used by Master Roger.

Bad Mormon

On gay and lesbian in Vietnam.

Straight to Normal

Foreword INDIES Award Finalist IVP Readers' Choice Award In an age where neither society nor the church knows what to do with gay Christians, Greg Coles tells his own story. Let's make a deal, you and me. Let's make promises to each other. I promise to tell you my story. The whole story. I'll tell you about a boy in love with Jesus who, at the fateful onset of puberty, realized his sexual attractions were persistently and exclusively for other guys. I'll tell you how I lay on my bed in the middle of the night and whispered to myself the words I've whispered a thousand times since: "I'm gay." I'll show you the world through my eyes. I'll tell you what it's like to belong nowhere. To know that much of my Christian family will forever consider me unnatural, dangerous, because of something that feels as involuntary as my eye color. And to know that much of the LGBTQ community that shares my experience as a sexual minority will disagree with the way I've chosen to interpret the call of Jesus, believing I've bought into a tragic, archaic ritual of self-hatred. But I promise my story won't all be sadness and loneliness and struggle. I'll tell you good things too, hopeful things, funny things, like the time I accidentally came out to my best friend during his bachelor party. I'll tell you what it felt like the first time someone looked me in the eyes and said, "You are not a mistake." I'll tell you that joy and sorrow are not opposites, that my life has never been more beautiful than when it was most brokenhearted. If you'll listen, I promise I'll tell you everything, and you can decide for yourself what you want to believe about me.

Mein Schwules Auge 17 / My Gay Eye

When Clay's friend and workout partner, Ronnie, seems interested, can Clay learn to accept the new Ronnie?

Gay Like Me

As Heard on NPR's *This American Life*: The New York Times bestselling book that celebrates ordinary delights in the world around us by one of America's most original and observant writers and the author of *Inciting Joy*, award-winning poet Ross Gay. Pre-order *The Book of (More) Delights* now, too! "Ross Gay's eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us." —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the National Book Critics Award for Poetry offers up a spirited collection of short lyrical essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. In *The Book of Delights*, one of today's most original literary voices offers up a genre-defying volume of lyric essays written over one tumultuous year. The first nonfiction book from award-winning poet Ross Gay is a record of the small joys we often overlook in our busy lives. Among Gay's funny, poetic, philosophical delights: a friend's unabashed use of air quotes, cradling a tomato seedling aboard an airplane, the silent nod of acknowledgment between the only two black people in a room. But Gay never dismisses the complexities, even the terrors, of living in America as a black man or the ecological and psychic violence of our consumer culture or the loss of those he loves. More than anything else, though, Gay celebrates the beauty of the natural world—his garden, the flowers peeking out of the sidewalk, the hypnotic movements of a praying mantis. *The Book of Delights* is about our shared bonds, and the rewards that come from a life closely observed. These remarkable pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

Humiliated By My Gay Master

When Veronica graduated with an MBA and dreams of saving the world, she never knew she would end up a corporate slave to the lipstick gods, in love with her playboy boss and in need of a gay best friend to make her feel fabulous. Straight out of school, bright-eyed and bushy-tailed, Veronica has her heart set on an honorable job, such as saving starving children. Instead, she accepts a job at Gisele, a global cosmetics empire that seems to mock her every value. Veronica struggles to fit in until she meets Stevie, a gay co-worker, who immediately assumes the role of fashion counselor and fabulousness. Under Stevie's mentorship, Veronica flourishes as a vixen and marketing peon. But for Veronica to truly succeed at Gisele and seduce her boss, she must bequeath her soul to the makeup gods and sacrifice her friends in a ritual known as corporate brainwash. How far does Veronica go before she realizes she is losing everything she once valued, including herself?

Trong m̃t t̃i

A pioneer of LGBTQ studies dares to suggest that gayness is a way of being that gay men must learn from one another to become who they are. The genius of gay culture resides in some of its most despised stereotypes—aestheticism, snobbery, melodrama, glamour, caricatures of women, and obsession with mothers—and in the social meaning of style.

Single, Gay, Christian

Moving to New York to pursue creative ambitions, four former classmates share decades marked by love, loss, addiction, and haunting elements from a brutal childhood.

Eyes Only for Me

'A gay man could read this book as if his life depended on it - and perhaps it does' Andrew Holleran, author of *Dancer from the Dance* 'Poignant and achingly beautiful' *The New York Times* Even in our modern progressive world, it's not easy to be a gay man. While young men often come out more readily, even those from the most liberal of backgrounds still struggle to accept themselves and experience stigma, shame and difficulties with intimate relationships. They also suffer from ongoing trauma wrought by the AIDS epidemic, something that is all too often relegated to history. Drawing on a lifetime's work as a clinical psychologist, Walt Odets uses the stories of his patients as well as those of his own deep relationships with other gay men to illuminate how these difficulties may be overcome. From a 74-year-old who only felt able to come out after his wife had died, to the boy raised in a strict religious family who worked his way to San Francisco, to the middle-aged defence lawyer who left everything behind to embrace a new life, the experiences here explore everything from grief to survival, childhood pain to the definition of gay itself. *Out of the Shadows* shows us how a new way forward is possible through learning to accept ourselves and others as they are, and independently inventing our own lives.

The Book of Delights

Offers advice and support for parents with adolescents dealing with sexual identity, personal confusion, bigotry, tension, and other challenges of being gay, lesbian, bisexual, or transgendered.

Why I Love My Gay Boyfriend

'I ate and ate and ate in the hopes that if I made myself big, my body would be safe. I buried the girl I was because she ran into all kinds of trouble. I tried to erase every memory of her, but she is still there, somewhere. . . . I was trapped in my body, one that I barely recognized or understood, but at least I was safe.' New York Times bestselling author Roxane Gay has written with intimacy and sensitivity about food and bodies, using her own emotional and psychological struggles as a means of exploring our shared anxieties over pleasure, consumption, appearance, and health. As a woman who describes her own body as "wildly undisciplined," Roxane understands the tension between desire and denial, between self-comfort and self-care. In *Hunger*, she casts an insightful and critical eye on her childhood, teens, and twenties—including the devastating act of violence that acted as a turning point in her young life—and brings readers into the present and the realities, pains, and joys of her daily life. With the bracing candor, vulnerability, and authority that have made her one of the most admired voices of her generation, Roxane explores what it means to be overweight in a time when the bigger you are, the less you are seen. *Hunger* is a deeply personal memoir from one of our finest writers, and tells a story that hasn't yet been told but needs to be.

How To Be Gay

Award-winning author and artist Mike Curato draws on his own experiences in *Flamer*, his debut graphic novel, telling a difficult story with humor, compassion, and love. "This book will save lives." —Jarrett J. Krosoczka, author of National Book Award Finalist *Hey, Kiddo* I know I'm not gay. Gay boys like other boys. I hate boys. They're mean, and scary, and they're always destroying something or saying something dumb or both. I hate that word. Gay. It makes me feel . . . unsafe. It's the summer between middle school and high school, and Aiden Navarro is away at camp. Everyone's going through changes—but for Aiden, the stakes feel higher. As he navigates friendships, deals with bullies, and spends time with Elias (a boy he can't stop thinking about), he finds himself on a path of self-discovery and acceptance.

A Little Life

The classic tale of marriage, infidelity, and homosexual yearning on a Southern army base by the acclaimed author of *The Ballad of the Sad Café*. Georgia, 1930s. Army bases are notoriously boring places during peacetime, but the quiet life of Captain Penderton is thrown into turmoil by the arrival of dashing ladies' man Major Langdon. Penderton's marriage has always been tempestuous, but when his wife Leonora begins an affair with Langdon, Penderton finds himself increasingly unable to mask his attraction to the handsome young private he has assigned to do his yard work. And tensions rise to explosive levels as that private develops a dangerous infatuation with Leonora. A scandal when it was first published in 1941, *Reflections in a Golden Eye* was later adapted into a film starring Marlon Brando, Elizabeth Taylor, and Robert Forester.

Out of the Shadows

Jacob and his son, Toby, have just moved to a small town. Everything is going well so far, except for one thing - who is Toby talking to in the back garden? There's no one there. Ian is wondering the same thing. He's taking time off from college to be with his dad. One day he sees the little boy acting strangely, and he decides to look into it. While Ian is trying to solve the mystery of what Toby is seeing, he and Jacob grow closer. Jacob is a man Ian can trust and lean on at a difficult time. Jacob has some reservations about Ian, but his feelings are too strong to be denied. Even as unexplained events surround them, these two can't stay away from each other. Good thing because when Ian finds the answers he's looking for, he's going to need Jacob more than ever.

Always My Child

In 2015 Fedya Ili published the catalogue 'Naked Petersburg', containing both intimate photographs and statements of the people portrayed, which mirrors the contemporary social environments in St. Petersburg, Russia. In the new catalogue, 'Naked Berlin' is following the same concept. The statements aren't that different from those of the Russian men. Obviously the treacherous security of one of Europe's gay capitals, Berlin, is about to abscond. The dystopia of the gay mens community is noticeable. The artist threw a cast shadow of a random situation at the present. And he had chosen men, who are usually not in the focus of glitter and glamour of today's lifestyle mags and portals. The

artist's sensibility, a rarely found instrument of today artists, grants these portraits a reliability, not only in terms of the artistry. The artist becomes a chronicler of social environments.

Hunger

'Droll, provocative and crammed to bursting with startling facts' Simon Callow, Guardian In this powerful Sunday Times bestseller Peter Ackroyd looks at London in a whole new way – through the history and experiences of its gay population. In Roman Londinium the city was dotted with lupanaria ('wolf dens' or public pleasure houses), fornices (brothels) and thermiae (hot baths). Then came the Emperor Constantine, with his bishops, monks and missionaries. And so began an endless loop of alternating permissiveness and censure. Ackroyd takes us right into the hidden history of the city; from the notorious Normans to the frenzy of executions for sodomy in the early nineteenth century. He journeys through the coffee bars of sixties Soho to Gay Liberation, disco music and the horror of AIDS. Today, we live in an era of openness and tolerance and Queer London has become part of the new norm. Ackroyd tells us the hidden story of how it got there, celebrating its diversity, thrills and energy on the one hand; but reminding us of its very real terrors, dangers and risks on the other.

Flamer

David Vance has enjoyed a successful career photographing advertising and editorial assignments for more than forty years. His work has been published in Cosmopolitan, Entertainment Weekly, Interview, Health, Rolling Stone, Tennis, Uomo, and Harper's Bazaar, Italia. Among his clients are Revlon, Rolex, Sony, Atlantic, and Arista records. Nine books of his work have been published

Reflections in a Golden Eye

Includes works by more than 40 photographersFeatures drag, gender, queerness, and transsexuality in all their varietyFine-art and documentary photography blending eroticism, culture, lifestyle, and critiqueArt, more than anything, opens up the possibility of approaching one's own sexuality beyond the limits imposed by taboos. Not only does it allow for a risk-free, playful exploration of gender and forbidden desires, but it is unique in capturing its contradictions.In recent years, a young and active queer photography scene has emerged, helped in large part by social media. Indulging their desire for self-presentation, affirmation, and reflection, many photographers portray male homosexuality in particular as a private idyll. At the same time, they shine a critical light on their own and society's approach to transsexuality and gender roles and expose the corrupting but also affirmative power of pornography.Films, series, and mainstream cultural appropriation suggest that society has largely embraced queer lifestyles. However, a number of documentary photographers provide evidence that being gay or lesbian can still lead to marginalization, isolation, stigmatization, and violence in certain countries and communities. Their works also take the regime of sexuality itself into account and show that many bans on same-sex contact have colonial origins.This carefully researched and richly designed book introduces around 40 contemporary photographic positions, including those of well-established photographers such as Florian Hetz, Matt Lambert, Ren Hang, Exterface, Luke Austin, Ferry van der Nat, Jeremy Kost, Zanele Muholi, and Robin Hammond, as well as plenty of unknown and less well-known talent. With texts by Ben Miller from Schwules Museum Berlin.

With Eyes Open

Photographs of lesbians from different ages and backgrounds in their everyday lives--working, playing, raising families, and striving to remake their worlds.

Naked Berlin

The author tells the story of growing up denying his homosexuality in order to earn the love of his abusive father and how he eventually faced his sexual identity and began sorting through years of repressed anger.

Queer City

Winner of a 2015 Catholic Press Award: Gender Issues Category (First Place). In this first book from an openly lesbian and celibate Catholic, widely published writer and blogger Eve Tushnet recounts her spiritual and intellectual journey from liberal atheism to faithful Catholicism and shows how gay Catholics can love and be loved while adhering to Church teaching. Eve Tushnet was among the un-

likeliest of converts. The only child of two atheist academics, Tushnet was a typical Yale undergraduate until the day she went out to poke fun at a gathering of philosophical debaters, who happened also to be Catholic. Instead of enjoying mocking what she termed the “zoo animals,” she found herself engaged in intellectual conversation with them and, in a move that surprised even her, she soon converted to Catholicism. Already self-identifying as a lesbian, Tushnet searched for a third way in the seeming two-option system available to gay Catholics: reject Church teaching on homosexuality or reject the truth of your sexuality. Gay and Catholic: Accepting My Sexuality, Finding Community, Living My Faith is the fruit of Tushnet's searching: what she learned in studying Christian history and theology and her articulation of how gay Catholics can pour their love and need for connection into friendships, community, service, and artistic creation.

Jungle Fever

THE SUNDAY TIMES BESTSELLER 'The book is meant to spread joy, personal acceptance, and most of all understanding. Each of us is living our own private journey, and the more we know about each other, the healthier and happier the world will be.' Growing up gay in a traditional South Asian family in South Yorkshire, Tan France could never have imagined he'd become part of a worldwide phenomenon. One of the few people of colour at his school, he experienced racist bullies, found solace at his grandad's denim factory and eventually discovered his true calling at fashion college. Told with his trademark humour, for the first time Tan reveals the experiences that have made him the witty, compassionate man he is today. From meeting the love of his life Rob (a Mormon cowboy from Salt Lake City) to juggling three demanding businesses, Tan charts the highs and lows on his path to Queer Eye. And of course he can't help but pepper this book with fashion dos and don'ts. Full of candid observations about US and UK cultural differences, celebrity encounters, and behind-the-scenes revelations about Queer Eye, Naturally Tan gives us Tan's unique perspective on the happiness to be found in being yourself.
