Los Angeles Travel Guide

This is the updated 'lite' PDF or ePub version of Michael Brein's Travel Guide to Los Angeles optimized for mobile devices. A 'full' expanded edition (\$7.99) is also available which includes an ultra-large, zoomable official map of LA's subway and light rail system with embedded links to visitor attractions. This 'lite' version also includes the official Los Angeles Metro system map; however, it is not as zoomable as the one included in the 'full' edition and does not include embedded links. Michael Brein's Los Angeles Travel Guide helps you get to the city's top 50 visitor attractions easily and cheaply using LA's excellent public transit system including the LA Subway, light rail, and selected express buses.

From Hollywood to the Santa Monica, with this ultra simple guide you have all you need to discover and get to LA's 50 top points of interest or top 10 "Must See" attractions if you have limited time. The LA guide also helps you to find the nearest transit stops and which lines to take; see how to exit the stations and walk to the attractions; note other nearby points of interest; view the attraction's location on the official LA transit map; and get to attractions without needing wireless internet access. Michael Brein's Los Angeles Travel Guide is compact, concise, and comprehensive and is so simple and convenient to use--it is really all you need on your mobile device to get to visitor attractions. And since it's based on Michael Brein's acclaimed travel guide series to sightseeing by public transportation, it's the simplest way to get around the world's big cities. Similar guides to London, Paris, Honolulu, Chicago, Washington, DC, and Madrid are also available, and others are planned.

Los Angeles

"This is a new edition of Hugh Kearney's classic account of the British Isles from pre-Roman times to the present. When this book was first published it was acclaimed as a unique account of British history, distinguished by its treatment of English history as part of a wider 'history of four nations'. Acknowledging the significance of England, it attempts to deal with the histories of Wales, Ireland and Scotland in their own terms, while recognising that they too have political, religious and cultural divides. In this new edition the author takes into account the recent historiographical renaissances in Wales, Ireland and Scotland and examines the rise of a new multi-ethnic Britain and its implications for 'four-nations' history. This book offers a valuable case-study of the complexities which lie behind nationhood in Europe and will be essential reading for all students of British and Irish history."--BOOK JACKET.

Not for Tourists Guide to Los Angeles

The Not For Tourists Guide to Chicago is a map-based, neighborhood-by-neighborhood dream guide that divides Chi-Town into sixty mapped neighborhoods from Gold Coast and Lincoln Park to Wrigleyville and Lakeview. Designed to lighten the load of already street-savvy locals, commuters, business travelers, and yes, tourists too, every map is dotted with user-friendly NFT icons that plot the nearest essential services and entertainment locations, while providing important information on things like kid-friendly activities, public transportation, restaurants, bars, and Chicago's art scene. Need to find the best deep-dish pizza hideouts around? NFT has you covered. How about a list of the top sports attractions in the famously sports-crazy city? We've got that, too. The nearest beach, jazz club, coffee shop, or bookstore—whatever you need—NFT puts it at your fingertips. This book also features: A foldout highway map Sections on the North Side, Near North Side, Near West Side, the Greater Loop, the South Side, and Greater Chicago More than 150 neighborhood and city maps It's the only key to the Windy City that Rahm Emanuel can't give you.

Not For Tourists Guide to Chicago 2024

No more struggling against the wind to fold back the extra large city map you picked up at the tourist office. No more carrying around the exhaustive but back-achingly heavy guide you borrowed from the library. The only thing you need when out and about is a MapGuide. The unique Everyman MapGuide series cleverly combines maps and text in an easy-to-use format, listing the best sights, restaurants and shops alongside fold-out maps of exceptional clarity. Each guide divides the city into sections and devotes two double pages to each of them. Sections are colour coded, and a small area map at the bottom of the page tells you where you are within the city, and within the guide. There are also 4 pages of useful information about the city at the front of the book, and a 4-page city-wide hotel section at the back; plus a street index and thematic index. Stylish, clever, practical and, at \$19.95, very good value for money, a MapGuide is the indispensable pocket companion to your week end or short break away.

Los Angeles

The Not For Tourists Guide to Brooklyn is a neighborhood-by-neighborhood map-based approach to New York's most dynamic borough. The Brooklyn guide covers sixteen neighborhoods, with information on services and entertainment venues: everything from restaurants, movie theaters, bagel shops, and bars to landmarks, art galleries, transportation, and parks. This light and portable guide also features:

- A foldout map that covers the entire borough, including streets, subways, and buses
- More than seventy-five neighborhood maps and profiles
- Listings for nightlife hotspots
- Details on museums and

sports · Essential Brooklyn books and movies This guide is a must-have for all Brooklynites and their outta town visitors.

Not For Tourists Guide to Brooklyn

The nearest movie theater, hardware store, or coffee shop—whatever you need, NFT puts it at your fingertips. This pocket-sized book also features: A foldout map for subways and buses More than 130 city and neighborhood maps Details on parks and places Listings for arts and entertainment hot spots It is the indispensable guide to the city. Period.

Not for Tourists Guide to New York City 2025

Few writers are as inextricably linked with a city as Raymond Chandler and Los Angeles. The neon-lit streets, mobbed-up joints and seedy rooming houses portrayed in his fiction were real places, familiar to Angelenos of the time, and in some cases recognisable today. This is a guide to the world of Raymond Chandler and his noble alter-ego, the private detective Philip Marlowe. It mixes locations from the books, the films and Chandler's personal life. There's the crummy dive where Moose Malloy went looking for Velma; the actual lounge where Marlowe and Terry Lennox ordered gimlets; the top-floor suite where oil executive Chandler got his priceless education in how a dirty, sun-drenched city really operated. This is the Los Angeles that Raymond Chandler carried in his heart. And now, you can too.

The Raymond Chandler Map of Los Angeles

Frommer's Los Angeles Day by Day

Mucking around in the messy terrain of American trash, Jani Scandura tells the story of the United States during the Great Depression through evocative and photo-rich portraits of four locales: Reno, Key West, Harlem, and Hollywood. In investigating these Depression-era “dumps,” places that she claims contained and reclaimed the cultural, ideological, and material refuse of modern America, Scandura introduces the concept of “depressive modernity,” an enduring affective component of American culture that exposes itself at those moments when the foundational myths of America and progressive modernity—capitalism, democracy, individualism, secularism, utopian aspiration—are thrown into question. Depressive modernity is modernity at a standstill. Such a modernity is not stagnant or fixed, nor immobile, but is constituted by an instantaneous unstaging of desire, territory, language, and memory that reveals itself in the shimmering of place. An interpretive bricolage that draws on an unlikely archive of 1930s detritus—office memos, scribbled manuscripts, scrapbooks, ruined photographs, newspaper clippings, glass eyes, incinerated stage sets, pulp novels, and junk washed ashore—Down in the Dumps escorts its readers through Reno’s divorce factory of the 1930s, where couples from across the United States came to quickly dissolve matrimonial bonds; Key West’s multilingual salvage economy and its status as the island that became the center of an ideological tug-of-war between the American New Deal government and a politically fraught Caribbean; post-Renaissance Harlem, in the process of memorializing, remembering, grieving, and rewriting a modernity that had already passed; and Studio-era Hollywood, Nathanael West’s “dump of dreams,” in which the introduction of sound in film and shifts in art direction began to transform how Americans understood place-making and even being itself. A coda on Alcatraz and the Pentagon brings the book into the present, exploring how American Depression comes to bear on post-9/11 America.

Down in the Dumps

Reference.

Children's Dictionary: Illustrated Dictionary for Ages 7+ (Collins Children's Dictionaries)

The sixth book of the "Ramayana of Valmiki," the Yuddhakanda, recounts the final dramatic war between the forces of good led by the exiled prince Rama, and the forces of evil commanded by the arch demon Ravana. The hero Rama's primary purpose in the battle is to rescue the abducted princess Sita and destroy the demon king. However, the confrontation also marks the turning point for the divine mission of the Ramavatara, the incarnation of Lord Visnu as a human prince, who will restore righteousness to a world on the brink of chaos. The book ends with the gods' revelation to Rama of his true divine nature, his emotional reunion with his beloved wife, his long-delayed consecration as king of Kosala, and his restoration of a utopian age. The "Yuddhakanda" contains some of the most extraordinary events and larger-than-life characters to be found anywhere in world literature. This sixth volume in the critical edition and translation of the "Valmiki Ramayana" includes an extensive introduction, exhaustive notes, and a comprehensive bibliography.

The Oxford English Minidictionary
