War of the Seasons, Book Four

1500 years before the events in The Human: The elf queen motioned from the two Seasons back to the elf by her side. "This is Ealis. She will accompany the Spring Prince on his journey and assist him as needed." "What?" Morigann's jaw dropped and he tore his gaze from Ealis back to the Summer Queen. "What journey?" His mother silenced him with a look. "A half-blood has a been found." Turning back to the mage, the Spring Prince found her meeting his gaze steadily, almost with a note of challenge. Her silver eyes, while maintaining the typical elvish aloofness Morigann had come to expect over the years, narrowed as she glared, actually glared at him. "Mother, I must object. I am the Lord of the Spring! Bringer of life. If I cannot recover a simple half-blood on my own-" "This is no simple half-blood." --- "Lyrical language, vivid settings, warmly sympathetic characters-and emotion so strong it can knock you off your feet. Stories don't get much better than this." -Aaron Rosenberg, author of the bestselling SF comedy series The Adventures of DuckBob Spinowitz "Janine Spendlove is a master storyteller. I could read her War of the Seasons tales forever. They always leave me wanting more and more and more." - Jennifer Brozek, author of the Karen Wilson Chronicles.

Seasons of War (Skulduggery Pleasant, Book 13)

The thirteenth thrilling novel in the internationally bestselling Skulduggery Pleasant series, SEASONS OF WAR will test the Skeleton Detective and Valkyrie like never before...

Seasons Of War

The poets and their magical andat have protected the cities of the Khaiem against their rivals in Galt for generations. Otah, Khai of the Winter City of Machi, has tried for years to prepare his people for a future in which the andat can no longer be safely harnessed. But his warnings have been ignored, and now it's too late. A ruthless, charismatic Galtic general believes he has found a way to strip the andat of their power. If he is wrong, Galt will be destroyed. If he is right, the Khaiem will fall. Only one

thing is certain: conflict is inevitable, and Otah and his old friend and enemy the disgraced poet, Maati, must fight a desperate battle to protect their cities from slaughter. These two men, bound together by shadow and betrayal, will bring the world to the edge of a cataclysm unlike anything either side had imagined. For if the cost of war is high, the price of peace may be unimaginable . . .

Seasons of War

As tenacious aliens transform the war torn Earth into a replica of their own terrifying world, a handful of scientists, soldiers, and citizens prepares to fight back.

A Season for Slaughter

SEASONS OF LOVE AND WAR BOOK ONE, is a historical family saga and epic love story. Childhood sweethearts Beth Ann Rose and Kaylob Shawn O'Brien just want to get married and pursue their dream careers, but the Vietnam War changes everything when Kaylob is drafted into the Army and declared dead. Beth Ann has a complete emotional melt down and starts to have visions of him in the jungles of Vietnam. Is he alive or has she completely lost her mind?

Seasons of Love and War

Eirnin's silver eyes, now showing hints of bright yellow, widened in astonishment as he stared, transfixed, at the red blood dripping from the wound on Story's foot. "What are you?" ---- A simple question with a not-so-simple answer for seventeen-year-old Story, who finds herself, a lone human, thrust in the middle of a war between creatures she once thought only existed in faerie tales.

War of the Seasons, Book One

Over the course of many years Richard Pursehouse has painstakingly unraveled the story of a First World War prisoner of war camp which held captured German personnel in the very heart of the English countryside. He first became aware of the existence of the camp while walking over Cannock Chase in Staffordshire, finding sewer covers in what appeared to be uninhabited heathland. Intrigued, the author set out to investigate the mystery and discovered that the sewers were for two Army camps – Brocton and Rugeley – that had been constructed for soldiers training during the First World War. What he also found, however, was that the Brocton Camp site also included a segregated autonomous prisoner of war camp. With the aid of an old postcard, Richard was able to identify the exact location and layout of the long-lost camp. His research continued until he had accumulated an enormous amount of detail about the camp and life for its prisoners. He found a file by the Camp Commandant, Swiss Legation correspondence, stories in newspapers, letters and diaries, and received photographs from interested individuals. Amongst his finds was a box holding scores of fascinating letters sent home by an administration clerk while he was working at the camp. During his investigations, Richard also learned of attempted murders and escapes (including the only escapee to make it back to Germany), deaths, thefts – and a fatal scandal. The letters, documents and diaries reveal how the prisoners coped with incarceration, as well as their treatment, both in terms of camp conditions and their medical needs. He has also established a definitive answer to the 'myth' that some of the prisoners assisted in building the nearby Messines terrain model. The model was a post-battle training tool to instruct newly-arrived New Zealand troops, which also provided a visual explanation of how they had defeated the Germans in the Battle of Messines in June 1917. The result is a unique insight into what life was like inside a British Prisoner of War camp during the First World War.

Prisoners on Cannock Chase

"Six months after arriving in the world of Ailionora, Story finds herself once again on a quest; only this time it is not to save a dying race but the life of the elf she loves. Along the way, she must face the consequences of her previous choices and battle with enemies both old and new while she races against time."--Page 4 of cover.

Seasons of "Avatar: The Last Airbender"

The war that has riven Bosnia-Herzegovina is the most ferocious carnage to blight Europe since the fall of the Third Reich. It has shocked, challenged, but ultimately baffled the world. This account of the war boils down the labyrinth of violence to a horribly simple story: the humiliation, decimation and betrayal of the Bosnian Muslims by two rival Balkan powers, and then by the international community.

War of the Seasons, Book Two

Dominic Sandbrook provides a gripping account of the dramatic events of the late 1970s in Britain as inflation rocketed, car bombs exploded across London and the Sex Pistols stormed their way to notoriety.

Seasons in Hell

The four Starlings of the Season Courts gather for the Season War to determine the winning Season. First, there's a month-long celebration to thank the Starlings for their sacrifice. Then the Season War begins, with a trial each week, until one Starling is left standing. The winner wins the Season War for their Season, meaning extra powers for its people for the following year.

Seasons in the Sun

Season Land is about the four prominent Seasons and their worlds. In this story, the four prominent seasons were personified as demigods, and each individual possessed the powers of the different seasons. The season itself is a unique concept in defining its origin. The Story of Season Land consists of seven chapters, with the beginning of the story focused on the theme of love. It begins with a summer and winter love story, the rules of the land, and the consequences of breaking those rules. The story of Season Land also makes you feel the pain of departure, and finally, things get a little darker when you come to the ending part of the story. Chapters 5 and 6 perfectly set up the final chapter, The Blood War." The Blood War itself opens the door to ways to expand the story. verse: Martin's Story Universe lets us explore a new world with lots of different characters, and the storyline deals with science and magic. The second stage of my story is when Time collides.

Season War

"Everyone feels it, and yet...no one knows."Books three and four in the gritty, unique, psychic romance and apocalyptic series, Allie's War, introducing Allie Taylor and her antihero guide, Dehgoies Revik.In Season Two, Allie grapples with who Revik really is, as well as darkness from his past that neither of them seem able to fully escape, and that might just bring on the destruction of the world.Sword: Allie's War Book Three - Allie's newest enemy just might be her own husband, as he starts a human and seer war in an attempt to free his people once and for all.Shadow: Allie's War Book Four - A new power is rising in the human and seer worlds, and it turns out, they may have shaped history for Allie and everyone she loves.Series SummaryThe Allie's War series is a psychic romance set in a unique, gritty version of Earth populated by a second race of psychic beings called Seers. Its heroine, Allie Taylor, was marked "The Bridge" from birth, born to be the leader of the Seer race and the bringer of the next stage in humanity's evolution. Unfortunately, to many Seers, that means the death of just about every human on the planet.She is helped and hindered, awakened and impeded by her antihero partner, Dehgoies Revik, whose on-again-off-again relationship with the dark beings known as the Dreng may destroy them both.The series takes place in a modern version of our world at the brink of apocalypse and a dystopian future. It spans centuries along with the lives of its main characters, the Seers, and the wars they fight with themselves and their human allies and enemies.Praise for the Allie's War Series"Highly Recommend!" ~ Escape Into A Book"Word of advice...remember to breathe!" ~ The Cabin Goddess"If you are looking to dip your toe into the New Adult genre or looking for a gritty, fresh new series, then Allie's War is definitely for you." ~ The Speculative Salon"The sexual tension is scorching..." ~ The Muses Circle"[B]eware; you'll immediately want to dive into the next installment." ~ The Indie BookshelfBooks in the Allie's War SeriesRook: Allie's War Book OneShield: Allie's War Book TwoSword: Allie's War Book ThreeShadow: Allie's War Book FourKnight: Allie's War Book FiveWar: Allie's War Book SixBridge: Allie's War Book SevenProphet: Allie's War Book EightDragon: Allie's War Book Nine~ Coming Soon! The World of Supernaturals Vol. 1

What happens to the boys of summer when there are no more seasons? Where will they go? The end of the 1941 season has arrived for two baseball players. Eighteen-year-old Eddie Tanner and thirty-two-year-old Sam Trask are two of the finest to play the game. Yet neither received the call to move up to the major league. For Eddie, there is no going home. Saying goodbye, not only to baseball, but to the girl he has fallen in love with, he leaves for a future somewhere unknown. For Sam, there will be no more seasons but just maybe the salvation of falling in love. The relief of receiving a letter from Pearl Harbor lets Sam know where Eddie has found himself. This revelation also restores feelings of love that were thought long lost. Within days, however, the world is then plunged further into the darkness of war. What remains within broken hearts are distant, warm summer memories ... from the end of the season.

Allie's War Season Two

Eirnin's silver eyes, now showing hints of bright yellow, widened in astonishment as he stared, transfixed, at the red blood dripping from the wound on Story's foot. "What are you?" A simple question with a not-so-simple answer for seventeen-year-old Story, who finds herself, a lone human, thrust in the middle of a war between creatures she once thought only existed in faerie tales.

Consumers' Guide

The 12th explosive novel in the internationally bestselling Skulduggery Pleasant series, BEDLAM will blow your mind – and change everything...

The End of the Season

Long ago there was a war between the nine families that controlled the world. These families all had superpowers and they were fighting for all of the people who didn't. One side wanted to treat these people better and not like slaves while the other side did not like that. The war was looking grim for one side until a powerful person was able to give all the normal people superpowers. Because of this, it helped them win the war gaining their independence. After the war a new power rose called the World Government. The World Government made a law stating that if you were part of the Nine families, you were to be immediately executed. This pushed the families into hiding to prevent from being wiped out. People with superpowers started to rule the world now which proved to be problematic. A lot of crime started to happen because of this so the World Government created S.P.A.C.E., a set of superpowered police who would prevent these happenings. The main headquarters Sun, was in charge of all the smaller police stations named after other planets. This not only protected the people from bad superpowered people, but also from any one of the nine families from coming back into power. Hundreds of years later, some of the families are trying to come back into power. Part of their plan to come back was to kidnap a nine year old boy named Niko after killing his entire family. However, after a year, Niko was able to escape. George Cronus, leader of Sun took him in as his adoptive father, protecting him from everyone. Niko grew up fine except he was hardly showed any emotion. Ten years later and Niko has graduated high school and has a plan to get revenge. He is going to need to find people that will join his cause. Will Niko find people that will help him get his revenge or will he end up fighting the nine families alone? Join him as he figures out why he was kidnapped and the plans the nine families have for getting back into power.

Historical Greece (concluded)

"During the Second World War, Xan Fielding served for two years as an officer in the British Special Operations Executive on German-occupied Crete, where he ran an intelligence network in co-operation with the Cretan resistance movement. Seven years later, Fielding returned to Crete to spend a year travelling in the island's White Mountains (the "stronghold" of the title), revisiting sites of his wartime exploits and seeking out former comrades who had returned to their peacetime lives. His sojourn resulted in this remarkable memoir, a documentary-like record of days spent among Cretan peasants blended with history and literature -- a travelogue like no other. The Stronghold is a blending of "history and culture with experience, but one wedded to fidelity. Fielding never arrives; there is no great journey of self. There is just a question answered about the war and youth ... he can't shake Crete, as no man can shake the formative experience of his youth." -- from the new foreword by Robert Messenger

War of the Seasons

Bernard Cornwell's epic story of the making of England continues in this eleventh installment in the bestselling Saxon Tales series—"like Game of Thrones, but real" (The Observer)—the basis of the hit Netflix television series The Last Kingdom. His blood is Saxon His heart is Viking His battleground is England "Perhaps the greatest writer of historical adventure novels today" (Washington Post), Bernard Cornwell has dazzled and entertained readers and critics with his page-turning bestsellers. Of all his protagonists, however, none is as beloved as Uhtred of Bebbanburg. And while Uhtred might have regained his family's fortress, it seems that a peaceful life is not to be – as he is under threat from both an old enemy and a new foe. The old enemy comes from Wessex where a dynastic struggle will determine who will be the next king. And the new foe is Sköll, a Norseman, whose ambition is to be King of Northumbria and who leads a frightening army of wolf-warriors, men who fight half-crazed in the belief that they are indeed wolves. Uhtred, believing he is cursed, must fend off one enemy while he tries to destroy the other. In this new chapter of the Saxon Tales series—a rousing adventure of courage, treachery, duty, devotion, majesty, love and battle, as seen through the eyes of a warrior straddling two worlds—Uhtred returns to fight once again for the destiny of England.

Bedlam (Skulduggery Pleasant, Book 12)

The secret to their future lies in the past. War rages on, stretching the Army of Merceria to the breaking point. Even with Norland armies marching in the north, their capital proves the tougher challenge, leaving Gerald no choice but to split his army. Meanwhile, devastated by the loss of its king, Weldwyn desperately struggles to marshal enough forces to repel the inevitable invasion from their greatest rival. Seizing the opportunity, the Twelve Clans flood across the border, confident that this time they will fulfill their destiny. Now, as conflict sweeps across the lands, the Dark Queen finally unleashes her ruthless fury. Can the youngest kingdom defeat humanity's oldest foe? Join Anna and Gerald as they struggle to save the kingdom they have spent so many years building as the Heir to the Crown series continues in Book Nine, War of the Crown. Prepare to engage in battle as you unsheathe War of the Crown. New to the series? Meet Gerald Matheson, the steadfast warrior in Servant of the Crown, Heir to the Crown: Book One, available in eBook, Audiobook, and Paperback. A History of Greece

With the twelve-volume series *Feasting on the Word*, Westminster John Knox Press offers one of the most extensive and well-respected resources for preaching on the market today. When complete, the twelve volumes will cover all of the Sundays in the three-year lectionary cycle, along with moveable occasions. The page layout is truly unique. For each lectionary text, preachers will find brief essays--one each on the exegetical, theological, pastoral, and homiletical challenges of the text. Each volume will also contain an index of biblical passages so that nonlectionary preachers may make use of its contents. The printed volumes for Ordinary Time include the complementary stream during Year A, the complementary stream during the first half of Year B, the semicontinuous stream during the second half of Year B, and the semicontinuous stream during Year C. Beginning with the season after Pentecost for Year C, the alternate lections for Ordinary Time not in the print volumes will be available online at feastingontheword.net.

History of Greece

It has been one-hundred and seventy-five years since the birth of the first truly sentient AI. It has been just two short years since Lyssa's birth... Captain Andy Sykes just wants to keep his family in one piece. Once a combat pilot for the TSF, he gave it all up for love and a family. But two years ago, his wife disappeared, leaving him with two mouths to feed: eight year-old Tim, ten year-old Cara. Since then, he's managed to scrape a living hauling cargo between the Jovian Combine and InnerSol. It's not glamorous, his ship's falling apart, and it's boring as hell, but it keeps them in fuel and calories. When a cargo run to Cruithne Station meets with more than one catastrophe, Andy finds himself accepting an offer a less desperate man would refuse: delivering an illegal AI named Lyssa. The AI is the property of Heartbridge, a powerful, interplanetary corporation, and they want their latest weapon back. With a private army, gangs, and pirates all vying for the precious cargo Andy carries, it's going to take everything Andy has to keep his ship flying, his kids safe, and get Lyssa to her destination. Even if he succeeds, Lyssa's very existence may spark a war like no other humanity has ever seen.

A History of Greece from the Earliest Period to the Close of the Generation Contemporary with Alexander the Great by George Grote

This story of the young city of Washington coming up in the international scene is populated with presidents, foreign diplomats, civil servants, architects, artists, and influential hosts and hostesses who were enamored of the idea of world power but had little idea of the responsibilities involved. Between the Spanish American War and World War I, the thrill of America's new international role held the nation's capital in rapture. Visionaries gravitated to Washington and sought to make it the glorious equal to the great European capitals of the day. Remains of the period still define Washington--the monuments and great civic buildings on the Mall as well as the private mansions built on the avenues that now serve as embassies. The first surge of America's world power led to profound changes in diplomacy, and a vibrant official life in Washington, DC, naturally followed. In the twenty-five year period that William Seale terms the "imperial season," a host of characters molded the city in the image of a great world capital. Some of the characters are well known, from presidents to John Hay and Uncle Joe Cannon, and some relatively unknown, from diplomat Alvey Adee to hostess Minnie Townsend and feminist Inez Milholland. The Imperial Season is a unique social history that defines a little explored period of American history that left an indelible mark on our nation's capital.

The Four Seasons

"A startling vision of what the cycles of history predict for the future." --USA Weekend This astonishing book will change the way you see the world--and your place in it. With startling originality, *The Fourth Turning* illuminates the past, explains the present, and reimagines the future. Most remarkably, it offers an utterly persuasive prophecy about how America's past will predict its future. William Strauss and Neil Howe base this vision on a provocative theory of American history. The authors look back five hundred years and uncover a distinct pattern: Modern history moves in cycles, each one lasting about the length of a long human life, each composed of four eras--or "turnings"--that last about twenty years and that always arrive in the same order. First comes a High, a period of confident expansion as a new order takes root after the old has been swept away. Next comes an Awakening, a time of spiritual exploration and rebellion against the now-established order. Then comes an Unraveling, an increasingly troubled era in which individualism triumphs over crumbling institutions. Last comes a Crisis--the Fourth

Turning--when society passes through a great and perilous gate in history. Together, the four turnings comprise history's seasonal rhythm of growth, maturation, entropy, and rebirth. Strauss and Howe locate 1990s America as midway through an Unraveling, putting us currently in the era of Crisis. In a brilliant analysis of the post-World War II period, they show how generational dynamics are the key to understanding the cycles of American history. They draw vivid portraits of all the modern generations: the can-do G.I.s, the mediating Silent, the values-absorbed Boomers, the pragmatic 13ers, and the Millennials. Placed in the context of history's long rhythms, the persona and role of each generation become clear--as does the inevitability of a Crisis. Whatever your stage of life, *The Fourth Turning* offers bold predictions about how all of us can prepare, individually and collectively, for America's next rendezvous with destiny.

The Stronghold

The story of Culpeper County, Virginia, is a unique one in Civil War history. Nestled in one of the South's most strategically important locations, it was occupied by the Northern army, recaptured by the Confederacy, and finally ceded to the North. Told largely through diaries, papers, and correspondence of residents, common infantrymen, and such eminent personalities as Robert E. Lee, Walt Whitman, Ulysses S. Grant, Clara Barton, and Stonewall Jackson, all of whom spent time in Culpeper, this story wonderfully captures both the intimacy and grandeur of war. *Seasons of War* moves from the primitive squalor of filled hospitals and the daily indignities of a soldier's life to the editorials of a local newspaperman and the struggles of women and children left to the mercy of an occupying and hostile army. While famous Culpeper visitors like Lee and Whitman compose dispatches and lyric poetry, private citizens mourn their dead and defend their homes. Here are the very personal aspirations, losses, and sometimes gruesome banalities of an unforgettable American war. Sutherland's account of the war is unlike any other. Both a military and a social history, it details the life of a single Confederate community without losing sight of the titanic struggle of a nation divided. It allows readers to join the councils of Lee and Grant while sharing the letters of young couples separated by war. We frolic with the fun-loving Jeb Stuart, experience the confused terror of men in battle, feel the anguish of civilians surrounded by contending armies, observe the tensions between neighbors with different loyalties, and sense the joy of liberated slaves. Written in a daring style that thrusts readers into the vortex of war, *Seasons of War* tells the story of a place and a nation. It is a tale by turns heroic and mean, hopeful and bleak, humorous and grave. It is a story of the American people—Northern and Southern, white and black, free and unfree—at the defining hour of their history.

War of the Wolf

The Second World War stands for the criminal madness of German Nazi government. Less known is their responsibility for the only climatic shift from warm to cold in an otherwise constantly warming world over the last 150 years. Not knowing the reason for the biggest climatic shift since industrialization, which started in winter 1939/40, rectifies to speak about failures of meteorology. Only four months into Second World War Northern Europe experienced the coldest winter in 100 years. The reason: plain physics! Naval war in Northern European seas released the summer heat too quickly. Polar air got free access to Europe. The same applies to the second and third war winter. Europe was back in the Little Ice Age. After Japan attacked Pearl Harbor on Dec. 7th, 1941 naval war became a global affair. In close conformity with naval war in European seas, and subsequently in the Pacific, a pronounced global cooling took place, which lasted until about the mid 1970s. Furthermore, a thorough research of strong warming in the Northern Hemisphere from winter 1918/19 to winter 1939/40 would have revealed a convincing link to naval war in Europe from 1914 to 1918. But climatology does not care! The connection between two naval wars and two climatic changes within 25 years has not yet been investigated and explained. If they had warned governments about the threat of climate change, as their successors currently do with the "greenhouse effect\

Ramayana: The Game of Life – Book 4: Stand Strong

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee *The Shawshank Redemption*. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The

Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie *Stand By Me*. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

War of the Crown

More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate, and the words and phrases of the game (for example, pinch-hitter and out in left field) have become common in our everyday language. From AARON, HENRY onward, this book covers all of what might be called the cultural aspects of baseball (as opposed to the number-rich statistical information so widely available elsewhere). Biographical sketches of all Hall of Fame players, owners, executives and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners and league presidents. Advertising, agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.

Feasting on the Word: Pentecost and season after Pentecost 1 (Propers 3-16)

"...And lead them out of the darkness of that dying world." Books seven and eight in the gritty, unique, apocalyptic and metaphysical psychic romance series, *Allie's War*, featuring Allie Taylor and her antihero guide, Dehgoies Revik. In Season Four, we see Revik having to go it alone for the first time, leading the armies of the Bridge without Allie, as well as the aftermath of that separation. Allie stepping into a larger part of herself as a result of that separation affects both of them, as does Revik's growth into the full-fledged military commander that Allie more than anything needs him to be. *Bridge: Allie's War Book Seven* - Revik finds himself leading the remnants of the Bridge's army alone, hunting Shadow and War in the hopes of saving what remains of his family from a fate worse than death. *Prophet: Allie's War Book Eight* - Allie and Revik hunt down the Displacement List seers, trying to save them from Shadow, when a new player enters the scene and begins stealing those seers for their own purposes. *Series Summary* The *Allie's War* series is a psychic romance set in a unique, gritty version of Earth populated by a second race of psychic beings called Seers. Its heroine, Allie Taylor, was marked "The Bridge" from birth, born to be the leader of the Seer race and the bringer of the next stage in humanity's evolution. Unfortunately, to many Seers, that means the death of just about every human on the planet. She is helped and hindered, awakened and impeded by her antihero partner, Dehgoies Revik, whose on-again-off-again relationship with the dark beings known as the Dreng may destroy them both. The series takes place in a modern version of our world at the brink of apocalypse and a dystopian future. It spans centuries along with the lives of its main characters, the Seers, and the wars they fight with themselves and their human allies and enemies. *Praise for the Allie's War Series* "Highly Recommend!" ~ *Escape Into A Book* "Word of advice...remember to breathe!" ~ *The Cabin Goddess* "If you are looking to dip your toe into the New Adult genre or looking for a gritty, fresh new series, then *Allie's War* is definitely for you." ~ *The Speculative Salon* "The sexual tension is scorching..." ~ *The Muses Circle* "[B]eware; you'll immediately want to dive into the next installment." ~ *The Indie Bookshelf* *Books in the Allie's War Series* *Rook: Allie's War Book One* *Shield: Allie's War Book Two* *Sword: Allie's War Book Three* *Shadow: Allie's War Book Four* *Knight: Allie's War Book Five* *War: Allie's War Book Six* *Bridge: Allie's War Book Seven* *Prophet: Allie's War Book Eight* *Dragon: Allie's War Book Nine* ~ Coming Soon! *SUN (Allie's War Book Ten)* ~ See also, the Prequel Novels ~ *Allie's War Early Years* *New York* *Revik* *Terian* *Birth* *London* *Kirev's Door*
