Romiette and Julio

Do you feel the soul of another calling to you? Do you know in your heart that your destiny and his were meant to merge In the cosmos? We can help you find him. When Romiette Cappelle and her best friend, Destiny, decide to order The Scientific Soul Mate System from the back of Heavy Hunks magazine, they're not sure what they're getting into. But Destiny, a self-proclaimed psychic, assures Romi that for \$44.99 plus shipping and handling, it's the only way they're ever going to find out who their soul mates really are. If nothing else, maybe Romi will get some insight into that recurring dream she's been having about fire and water. But they never expect that the scented candle and tube of dream ointment will live up to their promises and merge Romiette's destiny with that of Julio Montague, a boy she's just met in the "cosmos" of an Internet chat room. It turns out they go to the same high school, not to mention having almost the same names as Shakespeare's famous lovers! Sweet-scented dreams of Julio have almost overtaken Romi's nightmares... ..when suddenly they return, but this time in real life. It seems the Devildogs, a local gang, violently oppose the relationship of Romiette and Julio. Soon they find themselves haunted by the purple-clad shadows of the gang, and the fire and water of Romiette's dream merge in ways more terrifying -- and ultimately more affirming -- than even Destiny could have foreseen.

This research-based guide addresses the challenge of implementing differentiated small-group instruction in K–6 classrooms where students' abilities, needs, and interests vary widely. It is packed with ideas about how to structure literacy lessons that incorporate both collaborative and needs-based small-group instruction in order to help all students succeed. The authors explain how to use assessment to group students appropriately and how to develop whole-class instruction that leads to productive work in groups. Each chapter details engaging activities that will improve speaking listening, writing, reading, and technology skills for diverse students, including English language learners. In a large-size format for ease of photocopying, the book includes more than two dozen teaching tools.

Double Dutch

A young girl who loves Double Dutch is caught in the crossfire of the secrets she, her best friend, and the school bullies are keeping in this emotional middle grade novel. Delia loves Double Dutch more than just about anything, and she's really good at it—so good she and her teammates have a shot at winning the World Double Dutch Championships. Delia would die if she couldn't jump—but she's hiding something could keep her off the team next year. Delia's friend Randy has a secret too, one that has him lonely and scared. And while Delia and Randy struggle to hide parts of themselves, their school is abuzz with rumors about what malicious mischief the terrible Tolliver twins—who just may have a hidden agenda of their own—are planning. Delia and Randy's secrets collide on what should be the happiest day of Delia's life, and the collision threatens to destroy their friendship. Why can't life be as easy for Delia as Double Dutch?

Small Steps

Armpit and X-Ray are living in Austin, Texas. It is three years since they left the confines of Camp Green Lake Detention Centre and Armpit is taking small steps to turn his life around. He is working for a landscape gardener because he is good at digging holes, he is going to school and he is enjoying his first proper romance, but is he going to be able to stay out of trouble when there is so much building up against him? In this exciting novel, Armpit is joined by many vibrant new characters, and is learning what it takes to stay on course, and that doing the right thing is never the wrong choice.

Darkness Before Dawn

Recovering from the recent suicide of her ex-boyfriend, senior class president Keisha Montgomery finds herself attracted to a dangerous, older man.

The Battle of Jericho

Sixteen-year-old Jericho is awaiting initiation to the Warriors of Distinction, the oldest and most exclusive club in school—but how high a price will he have to pay to belong? Find out in this first novel in Sharon M. Draper's Jericho Trilogy. When Jericho is invited to pledge for the Warriors of Distinction, he thinks his life can't get any better. As the most exclusive club in school, the Warriors give the best parties, go out with the hottest girls, and great grades are a given. When Arielle, one of the finest girls in his class, starts coming on to him once the pledge announcements are made, Jericho is determined to do anything to become a member... But as the initiation week becomes progressively harrowing, Jericho is forced to make choices he's not entirely comfortable with. And one member seems to have it in for the sole female pledge in the group...a pledge who will stop at nothing to show she can handle the pressure. But when is she being pushed too far, and when should Jericho and his friends step in and risk losing their places in the pledging process? As Jericho becomes increasingly uneasy, his cousin Joshua breezes through the initiation, never thinking of the consequences, even when the fine line between fun and games, and life and death is crossed.

The Teen-Centered Book Club

Vibrant, dynamic teen book clubs—the kind teens eagerly anticipate and attend session after session—are teen-centered. With innovative, pragmatic ideas that will attract and retain teen readers, this guide provides everything you need to run a successful, teen-centered book club. Covering every step, from planning and promoting to how to prompt discussion and keep it civilized, this is a one-stop source for the teen book club leader. Dozens of reproducibles for teens include book lists, ground rules, and book-based activities. The book even has directions for evaluating your club and lists of resources for more information. Whether you're starting a teen book club, trying to revive a flagging program, or wish

to build on past success, if you're involved in a teen book club, this guide is a must. What's the difference between a teen book club and an adult one? Too often, the answer is Not much. Like so many programs for teens, traditional book clubs tend to be scaled-down versions of adult clubs. If book selection, taboo topics, and logistical details are the most important things that set your teen book club apart from an adult one, you could be missing a huge opportunity. Vibrant, dynamic teen book clubs—the kind teens eagerly anticipate and attend session after session—are teen-centered. They're not merely by, for and about teens, but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books (!) but is all about teens—their interests and needs, their social habits and styles, their initiative. Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders. Furthermore, the teen-centered book club has huge potential to further a whole range of library goals, from bringing more teen patrons through the door, to building community-wide awareness and support for the library itself. What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries—budgeting, impact on the facility and the collection, and potential attempts at censorship, to name just a few. It's also the only guide that takes a teen-centered approach, putting front-and-center the idea that, as with so many other things, book clubs for teens are not merely scaled-back versions of adult clubs. Whether you are starting a club, attempting to revive a flagging program, or building on past success, this manual offers you innovative, pragmatic ideas that will attract and retain teen readers. Grades 6-12. Teen Book Clubs offers a fresh new approach for today's teen readers and clear instructions, along with tips and ideas, for building teen-centered book clubs. In 12 brief chapters the book covers: the teen-centered book club: what it is and what it takes to make it work putting it together: planning and putting the plan in action going public: recruiting, boosting visibility, garnering support 15 cunningly creative types of teen book clubs using book club to develop teen leaders scads of book lists, reproducibles, and sample discussion prompts tweaking, troubleshooting, and tips for keeping it civilized evaluations beyond measure resources for more information. Filled with practical checklists, figures, worksheets, and reproducibles, this is the guide that all teen book club leaders should have.

Romeo and Juliet

The tragedy of Romeo and Juliet - the greatest love story ever.

Fire from the Rock

Sylvia is shocked and confused when she is asked to be one of the first black students to attend Central High School, which is scheduled to be integrated in the fall of 1957, whether people like it or not. Before Sylvia makes her final decision, smoldering racial tension in the town ignites into flame. When the smoke clears, she sees clearly that nothing is going to stop the change from coming. It is up to her generation to make it happen, in as many different ways as there are colors in the world.

Forged by Fire

Teenage Gerald, who has spent years protecting his fragile half-sister from their abusive father, faces the prospect of one final confrontation before the problem can be solved.

Liberating Shakespeare

The collective trauma of the COVID-19 pandemic. Digital shaming. Violence against women. Sexual bullying. Racial slurs and injustice. These are just some of the problems faced by today's young adults. Liberating Shakespeare explores how adaptations of Shakespeare's plays can be used to empower young audiences by addressing issues of oppression, trauma and resistance. Showcasing a wide variety of approaches to understanding, adapting and teaching Shakespeare, this collection examines the significant number of Shakespeare adaptations targeting adolescent audiences in the past 25 years. It examines a wide variety of creative works made for and by young people that harness the power of Shakespeare to address some of the most pressing questions in contemporary culture – exploring themes of violence, race relations and intersectionality. The contributors to this volume consider whether the representations of characters and situations in YA Shakespeare can function as empowering models for students and how these works might be employed within educational settings. This collection argues that YA Shakespeare represents the diverse concerns of today's youth and should be taken seriously as art that speaks to the complexities of a broken world, offering moments of hope for an uncertain future.

Roll of Thunder, Hear My Cry (Puffin Modern Classics)

Winner of the Newbery Medal, this remarkably moving novel has impressed the hearts and minds of millions of readers. Set in Mississippi at the height of the Depression, this is the story of one family's struggle to maintain their integrity, pride, and independence in the face of racism and social injustice. And it is also Cassie's story—Cassie Logan, an independent girl who discovers over the course of an important year why having land of their own is so crucial to the Logan family, even as she learns to draw strength from her own sense of dignity and self-respect. * "[A] vivid story.... Entirely through its own internal development, the novel shows the rich inner rewards of black pride, love, and independence."—Booklist, starred review

Strategic Reading

Strategic Reading provides the tools teachers need to help students of all abilities make the important transition to higher-level texts.

We Beat the Street

Growing up on the rough streets of Newark, New Jersey, Rameck, George, and Sampson could easily have followed their childhood friends into drug dealing, gangs, and prison. But when a presentation at their school made the three boys aware of the opportunities available to them in the medical and dental professions, they made a pact among themselves that they would become doctors. It took a lot of determination—and a lot of support from one another—but despite all the hardships along the way, the three succeeded. Retold with the help of an award-winning author, this younger adaptation of the adult hit novel *The Pact* is a hard-hitting, powerful, and inspirational book that will speak to young readers everywhere.

The Pigman

One of the best-selling young adult books of all time, written by Pulitzer Prize-winning author Paul Zindel. John Conlan is nicknamed “The Bathroom Bomber” after setting off firecrackers in the boys’ bathroom 23 times without ever getting caught. John and his best friend, Lorraine, can never please their parents, and school is a chore. To pass the time, they play pranks on unsuspecting people and it's during one of these pranks that they meet the “Pigman.” In spite of themselves, John and Lorraine soon get caught up in Mr. Pignati’s zest for life. In fact, they become so involved that they begin to destroy the only corner of the world that has ever mattered to them. Can they stop before it's too late?

Stella by Starlight

When a burning cross set by the Klan causes panic and fear in 1932 Bumblebee, North Carolina, fifth-grader Stella must face prejudice and find the strength to demand change in her segregated town.

Copper Sun

A Time Best YA Book of All Time (2021) In this “searing work of historical fiction” (Booklist), Coretta Scott King Award-winning author Sharon M. Draper tells the epic story of a young girl torn from her African village, sold into slavery, and stripped of everything she has ever known—except hope. Amari's life was once perfect. Engaged to the handsomest man in her tribe, adored by her family, and fortunate enough to live in a beautiful village, it never occurred to her that it could all be taken away in an instant. But that was what happened when her village was invaded by slave traders. Her family was brutally murdered as she was dragged away to a slave ship and sent to be sold in the Carolinas. There she was bought by a plantation owner and given to his son as a “birthday present”. Now, survival is all Amari can dream about. As she struggles to hold on to her memories, she also begins to learn English and make friends with a white indentured servant named Molly. When an opportunity to escape presents itself, Amari and Molly seize it, fleeing South to the Spanish colony in Florida at Fort Mose. Along the way, their strength is tested like never before as they struggle against hunger, cold, wild animals, hurricanes, and people eager to turn them in for reward money. The hope of a new life is all that keeps them going, but Florida feels so far away and sometimes Amari wonders how far hopes and dreams can really take her.

Not Quite Burned Out But Crispy Around the Edges

This collection of inspirational stories and essays is designed to remind teachers why they decided to teach in the first place, and to encourage them to stay in often difficult situations where they are needed.

Educated

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Becoming a Teacher Researcher in Literacy Teaching and Learning

Designed to facilitate teachers’ efforts to meet the actual challenges and dilemmas they face in their classrooms, *Becoming a Teacher Researcher in Literacy Teaching and Learning*: provides background information and key concepts in teacher research covers the “how-to” strategies of the teacher research process from the initial proposal to writing up the report as publishable or presentable work illustrates a range of literacy topics and grade levels features twelve reports by teacher researchers who have gone through the process, and their candid remarks about how activities helped (or not) helps teachers understand how knowledge is constructed socially in their classrooms so that they can create instructional communities that promote all students’ learning. Addressing the importance of teacher research for better instruction, reform, and political action, this text emphasizes strategies teachers can use to support and strengthen their voices as they dialogue with others in the educational community, so that their ideas and perspectives may have an impact on educational practice both locally in their schools and districts and more broadly.

Poemcrazy

Following the success of several recent inspirational and practical books for would-be writers, *Poemcrazy* is a perfect guide for everyone who ever wanted to write a poem but was afraid to try. Writing workshop leader Susan Wooldridge shows how to think, use one’s senses, and practice exercises that will make poems more likely to happen.

Can You See Me?

People think that because Tally’s autistic, she doesn’t realise what they’re thinking, but Tally sees and hears - and notices - all of it. Endearing, insightful and warmly uplifting, this is a story of autism, empathy and kindness that will touch readers of all ages.

Linking Literature with Life

Three significant changes have impacted the teaching of social studies to young adolescents in the past decade: (1) development of the curriculum standards for social studies by the National Council for the Social Studies (NCSS); (2) growth in the number of middle schools, which are premised on the integration of content; and (3) expansive use of children's literature in social studies. This book is in response to those innovations which are explained in two parts: (1) provides a rationale for using trade books in social studies and details strategies for nurturing students' reading comprehension; and (2) provides annotations for more than 250 trade books, along with ideas for classroom use, and recommends 150+ additional titles. An index by title and an index by subject are also included. (BT)

November Blues

A teenaged boy's death in a hazing accident has lasting effects on his pregnant girlfriend and his guilt-ridden cousin, who gives up a promising music career to play football during his senior year in high school. A Coretta Scott King Honor Book. Reprint.

Buddha Boy

Condemned as a freak at his high school, Jinsen, called "Buddha Boy" by his classmates, is paired with Justin for a class project. While Justin discovers Jinsen's artistic side, he is forced into a cruel contest with the jocks who won't leave Jinsen alone.

Mentor Texts

In their first edition of *Mentor Texts*, authors Lynne Dorfman and Rose Cappelli helped teachers across the country make the most of high-quality children's literature in their writing instruction. In *Mentor Texts: Teaching Writing Through Children's Literature, K-6, 2nd Edition* the authors continue to show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Dorfman and Cappelli offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. The authors write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.

Tears of a Tiger

Three boys struggle to come to terms with the death of a friend in a drunk-driving auto accident in which all four were involved, in a story told through newspaper stories, diary entries, school announcements, telephone conversations, and classroom assignments.

Treasure on Superstition Mountain

Even though Henry Barker and his two brothers learned firsthand that the urban legend about danger on nearby Superstition Mountain wasn't just a myth, this doesn't stop them from planning their return. Along with their friend Delilah, the Barker brothers soon find themselves entangled in more danger and mystery as they uncover a real treasure, but the discovery comes at a very big price—they barely

survive an avalanche. The question remains—is someone after them, or is the mountain seeking revenge? *Treasure on Superstition Mountain* is the second book in Elise Broach's *Superstition Mountain* series.

Borders

From two celebrated Indigenous creators comes a powerful graphic novel about a family caught between nations. *Borders* is a masterfully told story of a boy and his mother whose road trip from Alberta to Salt Lake City is thwarted at the border when they identify their citizenship as Blackfoot. Refusing to identify as either American or Canadian first bars their entry into the US, and then their return into Canada. In the limbo between countries, they find power in their connection to their identity and to each other. This much-anthologized story has been adapted into a gripping graphic novel by award-winning artist Natasha Donovan. A beautifully told tale with broad appeal, *Borders* resonates deeply with themes of identity, justice, and belonging.

Good Will Record

Two of America's most talented activists team up to deliver a bold and hilarious satire of modern environmental policy in this fully illustrated graphic novel. The U.S. government gives robot machines from space permission to eat the earth in exchange for bricks of gold. A one-eyed bunny rescues his friends from a corporate animal-testing laboratory. And two little girls figure out the secret to saving the world from both of its enemies (and it isn't by using energy-efficient light bulbs or biodiesel fuel). As *The World Burns* will inspire you to do whatever it takes to stop ecocide before it's too late.

As the World Burns

A 2015 Schneider Family Book Award Winner With gentle humor and unflinching realism, Gail Giles tells the gritty, ultimately hopeful story of two special ed teenagers entering the adult world. We understand stuff. We just learn it slow. And most of what we understand is that people what ain't Speddie's think we too stupid to get out our own way. And that makes me mad. Quincy and Bidy are both graduates of their high school's special ed program, but they couldn't be more different: suspicious Quincy faces the world with her fists up, while gentle Bidy is frightened to step outside her front door. When they're thrown together as roommates in their first "real world" apartment, it initially seems to be an uneasy fit. But as Bidy's past resurfaces and Quincy faces a harrowing experience that no one should have to go through alone, the two of them realize that they might have more in common than they thought — and more important, that they might be able to help each other move forward. Hard-hitting and compassionate, *Girls Like Us* is a story about growing up in a world that can be cruel, and finding the strength — and the support — to carry on.

The Space Mission Adventure

"'Zooman' is black teen in Philadelphia who senselessly terrorizes his community wit hour regard to race. His most recent crime is killing a 12 year-old girl on a street filled with witnesses, all of who are afraid to talk. The dead girl's father posts a sign accusing the entire community of cowardice in the face of the ever escalating violence." -- Cover [p. 4].

Girls Like Us

As rehearsals begin for the ballet version of *Peter Pan*, the teenaged members of an Ohio dance troupe lose their focus when one of their own goes missing.

Zooman and the Sign

Three significant changes have impacted the teaching of social studies to young adolescents in the past decade: (1) development of the curriculum standards for social studies by the National Council for the Social Studies (NCSS); (2) growth in the number of middle schools, which are premised on the integration of content; and (3) expansive use of children's literature in social studies. This book is in response to those innovations which are explained in two parts: (1) provides a rationale for using trade books in social studies and details strategies for nurturing students' reading comprehension; and (2) provides annotations for more than 250 trade books, along with ideas for classroom use, and recommends 150+ additional titles. An index by title and an index by subject are also included. (BT)

Panic

A street-smart tale about a displaced teen who learns to defend what's right-the Cowboy Way. When Cole's mom dumps him in the mean streets of Philadelphia to live with the dad he's never met, the last thing Cole expects to see is a horse, let alone a stable full of them. He may not know much about cowboys, but what he knows for sure is that cowboys aren't black, and they don't live in the inner city. But in his dad's 'hood, horses are a way of life, and soon Cole's days of skipping school and getting in trouble in Detroit have been replaced by shoveling muck and trying not to get stomped on. At first, all Cole can think about is how to ditch these ghetto cowboys and get home. But when the City threatens to shut down the stables-- and take away the horse Cole has come to think of as his own-- he knows that it's time to step up and fight back. Inspired by the little-known urban riders of Philly and Brooklyn, this compelling tale of latter -day cowboy justice champions a world where your friends always have your back, especially when the chips are down.
