[#prophecy](#) [#pastoral care](#) [#spiritual guidance](#) [#prophetic ministry](#) [#soul care](#)

Explore the profound intersection of prophecy and pastoral care, delving into how divine insights and prophetic revelations can inform and enrich the practice of spiritual guidance. This examination highlights the essential role of prophetic ministry in fostering genuine soul care, offering comfort, direction, and a deeper understanding of spiritual paths for individuals and communities seeking profound spiritual growth and support.

Einführung

Aufruf

Kapitel der Offenbarung

Die neue Weltordnung

Die auf einer einzigen universellen Verfassung beruht

Das Jahr 2024 könnte von entscheidender Bedeutung sein

Jeder Konflikt und jede Allianz ist Teil eines prophetischen Plans

Die Untersuchung der biblischen Prophezeiung

Zeit großer Trübsal und Verfolgung

Die Zeit, die uns dem Ende der Zeiten näher bringt

Die Prophezeiungen, die über die Jahrhunderte hinweg fasziniert und Debatten ausgelöst haben

Es ist die Zahl eines Menschen und seine Zahl ist 666

Die rasante technologische Entwicklung, die früher als unmöglich angesehen wurde, scheint nun mit den biblischen Prophezeiungen über das Ende der Zeiten und die Rückkehr von Jesus in Einklang zu stehen

Die globale Finanzwelt kontrolliert wie es in der Prophezeiung des Mahlzeichens in Offenbarung Kapitel 13 angedeutet wird

Der Übergang zur Digitalisierung spiegelt den globalen Trend zur Einheit wieder

Ab 2024 wird jedoch erwartet, dass Superintelligenzen mit Fähigkeiten entwickelt werden, die die Bewältigung globaler Konflikte und sogar Kriege umfassen können

Während wir uns 2024 nähern wird es entscheidend sein, wie diese technologischen und wirtschaftlichen Auswirkungen mit den Prophezeiungen in Einklang stehen und welche Auswirkungen sie auf unser tägliches und spirituelles Leben haben können

Wir sollten wachsam sein, beten und Führung suchen, um den Herausforderungen, die diese Zeiten mit sich bringen, zu begegnen und im Glauben standhaft zu bleiben und auf kommende Ereignisse vorbereitet zu sein

Die Erfüllung der Prophezeiungen ist Teil eines größeren Bildes, das uns dazu anregt, die Erfüllung der Prophezeiungen zu überdenken und unsere Rolle in diesem Zusammenhang zu verstehen

Satan ist viel weiser als der Mensch

Der Abfall vom Glauben

Die Bibel spricht von einer großen Abwendung von den göttlichen Lehren

Es gibt eine wachsende Tendenz zu einer verzerrten Interpretation des Christentums

Wir sehen eine Zunahme der Geringschätzung für das Heilige und das Gerechte mit einer stärkeren Neigung zur Sünde und zum Fehlen von Heiligkeit

Das auf eine weit verbreitete Abkehr vom wahren Glauben und eine Offenheit für Täuschungen und falsche Lehren hinweist

Kirchen die kulturelle Relevanz oder soziale Akzeptanz suchen, verbessern oft ihre Botschaften und kompromittieren ihre Werte

Kirchen weichen oft von den grundlegenden Prinzipien des christlichen Glaubens ab

Christen müssen sich dem wahren Glauben verpflichten

Warnung von Paulus in Thessaloniki

Verfall der menschlichen Werte

Verfall der Liebe

Moralischer Verfall

Korrupte Herrscher

Aufmerksamkeit auf sich selbst lenken

Reflektiere über deine Sünden

Die Sünde ist grausam

The Water Is Always Deeper at the Deep End is an easy to read collection of lessons I have learned over time that are directly related to my attitude towards situations I have faced in my life. I refer to these lessons as Deep Water because thats exactly how I felt; like I was in deep water just trying to survive. Many of those times were very painful, very anxious and very uncertain. These lessons come primarily from people whose paths I have had the privilege of crossing. Theyre not only my experiences but the experiences of others as well. I am in a constant pursuit of wisdom and character development and believe this pursuit lifelong. I believe I can always stand to grow wiser and my character be further developed. I believe this constant pursuit can only help me in my future endeavors and hopefully help you in yours.

It's Always Deeper

Relationships are hard. They require effort and intentionality to be healthy and thriving. Yet we often view our relationship with God differently, thinking it should be easy and intuitive. The Bible teaches us that our faith is like a tree, and after years of struggling to grow in my relationship with Christ, I was still a sapling. Then I realized that discipline is required to daily consume the nourishment found in His Word. To be a strong oak, we need nutrients to grow and thrive and a root system that is deep and expansive. These ground us when the winds of false doctrine blow and the downpour of the enemy's lies tries to drown us. This interactive journey is designed to be a customized roadmap helping you explore the importance of spiritual discipline and to develop your understanding of three vital Christian disciplines necessary for growth: prayer, Scripture, and community. The "Map Your Journey" segment at the end of each chapter allows you to choose your next step based on where God is uniquely leading you. These sections offer a compass to navigate your journey with the Lord by discovering deeper places of growth, a deeper understanding of His Word, and deeper intimacy with your Creator. What if we stop expecting perfection? What if we accept where we are and who we are? Could we maybe go deeper with God if we set aside our expectations and started seeking His? I pray the strategies in these pages teach you a fresh way to love Him, because no matter where you are in your relationship with God, there is one thing that we all need—to go deeper!

Deeper

Letting Glow asked: What if mystical experiences were real? In Book Two, we go deeper. From ancient teachings of indigenous shamans to Celtic folklore, right up to modern day mediumship, Glowing Deeper expands on the teachings of Letting Glow and takes a practical approach at demystifying the mystical, enabling us to implement ancient esoteric truths in our daily lives... - Learn how to realign the relationship between your thoughts, consciousness and soul. - Accomplish your wildest professional goals by revisiting your earliest hopes and dreams. - Reclaim time, space and freedom, and live in the eternal moment of Now. - Connect with lost loved ones at a conscious level. Weaving a personal journey through grief into mediumship, Glowing Deeper features meditations, a history of the esoteric, ancient beliefs and ceremonies, and effortlessly blends the mystical into the everyday practical.

Glowing Deeper

Going Deeper relates the story of a successful young attorney who realizes that his life has no meaning. In despair he and his dog, Zeus, venture out into the desert to be enveloped by a series of reality shattering experiences facilitated by a host of delightfully irreverent master teachers who appear in the form of trees, talking raccoons, rocks, and more. The reader's mind is turned inside out as, one by one, the secrets of creation are revealed. Going Deeper is an epic exploration of the deepest questions that have long fascinated mankind. Going Deeper was recently selected as The Best Metaphysical Book of 2004 by the editors of Allbooks Reviews. Here's what others are saying: "...the hottest metaphysical book of the millennium" --Linda Salvin, Host Visions AND Solutions syndicated radio. "...an extraordinary work that harvests the wisdom of many times and peoples ... Mythic and masterful, it is a work to be read and reread." --Jean Houston, Ph.D., internationally known author, anthropologist, and social visionary. "This novel should not only be in the shelf of every metaphysical enthusiast, but also in the hands of anybody who desires to enrich his/her spiritual life." --Mayra Calvani, Midwest Book Review.

Going Deeper

Is there really "a secret" that will unlock our happiness? If we wish for something very hard and express enough gratitude, will it actually become ours? Millions of people think so. But there is an even deeper

truth than the "law of attraction" covered in the best-selling *The Secret*: there are TWELVE laws of creation. This passionately persuasive book explains exactly what these twelve laws are, how we can harness them, and how we can use our own powerful system of creation to create miracles of joy and fulfillment every day. Annemarie Postma proves to be a true healer of our inner anguish who can provide us with the tools and skills to awaken our precious life force.

Deeper Joy

Simmering with passion, betrayal, and a woman's contempt, Lee Hayes delivers a fiery sequel to *Passion Marks* in *A Deeper Blue*. Intense from beginning, *A Deeper Blue* hypnotizes readers into a story of lust and love. Kevin Davis finds his tumultuous relationship with his lover Daryl Harris in serious jeopardy. Pulled in different directions, Daryl must choose between the lover he's dreamed about and a new temptation; both of whom have female lovers -- past and present -- who are angry about being betrayed. Cerina Ford is a woman desperately and whole-heartedly in love with Temple Moore. They share a passionate physical relationship, yet Cerina really desires an emotional connection with Temple -- a connection he is not willing to give. Eventually Cerina discovers Temple has fallen in love with Daryl and her obsession plummets out of control. Meanwhile, Kevin realizes that he can run, but there is nowhere to hide from a scorned lover. "Kevin finds himself a target of a forgotten lover, who tracks him down from thousands of miles away, and will stop at nothing to ensure total destruction of his life." With gripping detail, *A Deeper Blue* intertwines love, hate, jealousy, infidelity, revenge, and ultimately, murder. Author Lee Hayes shows that the line between love and hate is a thin one -- and that sins from the past can evolve into nightmares of the present.

The Deeper Secret

A harrowing chronicle by two leading historians, capturing in real time the events of a year marked by multiple devastations. When we look back at the year 2020, how can we describe what really happened? In *A Deeper Sickness*, award-winning historians Margaret Peacock and Erik Peterson set out to preserve what they call the "focused confusion," and to probe deeper into what they consider the Four Pandemics that converged around the 12 astonishing months of 2020: • Disease • Disinformation • Poverty • Violence Drs. Peacock and Peterson use their interdisciplinary expertise to extend their analysis beyond the viral science, and instead into the social, political, and historical dimensions of this crisis. They consulted with dozens of experts and witnesses from a wide range of fields—from leading epidemiologists and health care workers to leaders of the Black Lives Matter movement, district attorneys, political scientists, philosophers, and more. Their journey revealed a sick country that believed it was well, a violent nation that believed it was peaceful; one that mistook poverty for prosperity and accountability for rebellion. Organized into the journal-entries along with dozens of archival images, *A Deeper Sickness* will help readers sift through the chaos and misinformation that characterized those frantic days. It is both an unflinching indictment of a nation that is still reeling and a testament to the power of human resilience and collective memory. Readers can share their story and become a contributing author by visiting an interactive digital museum, where the authors have preserved dozens of more stories and interviews. Visit Margaret Peacock and Erik L. Peterson's digital museum at adhc.lib.ua.edu/pandemicbook/.

A Deeper Blue

We live in a fast-paced world, and our minds are working in overdrive. Mindfulness promises a method of tuning out the voices for a few minutes to live in the moment. Biblical meditation offers something better: an opportunity to be transformed by God's voice of truth. Psalm 1 says that the person who delights in God's word and meditates on it day and night is like a "tree planted by streams of water". Linda Allcock gives us a framework to help us slow down and dwell deeply on God's word so that it clears our minds and fills our hearts, making a real difference to the way we live. This book will help Christians who feel overwhelmed by their thought life, as well as those who want to go deeper in their devotional life. Full of down-to-earth anecdotes and practical advice, this warm and accessible book is designed to help make biblical meditation part of your everyday life.

A Deeper Sickness

"Here is a comprehensive survey of the full breadth and depth of the 5,000-year-old Yoga tradition, emphasizing its potent philosophy and spiritual vision. Georg Feuerstein demonstrates that Yoga is much more than a system of physical exercises—it is a profound path of self-transformation that encom-

passes a range of teachings, practices, and sacred texts that can help us cultivate wisdom, balance, and inner freedom, as well as physical health. Feuerstein is one of the few Western scholar-teachers of Yoga whose writing and teaching penetrate the full richness and depth of this ancient tradition. Here he offers a collection of essays touching on all facets of the discipline. Topics include: • The different branches and styles of Yoga • The ethical teachings of Yoga • Yoga and vegetarianism • Meditation and mantras • Choosing a teacher • Tantric Yoga • The experience of ecstasy

The Fathers of the German Reformed Church in Europe and America

During collaboration within teams and organizations, sometimes dynamics appear between the co-workers that lead to various conditions that have to do with how they relate with each other. Conditions which include stagnation, tensions, stability or flow. Particularly, the dynamics between feminine and masculine forces seem to amplify these dynamics. With feminine and masculine I don't mean women and men, but the essential principles which can be active in different flavors in all genders. Many of these dynamics are generated by feelings and emotions, and even sexual attraction or its opposite, which are often unnoticed by the people involved and can have unconscious consequences. In this book the author wants to explore how such emotions, as well as our life force and more honest and intimate relations on the workplace, are influencing our collaboration in teams and organizations. When Eros is alive in us, creativity is following close behind. Many men and women in the past have experienced the power of Eros flowing while they painted marvelous paintings, wrote glorious poetry, or inventing advanced technologies. Great artists and inventors have often been inspired by their spouses, assistants, or other muses. An erotic stimulation can empower one to think faster or need less sleep, and it can provoke a longing to penetrate the arising questions in life even deeper. The author imagined inspired minds and hearts coming together in a team where the erotic energy can flow freely (without exploiting it), to empower individual creativity, supporting the co-creation of innovative developments. Applied honesty, authenticity and a more consciously lived intimacy can support the transmutation of Eros. And, in turn, this can lead to better conditions in the workplace, more inspiration, productivity, etc.

The Beauty of the Infinite is a splendid extended essay in "theological aesthetics." David Bentley Hart here meditates on the power of a Christian understanding of beauty and sublimity to rise above the violence -- both philosophical and literal -- characteristic of the postmodern world. The book begins by tracing the shifting use and nature of metaphysics in the thought of Kant, Hegel, Nietzsche, Heidegger, Lyotard, Derrida, Deleuze, Nancy, Levinas, and others. Hart pays special attention to Nietzsche's famous narrative of the "will to power" -- a narrative largely adopted by the world today -- and he offers an engaging revision (though not rejection) of the genealogy of nihilism, thereby highlighting the significant "interruption" that Christian thought introduced into the history of metaphysics. This discussion sets the stage for a retrieval of the classic Christian account of beauty and sublimity, and of the relation of both to the question of being. Written in the form of a dogmatica minora, this main section of the book offers a pointed reading of the Christian story in four moments, or parts: Trinity, creation, salvation, and eschaton. Through a combination of narrative and argument throughout, Hart ends up demonstrating the power of Christian metaphysics not only to withstand the critiques of modern and postmodern thought but also to move well beyond them. Strikingly original and deeply rewarding, The Beauty of the Infinite is both a constructively critical account of the history of metaphysics and a compelling contribution to it.

Into Deeper Grace Into Deeper Grace is a collection of inspirational stories and poems that highlight the need for each of us to launch out from the shore of salvation into the deeper things of our walk with the Savior. This devotional volume is intended to provide you with spiritual insights as you enjoy the journey. The Wounded Sparrow At that moment a little hand squeezed her father's hand for the last time as she signaled to him, "I'm ok." Within one minute of that squeeze a little wounded sparrow flew like an eagle, higher than ever before, all the way to Jesus. She now knows from personal experience

that He truly did have His eye on her all the time. Roger Allen Cook is an educator, minister, and author of a book of devotional poetry entitled "Sailing by Grace." He has been the administrator of Baptist Park School for thirty-six years. He is happily married and has four children and eight grandchildren. His writing has been published widely across the internet and in several collections of writers.

The Deeper Dimension of Yoga

As human beings, we often tend to categorize our experiences as either good or bad. However, the truth is that each experience, no matter how unpleasant it may seem at the time, has the potential to teach us valuable lessons. It is up to us to shift our perspective and view these experiences in a more holistic manner. Louise L. Hay, a renowned motivational author and speaker, emphasized the importance of looking at life experiences as opportunities for growth and learning. She believed that every experience we have is an opportunity for us to become more aware of ourselves and our inner power. Her teachings inspire individuals to take responsibility for their thoughts and actions, and realize that they have the power to shape their own reality. Dr. Wayne W. Dyer, another influential author and speaker, also highlighted the importance of shifting one's perspective and taking a more positive approach to life experiences. He believed that our thoughts and beliefs shape our reality, and encouraged individuals to adopt a mindset of gratitude and abundance. For the author, Louise L. Hay and Dr. Wayne W. Dyer served as mentors and sources of inspiration. This book is a tribute to them both and the valuable lessons they imparted. By adopting their teachings and viewing her own life experiences as opportunities for growth, the Author has been able to transform her outlook on life and find deeper meaning in even the most challenging situations

Vibrant Collaboration - for people in leading positions interested in deeper dynamics of their colleagues

"Towards a deeper understanding of the Holy Mass (the history of the Holy Mass)" is comprised of 15 chapters and focuses on the precedents of the Holy Mass in the olden days, and how it started in different nations across the globe. The book also reviews the major changes that impacted the practice and spirit of the Holy Mass following the Vatican II Council of the late 1950s to mid-1960s. Author_Bio: Chima is very passionate about history cum culture and believes that the promotion as well as the preservation of these societal foundation stones (on an individual and collective basis) will foster global peace and unity. Facets of both can be observed in our daily living too, in his reckoning. Apart from being an advocate of a number of societies in the Catholic Church, he has backgrounds in Market Research and Communication. Whenever he winds down either through watching films (thrillers are his choice flicks) or listening to music (preferably soft stuff), he keeps a keen subconscious ear alert for tiny strands of his primary pursuit. A Deeper Blue

The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

The Beauty of the Infinite

Have you even asked yourself why so many people in this world are living an unhappy life?! But what about you?! Are you a happy person ... or not?! And if not ... have you ever thought why?! Is just a simple question, same as you would ask yourself why you don't know skydiving ... if you never took lessons for that?! You see ... truth be told ... in school we've learnt lots of things, including complicated math formulas, languages that we will never use in life, chemistry issues that will not serve us with nothing etc etc ... but no one ever bothered to teach us at least a short list with things to do .. for having a beautiful .. and why not ... an amazing life. I mean .. we can easily understand that we can't paint if we haven't learnt the art of painting, we can't sing piano without a little bit of help came by a piano teacher etc etc ... but when it comes to life ... to our private lives in fact ... we simple can't find the path for a non ending great story. There is always something that is ruining our vibes. We find ... lots of silly problems ... and we actually allow them to disturb us from staying on the right spiritual frequency ... and in fact

... enjoy life. But ... let me tell you the truth ... i did the same for years ... many, many years in a row. My life was kind of an emotional dance ... between good and bad vibes ... but i could not find a way of stopping it. I even named it ... in a silly way ... the dance of emotions. Until one day when i realized that this nonsense journey back and forth ... from good to bad energies ... was ruining my inner soul. I knew i had to stop it, but i felt i had no control over the process. It all looked like i was in a prison with invisible walls ... and i had no escape at all. I started to meditate. More and more. Understood that i need to look deeper ... why i have this silly balance of duality ... if i want a beautiful life. This is when i started to look deeper and deeper ... analyzing and defining my life from on million perspectives. In the end .. by talking to myself a lot, but also writing my thoughts ... i somehow became my own therapist. I invite you in a journey of discovering the way of thinking deeper ... what life is really about ... and how we can remove the negative elements from our timeline ... but also replace them with beautiful things that might bring us an existance fulfilled with eternal great vibes.

Womanist approaches to the study of religion and society have contributed much to our understanding of Black religious life, activism, and women's liberation. *Deeper Shades of Purple* explores the achievements of this movement over the past two decades and evaluates some of the leading voices and different perspectives within this burgeoning field. *Deeper Shades of Purple* brings together a who's who of scholars in the study of Black women and religion who view their scholarship through a womanist critical lens. The contributors revisit Alice Walker's definition of womanism for its viability for the approaches to discourses in religion of Black women scholars. Whereas Walker has defined what it means to be womanist, these contributors define what it means to practice womanism, and illuminate how womanism has been used as a vantage point for the theoretical orientations and methodological approaches of Black women scholar-activists. Towards a Deeper Understanding of the Holy Mass

In this wide-ranging and ambitious volume, Robert Royal, a prominent participant for many years in debates about religion and contemporary life, offers a comprehensive and balanced appraisal of the Catholic intellectual tradition in the twentieth century. The Catholic Church values both Faith and Reason, and Catholicism has given risen to extraordinary ideas and whole schools of remarkable thought, not just in the distant past but throughout the troubled decades of the twentieth century. Royal presents in a single volume a sweeping but readable account of how Catholic thinking developed in philosophy, theology, Scripture studies, culture, literature, and much more in the twentieth century. This involves great figures, recognized as such both inside and outside the Church, such as Jacques Maritain, Bernard Lonergan, Joseph Pieper, Edith Stein, Alasdair MacIntyre, Charles Taylor, Romano Guardini, Karl Rahner, Henri du Lubac, Karol Wojtyla, Joseph Ratzinger, Hans Urs von Balthasar, Charles Peguy, Paul Claudel, George Bernanos, Francois Mauriac, G. K. Chesterton, Gerard Manley Hopkins, Christopher Dawson, Graham Greene, Sigrid Undset, J. R. R. Tolkien, Czeslaw Milosz, and many more. Royal argues that without rigorous thought, Catholicism – however welcoming and nourishing it might be – would become something like a doctor with a good bedside manner, but who knows little medicine. It has always been the aspiration of the Catholic tradition to unite emotion and intellect, action and contemplation. But unless we know what the tradition has already produced

– especially in the work of the great figures of the recent past – we will not be able to answer the challenges that the modern world poses, or even properly recognize the true questions we face. This is a reflective, non-polemical work that brings together various strands of Catholic thought in the twentieth century. A comprehensive guide to the recent past - and the future.

A Treatise on the theory and practice of medicine

"The Gang" from It's Always Sunny in Philadelphia attempts their most ill-conceived, get-rich quick scheme yet: publishing a "self-help book" to hilarious, sometimes dangerous, and often revolting, results. The Gang may have finally found their golden ticket. Left alone to close down Paddy's Pub one night, Charlie Kelly inadvertently scored himself, and his friends, the opportunity of a lifetime—a book deal with a real publishing company, real advance money, and a real(ly confused) editor. While his actual ability to read and write remains unclear, Charlie sealed the deal with some off-the-cuff commentary on bird law and the nuances of killing rats (and maybe with the help of some glue fumes in the basement with an unstable editor on a bender). While The Gang is stunned by the news, and the legally binding, irrevocable contract left on the bar, they are also ready to rise to the task and become millionaires—and of course, help Charlie actually write the book. In their own inimitable voices, Charlie, Mac, Dennis, Sweet Dee, and Frank weigh in on important topics like Relationships, Financial Success and Career, Fashion and Personal Grooming, Health and Diet, and Survival Skills, providing insane advice, tips, tricks, and recipes (Rum Ham anyone?) as only they can. Fans of It's Always Sunny in Philadelphia rejoice and welcome the most influential work in the history of the written word (or at least since the script for The Nightman Cometh): The 7 Secrets of Awakening the Highly Effective Four-Hour Giant, Today.

THINK ... DEEPER

Vols. 1-44 include Proceedings of the annual meeting, 1889-1933, later published separately.

The Republic of God

Do your students often struggle with difficult novels and other challenging texts? Do they think one reading of a work is more than enough? Do they primarily comprehend at a surface-level, and are they frequently unwilling or unable to discover the deeper meaning found in multi-layered works?

Do you feel that you are doing more work teaching the novel than they are reading it? Building on twenty years of teaching language arts, Kelly Gallagher, author of *Reading Reasons*, shows how students can be taught to successfully read a broad range of challenging and difficult texts with deeper levels of comprehension. In *Deeper Reading*, Kelly shares effective, classroom-tested strategies that enable your students to: accept the challenge of reading difficult books; move beyond a "first draft" understanding of the text into deeper levels of reading; consciously monitor their comprehension as they read; employ effective fix-it strategies when their comprehension begins to falter; use meaningful collaboration to achieve deeper understanding of texts; think metaphorically to deepen their reading comprehension; reach deeper levels of reflection by understanding the relevance the book holds for themselves and their peers; use critical thinking skills to analyze real-world issues. Kelly also provides guidance on effective lesson planning that incorporates strategies for deeper reading. Funny, poignant, and packed with practical ideas that work in real classrooms, *Deeper Reading* is a valuable resource for any teacher whose students need new tools to uncover the riches found in complex texts.
