La mia esperienza personale

Il mio primo atto di evangelizzazione inconsapevole

La fede cristiana non è solo teologia

Nessuno si incontra, non si spiega

Il nuovo caleidoscopio

L'incontro con Dio

Non siamo stati noi

Il primo peccato

Non siamo stati noi, ma è stato Dio

L'immagine autentica dell'umanità

Gesù si rialza

Popular Music in Japan

Popular music in Japan has been under the overwhelming influence of American, Latin American and European popular music remarkably since 1945, when Japan was defeated in World War II. Beginning with gunka and enka at the turn of the century, tracing the birth of hit songs in the record industry in the years preceding the War, and ranging to the adoption of Western genres after the War--the rise of Japanese folk and rock, domestic exoticism as a new trend and J-Pop--Popular Music in Japan is a comprehensive discussion of the evolution of popular music in Japan. In eight revised and updated essays written in English by renowned Japanese scholar Toru Mitsui, this book tells the story of popular music in Japan since the late 19th century when Japan began positively embracing the West.

The Best of Richard Clayderman (Piano solo)

A young journalist prompts a reclusive piano superstar to open up, resulting in this stunning graphic sonata exploring a lifetime of rivalry, regret, and redemption. 1933. In the small French village of Cressy-la-Valoise, a local piano contest brings together two brilliant young players: Julien Dubois, the privileged heir of a wealthy family, and François Samson, the janitor's son. One wins, one loses, and both are changed forever. 1997. In a huge mansion stained with cigarette smoke and memories, a bitter old man is shaken by the unexpected visit of an interviewer. Somewhere between reality and fantasy, Julien composes, like in a musical score, a complex and moving story about the cost of success, rivalry, redemption, and flying pianos. When all is said and done, did anyone ever truly win? And is there any music left to play?

The kalimba is known not only for its incredibly soothing sound, but the ease with which a novice player can start creating wonderful melodies right away. Also known as a thumb piano, the kalimba requires only both your thumbs to play. The kalimba, originating from Africa, is gaining worldwide popularity and it is clear to see why. It is the perfect musical instrument for music therapy, relaxation or simply for you to pick up a new hobby. Compiled exclusively for the 17-key kalimba, this book is all that you will ever need for getting started playing well-known songs in your bedroom, by the campfire or to your little kids. You do not need to worry if you do not have music background because our play-along videos in ktabs will show you exactly when and which notes to play, the time value of the notes and the tempo. You will find it a breeze to learn a song just by watching the play-along videos. It won't be long before you get mesmerized by your own kalimba-playing! Our 35 songs are carefully-selected to spark your interest in the kalimba, and span across a variety of genres like Christmas songs, movie soundtracks, classical music, traditional and folk songs, ballads and more!

Note: For Kindle Edition, the play-along videos can be accessed on your Kindle device. Note: For Paperback Edition, video links are provided. You just need Internet and a browser.

The Most Comprehensive Compilation of Popular Songs for 17-Key Kalimba (35 Songs with Play-Along Videos)

This series answers the often-expressed need for a variety of supplementary material in many different popular styles. What could be more fun for an adult than to play the music that everybody knows and loves? When the books in the Greatest Hits series are assigned in conjunction with the Lesson Books, these appealing pieces reinforce new concepts as they are introduced. In addition, the motivation the music provides could not be better. The emotional satisfaction students receive from mastering each popular song increases their enthusiasm to begin the next one. With the popular music available in the Greatest Hits series (Levels 1 and 2), the use of both books will significantly increase every adult's interest in piano study. Two selections from this book are featured on the Royal Conservatory of Music Popular Selection List (2007 Ed.): * The Rainbow Connection * Nadia's Theme

Alfred's Basic Adult Piano Course: Greatest Hits Book 1

A novel with a strong female lead character who's flawed but who readers will take to their hearts. A story about grief, family conflicts and first love, with a dramatic background of sport and the Olympics. What do you do when your amazing, beautiful, beloved sister dies? Hide in your room for two years. Sleep with a very, very wrong man. Leave home and start a new life, lying to everyone you meet including your kind employer, your curious friends and the man you love? Pip Mitchell's an expert at making seriously bad decisions. But when her past, present and future collide at the Sydney Olympic Games, she's going to have to decide whose side she's on – or she'll lose everyone she loves. No Number Nine is a coming-of-age story about an 18-year-old girl who has put her life on hold for two years after the death of her sister. Pip leaves her home in England and tries to move forward with her life, taking a job in Germany as an au pair to the von Feldsteins, a family which is full of surprises - and not good ones. Set in Munich, the story follows Pip for a year as she crashes from one embarrassing, awkward mistake to the next. Finally, as she starts to emerge from her fog of grief, she travels with the von Feldsteins to Sydney where, amid the drama of the 2000 Olympic Games, everything that can go wrong, does go wrong. Can Pip protect herself and the people she loves? Does she have the courage to tell the truth, even if it destroys her?

Where Do I Begin (Love Theme) (Sheet Music)

Award-winning writer Ntozake Shange and real-life sister, award-winning playwright Ifa Bayeza achieve nothing less than a modern classic in this epic story of the Mayfield family. Opening dramatically at Sweet Tamarind, a rice and cotton plantation on an island off South Carolina's coast, we watch as recently emancipated Bette Mayfield says her goodbyes before fleeing for the mainland. With her granddaughter, Eudora, in tow, she heads to Charleston. There, they carve out lives for themselves as fortune-teller and seamstress. Dora will marry, the Mayfield line will grow, and we will follow them on an journey through the watershed events of America's troubled, vibrant history—from Reconstruction to both World Wars, from the Harlem Renaissance to Vietnam and the modern day. Shange and Bayeza give us a monumental story of a family and of America, of songs and why we have to sing them, of home and of heartbreak, of the past and of the future, bright and blazing ahead.

Time to Say Goodbye (Sheet Music)

(Piano Solo Sheets). A beautiful piano solo arrangement of this standard classic.

Muppet Show Theme Sheet Music

Chilly Gonzales is one of the most exciting, original, hard-to-pin-down musicians of our time. Filling halls worldwide at the piano in his slippers and a bathrobe—in any one night he can be dissecting the musicology of an Oasis hit, giving a sublime solo recital, and displaying his lyrical dexterity as a rapper. In his book about Enya, he asks: Does music have to be smart or does it just have to go to the heart? In dazzling, erudite prose Gonzales delves beyond her innumerable gold discs and millions of fans to excavate his own enthusiasm for Enya's singular music as well as the mysterious musician herself, and along the way uncovers new truths about the nature of music, fame, success and the artistic endeavour.

Open Tuning Fingerstyle Guitar Lessons for Beginners

It Took Me 3 Months to Play My First Song - But You'll Be Doing That in Less Than A Week. It wasn't because I was slow or bad at guitar. Neither was it because I practiced less. I was simply misguided - like every other person to ever pick up the guitar! I took the "traditional" method of learning where you learn all the chords and all the theory behind it before you get to the fun part. This also involves months of practice and learning boring theory. This book is here to end that - to simplify things - to make things so simple that you'll be playing your first melody on day 1 and your first song within 7 days. How can this book do that? You would have heard people say - "You need to learn theory to be a real guitarist"

Well..... Wrong! Not everyone needs to know theory - why do you need to learn all the boring theory if it's of no use to you? Why is this forced upon all guitarists? This book cuts out all the cr*p and gives you a streamlined process of mastering guitar. Even if you failed every exam at school and you have never picked up a single instrument in your life, you will be able to become a proficient guitar player without years and years of expensive guitar lessons. With the right strategy, you will get addicted to your guitar and the songs you are able to play. How long will I have to practice? Now, I know you have other commitments in life and cannot spend 25 hours a day practicing guitar. No one wants to do that. This book has been designed with exactly that in mind. It will give you goals for each of your 7 days with step by step instructions on what to play each day. You won't have to worry if you're practicing too less or too much - the book will tell you what you need to be accomplishing each day. Commit a few hours a day for 7 days and you'll make your friends and family jealous when you pull your guitar out. It doesn't matter if you just enter primary school or you are about to retire. This calculation applies to all 6.8 billion people between 6 and 80 years of age in this world. In *Guitar for Beginners*, you'll discover: A practical day-by-day guide to own yourself and your guitar in less than 7 days How you be your guitar teacher and progress into the league of the big players The chords that will allow you to play your favorite songs A beyond beginners' guide to prepare you for your musical journey Free audio tracks to help you with the charts Real photos to make sure you are not making any mistakes as you go And much more. Many people buy a guitar and just look up their favorite songs on Youtube tutorials. Unfortunately, one of the most frustrating things about learning to play guitar is ironing out old mistakes. Don't skip the basics and pick up bad habits that will become almost impossible to break later. If you want to throw out your air guitar and impress everyone with your guitar skills, then scroll up and click the "Add to Cart" button right now.
